

DISTANCE SWIM PLAN ANNOUNCED

Announcement of plans for a Salem to Portland swim, the first of the kind ever attempted as far as is known in local circles, was made yesterday by Marvin Lewis, 19 year old member of the U. S. marine corps who is spending a 30 day furlough at the home of his parents, Mr. and Mrs. W. P. Lewis, at 1395 N. Fifth street.

According to present plans, the 60-mile swim will be started from Salem on the morning of August 1, and is expected to take from 24 to 30 hours. Plans for the swim are in the hands of Salem and Portland marine corps officers, who are making all necessary arrangements. Lewis is the only one entered at the present, but it is expected that other distance swimmers may join him in the attempt.

Since the enlistment of Lewis in the marine corps 15 months ago he has taken part in a number of important swimming events, smashing a navy record with 24 seconds flat in the 50 yard dash, during an all navy meet held by the fleet in Cuba, in which he won first honors. He was also a member of the championship 200 yard relay team, and exhibits a number of swimming medals won in various events.

Lewis was being groomed by the marines to enter the Catalina swim last winter, when the Chinese trouble caused his division to be called ready for action. The marine corps is sponsoring another Catalina channel swim, which he will attempt, in September.

Lewis is presently stationed at the island naval base at San Diego. He has two and a half years in the service ahead of him, and expects to concentrate on his swimming during that time, with the hopes of establishing some new world's records.

Up until his enlistment, Lewis had done most of his swimming in the Willamette river here, and in the old YMCA tank, where he was at one time employed as life guard and instructor. Next Monday night he will give an exhibition swim in the new Y tank, as part of a swimming carnival to be held there, in which Julian Burroughs, northwest champion and member of the 1924 Olympic swimming team, will also take part.

Trinity Church Folk Meet; Will Organize

Table Suggestion of Joint Pastor With Immanuel Group

SILVERTON, Or., July 13.—(Special.)—At a meeting of Trinity congregation held Tuesday evening steps were taken for making the organization permanent. Trinity Congregation is formed from members who left Memorial Congregation because of dissatisfaction. Immanuel congregation was made up of a union between the former Trinity congregation and St. John's congregation and the union still stands, not having been dissolved.

A resolution had been handed to the chairman of Trinity church and was read at the Tuesday evening meeting. The resolution asked that the two churches call a minister jointly to serve alternately in the two churches until such time as the two congregations could build a new church. The motion was tabled by a unanimous vote and without any discussion. The same motion had been defeated in Immanuel Congregation before. The resolution was signed by about a dozen men, mostly members of Immanuel church.

Officers were elected at the meeting, Axel Larson being made secretary; H. P. Hansen, financial secretary; Jelmor Refstand, assistant finance secretary; M. O. Hattberg, treasurer; Silas Torvend, Sunday School superintendent; M. Thompson, janitor; Esther Toye, assistant organist.

The board of directors was instructed to secure a pastor or a number of pastors to serve each Sunday until a permanent pastor could be called. A nominating committee was appointed, being composed of M. Storonis, M. G. Guderson, Adolph Haugen, M. Hattberg, and S. Torvend.

The committee will report at a meeting to be held next Tuesday evening.

SIDELIGHTS OF THE STAGE AND SCREEN

Capitol Theatre
Another star, and a bright one, is climbing over the horizon in the person of Miss Joan Crawford, one of the most personable young women who has yet come to motion picture. This young lady generally walks away with "The Understanding Heart," the Cosmopolitan production of Peter B. Kyne's famous novel, that shows at the Capitol today.

Miss Crawford plays the part of Monica Dale, the girl lookout on Bogus Peak in the Klamath national forest. While a strikingly beautiful girl, Joan manages to give an impression of intelligence and primitive strength to this part that is unusual in a girl so young. Second only to Miss Crawford in acting honors is Francis X. Bushman, Jr., the young actor who gives promise of inheriting his famous father's popularity and ability. He is a tall lad, with clear blue eyes that should especially appeal to the romantically inclined. Bushman plays the part of Tony Garland the young forest ranger, who has a regular school-boy crush on Monica.

Elsinore Theatre

What's in a name?
The movies now come forward with a cinematic answer to the question.
John Jones, a plain citizen, undertakes a given thing and it may be foredoomed to failure. John Jones, multimillionaire, attempts the same thing and it is assured success even before it is started.
This fact is emphasized by "See You in Jail," the new First National picture which shows at the Elsinore theatre today only, with three years at the normal and later secretary to President Landers has resigned from the office and will accompany Miss Wood to Columbia, where she will major in education and commercial work in the teachers college department of the university.

Artist Recital Group Chautauqua Feature

Allpress All Star Company Appeals to Music Lovers

Every Chautauqua program should include at least one company of musicians, who are popular artists appealing to the trained music lovers of the community. Such a company is the Allpress All Star company, which is to appear on the Elsinore circuit at the Chautauqua here shortly.
Each member of the organization is a finished musician, fully capable of giving a splendid evening's entertainment without the aid of assisting artists. The spirit of music as interpreted in the combined program of the three artists will thrill you as you have seldom been thrilled before.
The repertoire of the Allpress company is very extensive and of great range of variety and contrast, covering all of the best popular as well as the classical composition from historical to modern times.
New and original settings of the standard overtures, new elaborate compositions on the old melodies, such as "The Last Rose of Summer, Comin' Thru' the Rye, and The Soul of the Violin; novelty music with contrasting effects, humorous readings, musical monologues, rhapsodies and reveries; hundreds of selections ranging from the simple popular melodies to the most difficult compositions of the masters.
The programs are arranged by Mr. Allpress in such a manner as to display to the fullest advantage the finished artistry of each member of the company. Each artist is featured as a soloist, supported by the other members of the company in a very high class arrangement. This makes each a leader in every combination has never failed to bring applause and comment of the higher order. Every number is a special selection in delightful contrast to the others, the best of exquisitely beautiful music masterfully portrayed.

Domestic Science Head Will Study at Columbia
OREGON NORMAL SCHOOL, Monmouth, Ore., July 12.—(Special.)—Popular Moroni Olsen players appeared in a return engagement at the Monmouth normal last night in a revival of "Mr. Pim Passes By."

Their interpretation of this English comedy was cleverly done, and, as usual, Janet Young and Moroni Olsen as the leads completely captivated the students and townspeople in attendance.
This is the fifth year this company has appeared at the Monmouth normal and their performance was conceded to be the most popular numbers on the lyceum course.

OREGON NORMAL SCHOOL, Monmouth, Ore., July 12.—(Special.)—LeVelle Wood, for five years head of the domestic science department at the Monmouth normal school, has been granted a leave of absence and will attend the teachers' college at Columbia university next fall.
Miss Wood is a graduate of OAC and while in New York will take special work in institutional management.
Agnes Erickson who has been an instructor of penmanship for

Jack Muihall featured and Alice Day playing opposite him.
As the jobless hero, he accepts a chance to make ten dollars a day by going to jail in place of a famous financier who has been sentenced for speeding. Other millionaires have not been so fortunate and are serving their own sentences. They think he is the great financial giant and when he undertakes to float an invention, all are anxious to join the company.
Naturally, it is a success. If he had not been mistaken for the financier, he wouldn't have even received a hearing!

Oregon Theatre

What are "matinee ladies"?
The explanation of this term forms the background of Warner Bros.' production, "Matinee Ladies," starring May McAvoy with Malcolm MacGregor, which shows at the Oregon theatre today only.
"Matinee Ladies," according to Byron Haskins who directed the production, designates a circle of society made up of indolent, pleasure-mad women, wives of wealthy husbands, who, because of their desire for the society of attractive men, frequent cafes during the afternoon absences of their husbands, shut their eyes to impropriety and engage in flirtations with well-groomed young idlers who prey upon their hospitality.
It is into this atmosphere that Malcolm MacGregor, a college student, in financial difficulties, comes to gain money. When he meets May McAvoy, who, despite her work in a metropolitan cafe as a cigarette vendor, throws upon the impropriety of what goes on around her, a love plot develops which has a thrilling course of sophisticated adventure.

three years at the normal and later secretary to President Landers has resigned from the office and will accompany Miss Wood to Columbia, where she will major in education and commercial work in the teachers college department of the university.

Trip Made Via Yellowstone; Return Planned Through Canyon

ROUTE 9, SALEM, July 13.—(Special.)—Miss Gladys Matthes of Appleton, Wis., Miss Mary Cullen of Janesville, Wis., Miss Inga Gilson of Milwaukee, Wis., accompanied by Mrs. Louise Freund of Appleton, Wis., are the guests of the W.S.A. Mumpers home this week.
The three younger women of the party are teachers, and are upon a six weeks' tour. They were delegates to the Luther league which met in Seattle last week. They also attended the National Teachers' association meetings in that city.
The young women came through Yellowstone park and will return east via the Grand Canyon of the Colorado river.
A coincidence of the trip was the fact that this party visited this vicinity three years ago to the exact day.

SHARKEY EASES UP IN HUMID WEATHER

NEW YORK, July 13.—(AP)—Jack Sharkey came down within three pounds of his fighting weight today under the combination of a hot sun and a hard workout.
Tipping the scales at 199, as he stripped for action, Sharkey dropped four pounds in the next 45 minutes, and Johnny Buckley called a halt after four rounds of sparring and the equivalent of six more in rope jumping, shadow boxing and bag punching.
Sharkey is scheduled to weigh 192 pounds in the ring with Jack Dempsey July 21. Losing more than that would weaken him, Buckley and the fighter's two trainers believe. The work will be lighter from now on to ease the bulky sailor to the peak for the greatest fight of his career.
Tamed by Buckley's "take it easy, Jack," Sharkey gave his sparring mates an easier afternoon of it and for the first time in three days Johnny Urban, the Pittsburgh youngster, was able to walk straight going out of the ring. Sharkey boxed two rounds with Urban, one with the Mohawk Indian, Leo Gans, and the usual light comedy round with the clumsy Rocky Stone.

The hottest sun of the year persuaded Sharkey to omit his usual four miles of road work in Central Park. The afternoon heat brought an irritated scowl to Sharkey's fighting face and covered his bronzed shoulders with a sheen of perspiration.

ST. ANDREWS' SCOTLAND, JULY 13.—(AP)—"Calamity Jane," Bobby Jones' famous putter, or her sister, was a magic wand on the vast greens of St. Andrews today, enabling the American holder of the British title to leap out in front of a big field with an amazing 68 to start his defense of his open championship. The record equalling round of the classic course gave Bobby a lead of three strokes at the end of the first phase of the 72 holes of medal play. Eighteen holes will be played tomorrow with a final 36 to decide the issue Friday. All of the players in today's competition, however, will not have a part in the play of Friday, for the field will be reduced by elimination of all 15 strokes or more behind the leader after tomorrow's round. Another sensational card by Jones tomorrow would make the list of casualties large and leave a small field of bitter-enders. Joe Kirkwood, Australian pro, who has gained fame as a trick shot, playing as a resident of Albany, Ga., turned in a score of 72. He found himself tied with five British entrants at that figure. Five other Americans were in the late 70's with John G. Anderson of Mamaroneck, N. Y., out of the charmed circle with an 83, suffered in spite of some first class putting. Jim Barnes of New Rochelle, N. Y., and Tom Stevens of Los Angeles scored 76 and Larry Nabholz of Sharon, Pa., and Bill Melhorn were tied at 77. Walter Kennett of Palma Ceia, Fla., was a stroke, back with 78.
