Radios, Phonographs, Bicycles Knee-Kosters and Cameras

TO AMBITIOUS BOYS AND GIRLS!

TREGO T-R-F-5 CONSOLE RADIO

The Ideal Complete Home Outfit
Nothing Else To Buy

Marvelous Radio Reception

The T-R-F-5 console radio is the result of many years' experience in radio building. A five-tube tuned radio frequency circuit is used, it is very selective, will tune through interference, local broadcasting and will separate stations completely.

Long Range Guaranteed

Its range is almost unlimited and under practically all conditions coast to coast reception can be had on the loud speaker, and under favorable conditions, unbelievable distances have been recorded.

All Accessories Included

Everything necessary for good radio reception is included in this outfit—a 6-volt 80-ampere non-breakable hard rubber case "A" battery—two 45 volt "Long Service" "B" batteries—a 4½-volt "C" battery—five tested and matched 201-A tubes and a complete aerial outfit consisting of lightning arrester, ground clamp, all insulators and plenty of both aerial and lead-in wire.

A Beautiful Combination

Here is the latest and best radio. A beautiful console table with large battery compartment and a special high grade loud speaker built-in. Both the receiver and the console are finished in a beautiful mahogany brown that will match with all surroundings.

The Very Latest Design

You could not find a better outfit for the home—no batteries on the floor to spoil rugs—no unsightly wires—everything in its place—neat and compact. You can easily see the many advantages of the Trego T-R-F-5 console. The console stands 29 inches high, 38 inches wide and 18 inches deep.

Beautiful Tone Loud Speaker Built-in

The loud speaker is a part of the console. The horn is made of non-vibrating composition and produces a very life-like tone. The bell of the speaker is covered with an attractive grill shown on front of console.

The IROQUOIS

IROQUOIS
