

LEGISLATIVE WORK HELD INEFFECTIVE

Tending to Prunes, Business, and Cooperation Better Says Speaker
GRESHAM, Ore., July 23.—(AP)—Tending to prunes and business and cooperation between farmers and business men will do more for Oregon's progress than attempts to remedy conditions through legislation, Frank L. Shull, president of the Portland chamber of commerce, said today at a meeting of the Pomona Grange.
"I am of the firm belief," Shull said, "that no ultimate, permanent gain in economic conditions is to be attained through legislative efforts; that if we must spend a large portion of our time on political and tax discussions and relatively little on the deep, fundamental economic conditions of agriculture, we shall never make the progress that is being made in California, and elsewhere, where the time of the agriculturist and business leader is largely given to consideration of economic subjects rather than political."
"Oregon can never go ahead in a big strong way," he said, "until agriculture, under the guidance of its most broadminded leaders, deliberately sets about to study all state problems and sits in with the leaders of commerce, finance, industry and transportation. The theory of our marketing program now is to get Oregon producers and business men to concentrate more, thoroughly and completely upon specialties for which there is a visible market and from which the grower as a rule can obtain a better net return."

PEAR CROP STARTS

BARTLETT'S LISTED AT \$50 PER TON AT MEDFORD
MEDFORD, July 23.—(AP)—Picking, packing and shipping of pears from the Rogue river valley will begin the first week of August. Every packing house in the valley is now being fitted with fruit washing machines, to meet the government regulations on spray residue tolerance.
Late varieties of pears have been listed and sold at \$90 per ton. Fifteen carloads of d'Anjou have been sold for \$3 per box f. o. b. Medford, for exporting.
Bartlett's for cannery delivery are listed at \$50 per ton and up.
This year's crop of pears is not as large as former years but of an exceptionally fine quality, according to a report of the county agent's office.

Arithmetic Study Course to Be Printed Separately

The course in arithmetic adopted for use in the public schools of Oregon during the next six years will be printed separately from the other courses of study, according to announcement made here Saturday by C. A. Howard, state superintendent of public instruction.
The state superintendent of schools said that it would be economy to print the course in arithmetic in a separate pamphlet for the reason that the other courses are adopted for shorter periods and have to be published every two years.
The course in arithmetic was prepared by E. H. Hedrick, Miss Sarah Van Meter and H. W. Guston of the Medford public schools.

CUPID GOING STRONG

APPROACHING JUNE RECORD AND MAY SURPASS IT
If Dan Cupid keeps on at his present rate, the month of July will see previous marriage license records in Marion county broken, for he has already this month effected 50 couples to take the bonds of matrimony.
Sixty-three licenses were issued during the month of June in the office of County Clerk U. G. Boyer, while if the July daily average is maintained during the balance of the month, 67 will be the new high figure.
Thirteen licenses have been issued in the past week, and if "Dan" only equals this mark during the coming week, his record will tie that of June.
The heaviest day's business during the month was recorded July 2, when ten couples secured certificates.
Five couples obtained licenses yesterday. They were Phil R. Singleton, Roseburg, and Elva Wescott, Salem; Clarence L. Church and Neva M. Walker, both of Salem; Walter B. Seely and Mamie Hughes, both of Woodburn; Roy R. Finster, Route 8, Salem, and Agatha Loewen, Independence, and Calvin L. Thomas and Jessie Wilbur, both of Salem.

LEG FRACTURED; AUTO STRIKES MILL WORKER

(Continued from page 1.)
was accompanied by his father, K. Furuyama, at the time of the accident.
Police inspected the brakes on the truck, and found them in fair condition, although not sufficient to stop a heavy load within a few feet, as was required in this emergency.
Conn was taken in the ambulance to the Salem general hospital, where it was found that his injuries consisted in a fracture of the left leg between the knee and ankle, and a severe bruise on the left arm.
No charges were filed against Furuyama, pending further investigation of the accident. Adolph Bombeck, 1595 North Fifth street, gave his name to police as a witness of the accident.

HOUSE MEMBER SITS ON CURB IN DAZED STATE

(Continued from page 1.)
his guest over the week-end, but was too ill to make the trip to the Phelan country home at Saratoga. Phelan said Crumpacker had passed several sleepless nights and was in a serious nervous condition as a result.
Physicians at the emergency hospital later pronounced Crumpacker seriously ill, but said he would recover with proper rest and attention. They diagnosed the attack as a nervous breakdown.

PORTLAND, July 23.—(AP)—Maurice E. Crumpacker, representative to the United States congress from Oregon, said to have been found ill on a San Francisco street tonight, left Oregon this week with the party of Nicholas Longworth, speaker of the house of representatives. Mr. Longworth was Crumpacker's guest while in Oregon and the representative was to accompany him on his tour of California.

EMBASSY WELL GUARDED

BUENOS AIRES, July 23.—(AP)—All important American buildings in Buenos Aires, including the United States embassy and the home of Charge d'Affaires P. L. Cahie, were under heavy guard today as a result of the explosion of a bomb at the statue of George Washington last night. The act is attributed to Sacco-Vanzetti sympathizers.
Police this afternoon raided several radical centers and arrested several men for examination. The chief of police said nothing would be left undone to discover the perpetrators.
The United States embassy, the American consulate and other American institutions have been receiving threatening letters which have increased in number during the last few days, it was stated.

GRAVEL PIRACY CHARGE FACES SEVERAL FIRMS

(Continued from page 1.)
predicted that the controversy would be settled without court action.
Some plan will be worked out at the conference whereby the states of Oregon and Washington later will establish a uniform price on sand removed from the Columbia river. Such an agreement would discourage Oregon operators from removing sand from the Washington side of the Columbia river, officials said.

Freight Classifications on Candy Are Questioned

Hearing of the complaint of certain manufacturers and shippers of candy with relation to freight classifications adopted by the public service commission has been set for Wednesday, July 27 in Portland. The hearing will be conducted by the public service commission.

The WCTU wishes to extend its thanks to all who attended and especially to those who assisted in the program.
The local WCTU ladies and their friends have already canned about 75 quarts of fruit for the

SOCIETY

The benefit tea for the Children's Farm Home, sponsored by the WCTU on Tuesday afternoon, was well attended, and the program was much enjoyed. After roll call and response by scripture verses, there was concert singing of WCTU songs with Mrs. Fessenden at the piano.
Mrs. C. P. Bishop gave a report of the wonderful service and the efficient and systematic work being done at the farm home. Mrs. Oliver and Mrs. Charlton gave excellent reports on the progress and effectiveness of WCTU work.
Others who assisted in the afternoon's program were Mrs. Joseph Carruthers with readings from Eugene Field, and James Whitcomb Riley; Kathleen Phelps and Rachael Pemberton with instrumental music and Malcolm Medler, who has just finished his bachelor of arts work at Williamette university despite the handicap of blindness, played several selections on the piano.
