NEWPORT

The extreme heat in the valley brought record crowds to the Newport beaches this week, and many camps were established. The week end weather was a little foggy but ideal for hiking and picnicking. Tourists were thrilled with the high tides, the water splashing to the banks.

The new pipe line for the Hot Sea Baths, which is to be under new management, is being laid on the beach. The Hot Sea baths will be a welcome addition as many of Newport's visitors come many miles for the hot salt baths.

The tank, which is supplied with pure ocean water, has been repainted and otherwise improved since last year.
