

SIDE LIGHTS OF THE STAGE AND SCREEN

Elsinore Theater
Starting today, the Elsinore theater will present dashing Bebe Daniels in her latest Paramount comedy, "Swim, Girl, Swim."

Advance reports have it that this production is the best Miss Daniels has ever made and if facts mean anything, the reports cannot be exaggerated. "The Campus Flirt" was a knockout, but critics agree that "Swim, Girl, Swim" has it topped.

Here are the facts. In the first place the story was written by Lloyd Corrigan who knows everything about how a college story should be written with color, romance, thrills and laughs. It was directed by Clarence Badger and this man has never been known to miss.

It has a star particularly suited for just this sort of thing—fast moving comedy—and the cast is handpicked. James Hall, Gertrude Ederle, yes, the famous Trudy of English channel fame, is in the east—Josephine Dunn, William Austin and James Mack are only a few of the names.

The story is about a girl who swims the channel and yet who is unable to swim. And that is a situation. There are races and chases galore, just one event after another. And, just to be sure that the college atmosphere was really there, Miss Daniels selected the University of California in Los Angeles for the location of the campus scenes. More than 200 students participated in the production.

"Swim, Girl, Swim" is the first picture Trudy has ever appeared in. Her role is a good one and she is seen as a player and also in her customary role of a swimmer.

In addition to the feature picture, Ham Hamilton will be seen in "Peaceful Ocean," and Eddie Magill the singer of sweet songs will be heard in an all new program.

Jane Green, supreme siren of syncopation, and probably the most popular blues singer ever to appear in Salem, is scheduled as the chief stage attraction at the West Coast Elsinore theater, Sunday and Monday, September 4th in Fanchon and Marco.

Miss Green started her career in Los Angeles several years ago and since then has risen to the top of the professional ladder. She is headlined over the leading vaudeville circuits of the world and for the past two years has been the sensation of New York.

Jane Green is one of the most popular of Victor Recording artists, having made more than fifty records the past few years, among the latest of which are, "You Went Away Too Far," "I'm Going to Meet My Sweetie Now," "Hard to Get, Gerlie," "My Castle in Spain," "If I'd Only Believed in You," "If You Hadn't Gone Away," and many others.

Among the many shows in which Miss Green has been featured are Ziegfeld's "Frolic," Eddie Cantor's "Midnight Rounders," Ed Wynn's "Grab Bag," "What's in a Name," "Century Roof Show," "Dancing Girl," "Cinderella on Broadway," "Greenwich Village Follies," and many others.

In addition to the stage presentation noted above, Richard Dix will be seen in his best picture to date, "Knockout Riley."

A Colorful Exterior

Your carefully chosen exterior color scheme will retain its attractiveness through all kinds of weather when Bass-Hueter Paints have been used. Not only years of beauty but perfect protection are assured your home through the use of these products. The Bass-Hueter trade mark is your guarantee of quality.

Send this advertisement and 25c for the B-H Exterior Color Harmony Chart, which suggests pleasing colors for painting the body of the house and shows the correct color combinations for roof, trim, sashes, awnings and flowers.

"ONLY AS OLD AS YOU FEEL!"

After re-enacting the wedding scene she went through 50 years ago as part of the program of her golden wedding day, Mrs. J. W. Storm, Kansas City, Mo., demonstrated that "you're only as old as you feel" and forthwith danced the Charleston amid the applause of her friends. Photo shows Mrs. Storm dancing for photographers.

same afternoon, followed by the banquet of the women's auxiliary at the Marion hotel in the evening. Today will witness a line party at the Elsinore theater, with a supper at the Gray Belle, following the performance.

Dr. David Marine, associate professor of pathology at Columbia university, New York City, presented "The Thyroid Gland and its relation to Disease" in discussing the problem in Oregon. Dr. Marine said the situation here, while severe enough, is not as bad as in other parts of the country, judging from the results of the survey made last spring by Dr. Robert Oleson of the United States Public Health service who found that out of the high school girls examined in Oregon, only 3 per cent were found with goitre, as compared to the 70 per cent found for the high school girls examined in Michigan and Minnesota.

PLAN TO SERVE PUBLIC HEALTH OUTLINED HERE

(Continued from page 1.)
 already made last spring by Dr. Robert Oleson of the United States Public Health service who found that out of the high school girls examined in Oregon, only 3 per cent were found with goitre, as compared to the 70 per cent found for the high school girls examined in Michigan and Minnesota.

Dr. Frank E. Brown, of Salem, gave the following instructions on how to prevent deafness in his talks: "To Hear or Not to Hear is the Question":

"Don't breathe through your mouth."
 "Don't blow the nose gently by resting the handkerchief against the cheeks."
 "Sneeze with the mouth open."
 "Have a health examination once a year, and include a complete test of the hearing."
 "Seek your family physician on first notice of any slight hearing defects or sensation in the ears."

Dr. R. E. Lee Steiner, speaking on "Eugenics in Oregon," stressed the value of sterilization for persons incapable of carrying an adequate share of their own social responsibility and presented sterilization as one means of solving the problem of the feeble minded, "criminals and others of the socially inadequate group."

Dr. Frank L. Adair of Minnesota presented "Pathology of the Fetus and Newly Born Infant" at the two o'clock session. The rest of the afternoon was divided into groups for the medical and the surgical.

GATES OPPOSES \$3 AUTOMOBILE LEVY

Says 'All Work by the Highway Commission Will Stop Immediately'

MEDFORD, Sept. 1.—(AP)—C. E. Gates, state highway commissioner who returned yesterday from a trip to Portland and Salem where he conferred with department heads, declared here tonight that in event the proposed \$3 automobile tax is adopted, "all work by the highway commission will stop immediately."

"That the state has a bonded indebtedness of forty million dollars, with less than one million people in the state, was cited by Gates, who pointed out that should this license bill pass, it would throw this debt as a general obligation upon the state of Oregon and that it would have to be paid by property tax."

"Some may say that you cannot exceed the six per cent limitation," Gates said, "but the law says, 'except to pay either interest or bond, or bonded indebtedness.' Also there are probably 25,000 automobile owners in Oregon who are not property owners which would make it almost impossible to collect the personal tax on their cars which is now collected by the license collector."

"These highway bonds must be paid, and our highways must be completed, and the only way to do this is not to disturb the present income of the highway commission. At present there are 40,000 miles of road, but only 4,000 miles of improved roads."

FRENCH PLANE BEGINS FLIGHT WEST TO N. Y.

(Continued from page 1)
 following the 48th parallel direct to America.

It was finally agreed that they would be governed by weather conditions and would make their final decision after being up an hour or two.

At 3:10 the necessary gasoline was aboard, and the airmen were arranging for their own fuel—half a dozen sandwiches, 25 bananas, three quarts of coffee and two bottles of white wine, designed to keep the human motors in action, while 250 gallons of gasoline and 125 gallons of oil, they said, would enable the two huge motors to keep the machine in the air for 46 to 50 hours.

As daylight came and the motors still were silent, many began to wonder whether the start was to be made, but it developed the pilots still were discussing the eventual route, and it was reported that they had finally decided in favor of the West-Porty Eight Parallel route, rather than by Lisbon, the Azores and Bermuda.

Then last minute difficulties developed with the stabilizer, when the tuning up stage began. After working feverishly the mechanics succeeded in overcoming the trouble.

Meet "Miss Ohio"

Miss Evelyn Wilgus of Russels Point, O., was selected "Miss Ohio" from among 24 contentants at Cedar Point, O.

to wonder whether the start was to be made, but it developed the pilots still were discussing the eventual route, and it was reported that they had finally decided in favor of the West-Porty Eight Parallel route, rather than by Lisbon, the Azores and Bermuda.

REDS GUILTY SAYS ATTORNEY GENERAL

Massachusetts Official Makes Public Announcement of His Views

BUFFALO, Sept. 1.—(AP)—Publicly announcing his official views on the Sacco-Vanzetti case for the first time since he took office, Attorney General Arthur K. Reading of Massachusetts, Monday told the National Association of Attorney Generals, in convention here, that his opinion of the fairness of the trial given the two principals was beyond question.

"The cases should, however," he declared, "bring home to the authorities of the several states, the seriousness of some of our legal problems. The administration of our criminal law should not only be just; it should be prompt and expeditious, the rights of the individual charged with crime to be safeguarded but not at the expense of hapless victims or of the general public."

The names of Nicola Sacco and Bartolomeo Vanzetti, Attorney General Reading asserted, has been undoubtedly seized upon by socialists, communists and anarchists, as an opportunity to propagate their doctrines before the American public.

BOSTON, Sept. 1.—(AP)—The ashes of Nicola Sacco and Bartolomeo Vanzetti will be divided into two parts, half of each to be carried to Italy for burial there and the other half to be returned to the ground in a Malden cemetery, the Sacco-Vanzetti defense committee announced Monday.

The latest plan for the final disposition of the remains of the two executed radicals still hinges on Miss Luiga Vanzetti's consent, the committee explained, but it has been definitely decided to forego any national tour of the ashes in

this country. Miss Vanzetti vetoed the idea, it was said, although Mrs. Sacco was reported as willing to go through with the original plan of a national tour.

Miss Mary Donovan, secretary of the Sacco-Vanzetti defense committee was sentenced today to a year's imprisonment and fined \$10 on charges growing out of her attempt to show a placard, alleged to be quoting Judge Webster Thayer, on the first evening that the bodies lay in state in Boston.

Of course they now smoke cigarettes and wear trousers but we will never believe that women have attained full equality until they start chewing tobacco.

MRS. BASSETT ALWAYS TIRED

Now in Good Health by Using Lydia E. Pinkham's Vegetable Compound

Lansing, Mich.—"I have taken Lydia E. Pinkham's Vegetable Compound whenever I needed it. When I first used it I was so bad I could hardly walk across the room without crying. I was tired all the time. I think my trouble was coming on me for six months before I realized it. I read of your wonderful medicine in the paper, and my husband bought me a bottle, and after the first few doses I felt better, so kept on taking it until I was well and strong. I take it at times when I feel tired and it helps me. I will always have a good word for your medicine and tell anyone what good it has done me. I recommended it to my neighbor for her girl, who is sixteen years old, and it was just what she needed. She is feeling fine now, and goes to school every day."
 —Mrs. E. F. BASSETT, 216 South Hayford Avenue, Lansing, Michigan.
 Do not continue to feel all run-down and half sick when Lydia E. Pinkham's Vegetable Compound is sold by druggists everywhere.
