

RUSSIA IS BUYING SHROP SHEEP HERE

Soviet Government Gets Them For Experiment Stations Over There

In the interests of the department of agriculture of the United States of Soviet Russia, Michel S. Pereferkovich, chief of the bureau of animal industry, and Alexander Romanenko, specialist in animal breeding, spent Thursday in and about Marion county buying purebred Shropshire ewes.

Assisted by Edgar L. Ludwick and Dewitt L. Barnes of the Pacific Cooperative Wool Growers' association, the Russian delegates visited the flocks of F. A. Doerfler, Floyd Fox, G. H. Thompson, and J. F. Thompson, and purchased registered ewes to be shipped to Russia, where they will be placed at experiment stations. They were particular to select one and two year old ewes only, that the maximum of production might be thus gained, since the cost of transportation is too great to permit the purchase of older sheep.

The lambs from these ewes are to be sold to Russian farmers at a price of from five to ten dollars per head on a three year credit

Miss Levy Sets Up New Studio on Church Street

Miss Elizabeth Levy has established her new studio at 254 North Church street, near the intersection of Church and Court. Miss Levy is a Salem girl who has had rare advantages in preparation of her chosen profession. She is a certified pupil of Cesar Thomson, internationally famous violin master, who has been the teacher of such artists as Ruth Ray, Paul Kochanski and Frances MacMillan.

Miss Levy has appeared as violin soloist in eastern cities and abroad with pronounced success, while her violin choir and ensemble have been featured on many local programs. Pupils of Miss Levy have met with decided success in the professional field.

Miss Levy is president of the Salem Music Teachers association and has recently been elected corresponding secretary of the state association.

HISTORIC HOUSE BURNED

CASCADE LOCKS, Ore., Sept. 16.—(AP)—Built 43 years ago and occupied as a saloon until prohibition became effective in the state, the frame structure on the main street of the town, known all over the state as the White House saloon, was destroyed early today by fire of undetermined origin.

Order Special Dress for Women at Church

PINSK, Poland.—(AP)—The Roman Catholic Bishop Lesinski of the Diocese of Pinsk has ordered all women indecently clad to be ejected from churches in his diocese.

The order states that all women except brides entering churches must have their hair covered while women with short sleeves, short and low dresses will not be admitted.

The circular orders sacristans to remain at the entrance gate during all church services to see that women entering are dressed in compliance with the rules.

JOHNNY MCCOY WINS

HOLLYWOOD, Sept. 16.—(AP)—Johnny McCoy of Cleveland, won his second start in California's elimination tournament to pick a successor for Fidel Labarba's relinquished flyweight throne, when he defeated Willie Davies, Charlerol, Pa., in a ten round bout here tonight.

SCRAMBLED RELATIONSHIPS

Mrs. Mary E. Flynn and her daughter, Edna Mae, were married recently at Edgerton, Minn., to Lambert and Andrew Huisenga, brothers. Now Mrs. Lambert Huisenga is Mrs. Andrew Huisenga's sister-in-law, as well as being her mother, Lambert Huisenga is step-father-in-law to his sister-in-law, and to his own brother, as well. Here's the tangled group, wondering, perhaps, what further complications will follow should both brides have children of their own.

CHICAGO GRAIN

CHICAGO, Sept. 17.—(AP)—Crop news from Canada that was contrary to bullish predictions which had been circulated gave a sharp setback to wheat prices today. An important unofficial report issued an "unhappy" said the yield of wheat this season in the Canadian prairie provinces would total only 8,000,000 bushels, less than the nine latest government estimates.

Closing quotations on wheat were heavy, 3/4c to 3/8c net lower, corn 1/8c to 1/4c down and oats 1/4c to 3/4c 1/8c off.

Chandler Royal Eight and Special Six series. By giving the key a quarter turn, the electric circuit is broken and the ignition shut off. There are no moving parts to get out of order—the lock is simplicity itself. A strong cable which cannot be cut or unfastened leads from the lock to the distributor.		
This mechanism does not lock the steering wheel as it is against the law in some states to make a car uncontrollable and immovable in this manner.

LEADS NATIONS IN WOOL

Russia is now the largest wool producing county in the world, with a total of one hundred and ten million sheep; Australia, with seventy-three million, is second, making America third, with forty-four million. But, although her gross production is greater, Russia has, for the past few years, been making great efforts, by importing the best breeds of other countries, to obtain the maximum of quality in both mutton and wool production.

Mr. Pereferkovich and Mr. Romanenko have traveled through England, Australia, and all over Europe purchasing sheep, but they expressed their preference for America, saying that American business methods are more accommodating, and American hospitality is more generous.

They plan to return to this valley next year, and they urge all sheep breeders to hold their Shropshire lambs.

The chap who said he wouldn't watch the Dempsey-Tunney fight for a gift, is not one of the 200 who got passes.
