Made to sell at fifteen dollars a set (there are twenty-three pieces), and no doubt worth the money. Just for the Birthday Party and the future good it will do. On sale tomorrow at.....

The Lovelong Engagement Ring, \$150—delivered for a dollar—paid for \$3 a week.

Tomorrow the "Birthday Party" at the Burnett Jewelry store swings into its second successful week with interest and values undimmed and undiminished. Besides the great gathering of values told of in previous issues of this newspaper—there will be offered tomorrow—

Two hundred pieces of Silver plated wares at Four Ninety Five!

The picture will give you a good idea of the enormous variety and the usefulness of the pieces. They come from the shops of the International Silver Company, the Knickerbocker Silver Co. and the Wallace Silver Company. And there isn't anything more useful nor more enduring. It is scarcely necessary to say. And there isn't anything more useful nor more enduring. It is scarcely necessary to say. And there isn't anything more useful nor more enduring. **Electric Percolator Sets
On Sale Tomorrow for \$13.50**

And it will hold eight cups of the best coffee you ever brewed.

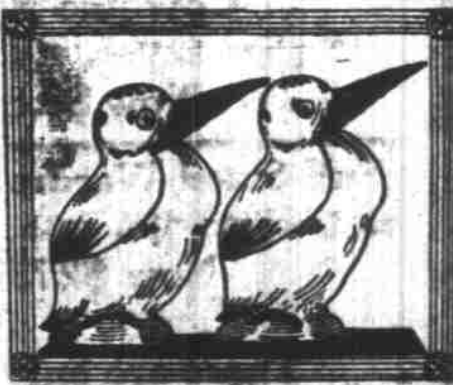

We believe the maker intended they should sell for about fifteen or eighteen dollars—but for the Birthday Party we have marked them, the set complete, for nine eighty-five!

We prefer not to sell them for cash—pay, say, a dollar down, and charge the balance—a dollar a week will pay the bill—and you'll never miss the money.
