EARNINGS RECORD; G. M. ASSUMES LEAD

United States Steel Is Nearest Competitor in Industrial World

NEW YORK, July 26.—(By the Associated Press)—The General Motors corporation, reporting record breaking earnings of \$129,250,207 for the first half of 1927, an increase of \$27,550,253 over the corresponding period of last year, today assumed undisputed leadership among industrial and railroad corporations of the world.

The United States Steel corporation, its nearest competitor, reported total earnings of \$91,025,185 in the first six months as against \$92,753,990 in the same period of last year.

General Motors earnings in the first half of 1927, which include equities in undivided profits of subsidiary corporations not consolidated, were equivalent to \$14.35 a share on 8,700,000 shares of common stock outstanding June 30, compared with \$11.56 a share for the same period of 1926, making allowances for increased number of shares resulting from a stock dividend paid September 11, 1926.

With the exception of the stupendous war time profits of the United States Steel corporation in 1916 and 1917, the current earnings of General Motors have never been surpassed.

In 1916 U. S. Steel reported full year's earnings of \$293,009,615 while 1927 earnings of General Motors, if the last half equals the first will exceed \$258,000,000.

Alfred P. Sloan, Jr., president of General Motors, reported business as satisfactory and stated that both sales and earnings for the first six months exceeded those of any half year period. Quarterly earnings established a similar record.

The sensational earnings of the corporation were anticipated by General Motors common stock, which advanced more than five points to \$225 a share, making the eighth consecutive day in which a new peak had been established by the present issue.

Directors of the U. S. Steel corporation declared the regular quarterly dividends of \$1.75 a share each on the common and preferred stocks. General Motors directors were not scheduled to take dividend action today.

Earnings of U. S. Steel in the first six months of 1927 were equivalent to \$5.60 a share on 7,116,235 shares of common stock, against \$8.08 a share on 5,083,025 shares outstanding at the close of the first half of 1926, the increase being due to the recent 40 per cent stock dividend.

CHICAGO PREPARED FOR TITLE BATTLE

CHICAGO, July 26.—(AP)—Everything has been settled but the minor details of the Dempsey-Tunney fight in Soldier field here next September. George F. Getz, representing Mayor, Thompson, said in a message to officials here today from Mackinac Island.

Getz, a millionaire coal man who is chairman of the mayor's civic affairs committee, will meet with Rickard here Thursday to discuss those details.

"This is a strange role in which I find myself," said Mr. Getz. "I never thought I would be a fight promoter. I took it on impulse and am going through with it as an event of great importance to Chicago."

"We are going to see that there will be no ticket scandals. There will be no money in it for me or any member of the mayor's committee."

"President Edward Kelly of the South Park board is going to sit in the first conference with Rickard and myself in Chicago."

The park board controls the stadium in Grant park, which it is planned to prepare for a crowd of around 150,000 spectators.

Jack Kearns, Dempsey's former manager, passed through Chicago today en route to California and repeated his threats to file his claims in court here against the former champion.

"I haven't any intention of keeping Jack from fighting here," said Kearns. "All I want to do is to tie up his and Rickard's money so I can collect on my contract."

The Dempsey war record also came in for considerable comment again today. One of the councilmen, a former service man, who voted yesterday to endorse Mayor Thompson's efforts to land the fight, criticized those who would try to keep the fight from coming here on Dempsey's account.

"Tunney had a good war record," said Alderman Bert Cronson, "and it would be an insult to him to refuse him a chance to fight in Soldier's field."

NEW YORK, July 26.—(AP)—Federal Judge John C. Knox today declared that there had been "too much ballyhoo" in the differences between Jack Dempsey, former heavyweight champion, and Jack Kearns, his former manager, and that the whole legal controversy should be brought to an end.

Judge Knox denied a motion by Dempsey to obtain an injunction forcing Kearns to confine his law suits against him to one court. The judge also denied a motion by Kearns asking dismissal of a pending action of Dempsey's designed to force Kearns to confine his legal fight to this state.

After the Dempsey-Tunney fight last fall, Kearns filed suit for a third of the \$1,000,000 Dempsey is said to have received. Kearns alleged this was his rightful share under his contract with the former champion. Kearns filed three separate actions in New York, New Jersey and Pennsylvania.

Cherrian Band and Soloist Respond to Encores

Rosini's famous overture, "William Tell," probably ranked first with Salem lovers of music who assembled at Wilson park last night to hear the seventh semi-weekly concert of the Salem Cherrian band, all-though the vocal numbers, by Oscar Gingrich were equally well received.

Not satisfied with "The Heart Bowed Down" and "Chinese Moon," the crowd, with enthusiastic applause, demanded more of the singer. He granted the request with the love melody "Proud."

Other band numbers on the program were:

"Schrief" Oriental March

"Verwellie Selection, "Woodland" Lauders

"Visions of the Past" Rollinson
