

PROHIBITION REFERENDUM WILL BE DISCUSSED

Anti-Saloon League Meeting at Winona Lake to Take Up Liquor Matters

WESTERVILLE, OHIO, Aug. 2. (Special)—Whether organized dries should favor a national referendum on prohibition and whether they should ask the major political parties to endorse national prohibition will be debated at an important conference of officials of the Anti Saloon League of America, to be held at Winona Lake, Ind., August 15 and 16, according to an announcement from national headquarters of the League here.

The meeting will be held just prior to the conference of the World League against Alcoholism, which will be attended by delegates from many foreign lands. At the conference, 1928 presidential candidates will be discussed.

The attitude of the Anti Saloon League has been that a national referendum on prohibition would be a waste of time and money inasmuch as it would not be binding upon the law-makers, the move upon the law-makers, the announcement said. The wets have declared repeatedly that a national referendum would show public sentiment overwhelmingly in favor of repeal of national prohibition.

Despite the fact that such a national referendum would have no direct official bearing, some dries contend that it would show a big sentiment in favor of prohibition and would end for all time the contention of the wets. However, other League officials hold that the past policy of opposing should be strictly adhered to because of the expense of a national referendum and because of the fact that such a referendum would do little toward solving the present wet and dry controversy. These dries hold that prohibition was voted by one of the biggest majorities on record in the United States, and that if that official

action failed to settle the existing wet and dry controversy, an unofficial referendum could not be expected to. The action of the conference at Winona Lake is said to be problematical.

Considerable debate also is expected on a proposal to ask the major political parties to endorse prohibition by embodying strong planks in their platforms. Since its organization the policy of the Anti Saloon League has been to base its campaigns upon the election of public officials and not upon platform planks.

Attending the Anti Saloon League meeting will be all of the national officers of the League, including members of the executive committee and the national board of directors, together with League workers from every state.

FORMER NORMALITE VISITS
OREGON NORMAL SCHOOL, Monmouth, Aug. 2.—(Special)—Principal Geo. W. Murphy of South Bend, Washington, and his wife and son, were visitors at the Monmouth normal school today. Mr. Murphy is a graduate of the school, having received his diploma 27 years ago. He expressed himself as being delighted and surprised at the changes in the school.

MRS. CAMPBELL CONFINED
OREGON NORMAL SCHOOL, Monmouth, Aug. 1.—(Special)—Mrs. Mary Stump Campbell, who has been confined to her home for the past two years or more, suffered a stroke on Monday of last week. Though her condition is still considered serious, her friends hope for a complete recovery.

INSTRUCTOR'S WIFE ILL
OREGON NORMAL SCHOOL, Monmouth, Aug. 2.—(Special)—Mrs. Dodds, wife of Homer Dodds, instructor at the Monmouth normal, is critically ill at her home with an attack of intestinal flu aggravated by an extreme nervous condition.

All Set
A student failed in examination in all five subjects he took. He telegraphed his brother: "Failed in all five. Prepare papa." The brother telegraphed back: "Papa prepared. Prepare yourself."

STUDENTS REGISTER FOR SHORT SESSION

U. of O. Will Give Instruction for Four Weeks to Upper Grade Entrants

UNIVERSITY OF OREGON, Eugene, August 2.—(Special)—Students registered yesterday for the post session at the University. This session, following immediately after the regular summer session just closed, is for four weeks only, ending August 26, and is confined to upper division and graduate work.

"The post session has been established to meet the need felt by students and teachers for a longer period of study during the summer in which work toward degrees may be undertaken," Dr. Dan E. Clark, director of the post session said today. From 100 to 150 students are expected for this short term session, according to Dr. Clark. Members of the regular winter term faculty will have charge of the instruction.

Registration for the regular fall term will begin on September 26, although entering freshmen are required to come to Eugene by September 19 in order to take their entrance examination before the regular registration day.

At the six weeks' summer session which ended last week, 1234 students were enrolled either at Eugene or at the Portland branch. "This was not only the largest, but generally considered to have been the most successful summer session in the University's history," Alfred Powers, director of the Extension Division and of the regular summer session, announced today. He attributed the success of the summer school to the high quality of work performed by the students and to the quality of the instruction. Advantages were offered in the way of notable instructors from the West and Middle West in addition to the regular faculty.

"Fore-wheel" Brake Here on 1928 Harley-Davidson

The "fore-wheel" brake is here. Motorcycles could scarcely boast four wheel brakes, but the new Harley-Davidson, just received in Salem, has brakes on both front and rear wheels, and that's about all anybody could ask.

The 1928 Harley-Davidson, now on display at Harry Scott's motorcycle shop on South Commercial, has in addition to the fore-wheel brake, a throttle controlled motor oiler, giving correct flow at all speeds; air cleaner; positive gear shift lock gate; side gear lowered and moved forward giving chummer and easier riding; and the side car wheel moved forward for greater ease in taking curves, Scott reports.

Gill Draws Interest With Indian Legends

OREGON NORMAL SCHOOL, Monmouth, Aug. 2.—(Special)—Hon. John Gill of Portland was assembly speaker at the Monmouth normal school on August 1. Mr. Gill possesses a rich fund of facts and interesting legends of Indian life in the Northwest, and through data gathered during his extensive travels and personal contact with individuals familiar with the early tribes of the coast states his lecture was of more than passing interest.

Forest Service Receipts
Total \$1,309,173 in 1927
Total receipts of \$1,309,173 are reported by the Forest Service from the twenty-two nation-

al forests of Oregon and Washington during the fiscal year 1927, which ended June 30 this year.

The bulk of the money came from timber sales, which show a total of \$1,092,608. Grazing fees rank next with \$169,285. Summer homesite permits and other forms of special use stand third with \$24,131. Other sources of receipts are waterpower and various forms of trespass.

Of the twenty-two national forests the Olympic in western Washington leads with a total of \$289,814, while the Crater national ten per cent is made available second with \$222,280. Two other forests exceed the hundred thousand mark for the year,—the Deschutes with \$145,207 and the Wallowa with \$106,057.

Twenty-five per cent of these receipts are returned to the States and counties for the road

and school fund, and an additional ten per cent is made available for road and trail work by the Forest Service.

SALEM WOMAN VISITS FRUITLAND, AUG. 2.—(Spec-

ial)—Mrs. Mary Beutler from Salem visited here last week. Mr. and Mrs. Fred Geriz were Portland visitors Sunday. Mr. and Mrs. Noble Andrews expect to visit their daughter at Myrtle Creek this week.
