

LOONEY CLAN HOLDS JEFFERSON REUNION

Three Of Original Family Present; David Looney Re-elected President

JEFFERSON, AUG. 4.—On Sunday, July 24, the descendants of Jesse and Ruby Bond Looney, pioneers of 1843, held their annual family reunion. Three of the original family were present. They were David H. and Norris H. Looney and Mrs. Frances Cornell all of Jefferson. Mrs. A. J. Fairbanks of Willits, California, is coming north for a visit but was unable to arrive in time for the reunion.

A short business meeting was held, during which time it was voted to retain the same officers. David H. Looney is president. Mrs. Anna Reed of Lebanon was the honor guest.

A short program was given which consisted of reminiscences of early days by Mrs. Anna Reed, William Smith, Jr. gave two trumpet solos, a brief welcome was given by little Louise Looney, and impromptu talks by Senator Frederick Stelwer, Dr. W. W. Allen, M. Latourette and Virgil Looney.

About one hundred people enjoyed the basket dinner at noon. They were Mr. and Mrs. David H. Looney, Mr. and Mrs. George Looney, Norris Looney, Margaret Looney, Mr. and Mrs. William Looney and family, Mr. and Mrs. Manon Looney, Eleanor, Margaret J. and Elizabeth Looney.

Mrs. Frances Cornell, Mrs. Ben Looney, Mr. and Mrs. W. E. Smith and children, Mr. and Mrs. Victor Looney, Mr. and Mrs. Karl Stelwer, John Stelwer, Mr. and Mrs. Herbert Looney and daughter Louise, Mr. and Mrs. Fred Looney, Mr. and Mrs. Walton Looney, Ruby and Gilbert Looney, B. T. George and E. W. Baha all of Jefferson; Frances Looney, Lyle Looney, Mr. and Mrs. Dee Stelwer, Russell Stelwer, Mr. and Mrs. Hastings of Salem; Raymond Nebergall, Mr. and Mrs. Virgil Looney, Mary and Grace Ellen Looney, Mr. and Mrs. Jed Looney all of Albany.

Senator and Mrs. Frederick Stelwer and two children of Pendleton; Mr. and Mrs. Chester Gaines of Bond; Richard Gaines, Mr. and Mrs. Henry Ahern and children of Independence; Dr. and Mrs. W. Wallen, Marion, and Jack Allen of Mill City; Mr. and Mrs. Jesse Stelwer of Amity; Mrs. Winlock Stelwer of Fossil; Mr. and Mrs. Earl C. 2 FINES ASSESSED

SPEEDING AND LICENSE LACK NOTED BY OFFICER

When he failed to register his car upon his arrival in Oregon, Bert F. Ryder, now of 262 Hoyt street, Salem, waived his right to 90 days free registration in the state, as a visitor, and laid himself open to a fine for operating a car without an Oregon license.

This was the decision of Police Judge Mark Paulsen, who yesterday fined Ryder \$10 for failure to have an Oregon license on his car. Ryder was also fined \$5 on a charge of speeding, which was the original complaint on which he appeared in court.

Ryder is said to be a mechanic working for Hunt Bros. canneries, driving from plant to plant in Washington, Oregon and California installing machinery. He was required also to take out an Oregon license for his car.

Fines of \$5 each were also assessed against Clyde F. Picha, 790 N. Commercial street, and Harold Pierce, 1007 S. 13th street, on speeding charges.

Egg Within An Egg Found On Ranch East Of Salem

M. M. Magee who lives east of Salem has a flock of Rhode Island reds of which he is quite proud, having stock from prize winning flocks from Oregon and Washington, as well as eastern states. He thinks now that he has a record breaking hen.

An egg was recently picked up which was a little above the average in size. When broken, it was found to contain a perfectly formed egg and also a smaller egg with a perfectly formed shell.

GOAT ODOR OFFENDS

Condition Aggravated by Heat, Protest Filed

While warm weather has been "getting the goat" of Salem people generally for the past two weeks, it threatens to get the goat, in a very literal sense, of a north Salem man keeping several of the animals within the city limits.

Neighbors of the "goat ranch," which is just north of Shipping street, along North Capitol, complained to the city health officer yesterday that since the advent of the hot weather the odor of the animals had become a decided nuisance in that part of town, and asked for relief.

Since the heat has driven all those with authority to act in the matter to the beach or other places, on their vacations, members of the health officer force yesterday declared that nothing could be done about the matter until the return of one of them.

Batty Cooper, city sanitary inspector, is away on his vacation. Deputy Health Officer Vernon A. Douglas recently left for a vacation at the coast, and Dr. Walter H. Brown, county health officer, is out of the city for a few days. Dr. Brown is expected to return today or Saturday, and the complaint will be referred to him for action. Meanwhile residents of the district say the odor is "getting their goat."

GROWERS OF DOUGLAS FAVOR MARKETING PLAN

(Continued from page 1.)

partment of the Portland chamber of commerce.

The present market situation was explained by Jones, who told of efforts being made to bring about the needed improvements.

"California is producing 400,000,000 pounds of prunes this year," he said, "and in addition there is a carry-over of 60,000,000 pounds in that state. Oregon's crop is estimated at nearly 60,000,000 pounds, so that between the two states there will be approximately a half billion pounds of prunes to be disposed of. In connection with this overproduction there is the competition of tropical fruits to be considered, so that the only hope is to increase consumption through organization and advertising.

"There is no chance to get together this year except locally but we should start now to prepare for next year. Unless there is an organization of the prune industry the growers might as well pull up their trees and quit."

R. H. Kipp spoke at length on the situation on the coast. "We want to do nothing to incite indignation," he said, "but we want cool and business-like consideration of the situation in which we are at present involved."

H. S. Gile of the Gile packing company of Salem stated that an organization similar to the one now proposed was started three years ago and that if it had been

MANY CAUSES MAKE BETTER BUSINESS

C. Penny Stores Make Tremendous Gain In First Half Of This Year

"Good roads development, the automobile, bus lines and other elements adding to the ease with which people may travel is a boon for all local merchants," says J. N. Chambers, manager of the J. C. Penny store in this city.

This is clearly shown in the volume of business that is being done at retail at the present time, especially in such necessities as dry goods and other department store merchandise.

The store keeper who is on the watch for new customers can get them in steadily increasing numbers. This is clearly shown by the increase in business done by the J. C. Penny stores in the past six months over the same period of last year. This increase amounts to \$13,637,692 and is the largest increase shown by any large store operating company.

New customers are coming into every town in the country, brought by motor cars and trains. They are buying over the counter at a greater rate than ever before and they are showing excellent judgment in their selection of materials and styles.

The constant migration of motorists and the general movement of the population of the country is also affording the local merchants a rare chance for increasing sales volume.

"Advertising, co-operation with customers, attractive store fronts

formed then there would be no such situation as now exists. "Every resident packer of the northwest favors the organization of the prune industry," he said. "Neither the grower nor the packer can make money under existing conditions and organization is the only salvation."

W. F. Drager of the Drager fruit company told the growers that Douglas county has an excellent opportunity to pool its crop this year due to the fine quality of its fruit. Much of the Oregon crop is affected by scab, he said, and cannot be marketed under the high standards which must prevail in handling fruit from the state.

No opposition was expected to the pool, but in voting all growers did not respond.

S. J. Griffin is putting a cement foundation under his house and also building a cement sidewalk. Marion and Lucille Hackett are visiting the D. N. Hendricks family at Devils Lake.

If Back Hurts Begin on Salts

Flush Your Kidneys Occasionally by Drinking Quarts of Good Water.

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. The much rich food creates acids which clog the kidney pores so that they sluggishly filter or strain only part of the waste and poisons from the blood. Then you get sick. Rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage, or attended by a sensation of scalding, begin to drink soft water in quantities; also get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with bicarbonate and has been used for years to help flush clogged kidneys and stimulate them to activity, also to help neutralize the acids in the system so they no longer cause irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive and cannot hurt. It makes a delicious effervescent fruit-water drink, which everyone can take now and then to help keep the kidneys clean and the blood pure, thereby often preventing serious kidney complications.
