YOUNG WOMEN MAY KEEP WELL

By Taking Lydia E. Pinkham's Vegetable Compound Here is Proof

St. Paul, Minn.—"Here is a little advice I would like to have you put in the papers," Mrs. Jack Lorber of 704 Dellwood Place wrote to the Lydia E. Pinkham Medicine Company.

"If young women want to keep their health and strength for the next thirty years of their lives, it is best to start in right now and take Lydia E. Pinkham's Vegetable Compound. I have tried the Compound myself and received fine results." In describing her condition before taking the Compound, she writes, "I was afraid in my own house in broad daylight, I used to lock the doors and pull down the shades so that nobody could see me." One day a booklet advertising the Vegetable Compound was left on her porch and she read it through. In so doing, she found a letter from a woman whose condition was similar to her own.

"I bought the Vegetable Compound," Mrs. Lorber continues, "and have had fine results. The condition I was in made me a wreck to my husband. Now I am happy and housekeeping" and she says, "It is just like taking the Compound."
