CHILD BEGINS REIGN Appeals to Troops for Loyalty to Fatherland and Throne BUCHAREST, July 22.—(AP)— While the body of his grandfather, Ferdinand of Rumania, lay in state in the golden hall of the Cotroceni palace and with his father, Prince Carol, in exile near Paris, five year old Michael, king of Rumania, today began his reign with an appeal to his troops for loyalty to the fatherland and the throne.

MEAD COMPANY, HONEY DEALERS, INCORPORATED (Continued from page 1.) honey prices are on the up grade, there is a possibility that there will be a hitch on this point. Will Do Great Good This newly organized concern will do great good in the development of the bee keeping industry in the Salem district, and in fact throughout western Oregon, and the rest of the state, and the northwest.

There is no man in the business better qualified than is Mr. Mead to handle and direct such a business, for the mutual benefit of the stockholders and the keepers of bees generally, and for the advancement of every interest in any way connected with that industry. It is predicted that there is being

laid in this organization the foundations of an immense concern, and that its capital stock will have to be frequently increased, by the addition of producer-members, and from the gains made in the handling of supplies and honey, all of which will add to the volume of the business and the value of the stock.
