

SEPARATION SOUGHT

HUSBAND HAS VIOLENT TEMPER, SAYS MRS. ERICKSON

A word picture of a husband who flies into frequent jealous fits of violent temper, frequently assaulting his wife, and who on one occasion "brandished a loaded revolver in her face," is contained in a divorce complaint filed by Kathryn Erickson against Gustav Erickson in circuit court here yesterday.

Mrs. Erickson asks complete legal separation from her husband and in addition a half interest in his mercantile establishment at 746 Highland avenue, suit money, and custody of two minor children, Ruth, 11, and Dorothy, 7.

Mr. and Mrs. Erickson became married in Redwood Falls, Minnesota, on July 7, 1915. His treatment of her since that time, particularly in recent months, has amounted to cruel and inhuman treatment and to personal indignities rendering her life burdensome, she asserts.

She sets August 27 of this year as the date upon which he brandished the loaded revolver in her face.

WORK ON BRIDGES MAY NOT BEGIN THIS FALL

ers of the flume, and bridge engineers to decide the matter. If the committee chooses to divert the flume water to a pipe flume, which may not be practicable on account of the need for a heavy drop for power purposes, new plans for the bridge must be drawn. These are already partially complete, however, and will require little additional time. Some delay has been experienced by the absence from the city of C. B. McCullough, state bridge engineer.

More Time Needed
Even after the plans have been disposed of, it will require two weeks to advertise for bids, before the city council can award the job, and at least three weeks for the successful contractor to assemble his workmen and tools.

This makes it appear very unlikely that anything of note can be accomplished while the weather remains suitable.

City officials have arranged a meeting with Oregon Electric representatives for next Monday at which time the High street bridge project will be considered. It is probable that an arrangement will be made to share jointly in the cost of the structure. Work will not proceed until next spring.

With ten other bridge projects involved in the improvement program, Engineer R. A. Furrow will be occupied all winter drawing up plans so that operations can get under way promptly in the spring.

GOMEZ AT VERA CRUZ
EL PASO, Tex., Oct. 6.—(AP)—Reports to El Continental, Spanish language newspaper, say that General Gomez is not in Chihuahua and that it has been positively verified that he is in the Vera Cruz district.

The Brooklyn Dodgers are hunting in the minors for players so that next year they may be hunting in the majors for pennants.

HOTEL LIST GROWS

RESIDENCES NO LONGER NEEDED TO HOUSE VISITORS

People in the residence district who have rooms for rent during the state fair are going to have difficulty in finding takers in the future, according to a comparison made at the chamber of commerce yesterday.

During the fair four years ago, 600 rooms in the residence district were listed by the chamber of commerce and the Marion hotel, cooperating in a movement properly to house fair visitors. Nearly every one of these rooms was occupied at some time during the week.

Each succeeding year, about the same number of rooms have been registered but a gradually decreasing number have been occupied, until this year scarcely 100 were used.

The augmented use of the automobile, and provision for more hotel accommodations during the four years are responsible for the difference.

The Terminal hotel and the New Salem hotel have both been opened since that time. When the new stage terminal hotel on Court street is ready for occupancy next year with its 113 additional rooms, it is expected that there will be a very meagre demand for residential rooms during the fair. There will be available then, 450 hotel rooms, many others in rooming houses.

Church Preference Shown By Nearly All W. U. Folk

Sixty-eight Willamette university students out of 450 filling out church preference cards recently are not church members. All but 16 of these 68 express a preference for one or another of the various denominations. A total of 198 failed to fill out cards. Two hundred eighty-eight chose the Methodist church. Other de-

nominations in their order of preference follow: Presbyterian, 56; Christian, 23; Baptist, 15; Congregational, 10; Christian Science, 8; Roman Catholics, 8; Episcopal, 6; Unitarian, 5; United Presbyterian, 2; Lutheran, 2; United Brethren, 2; Church of Christ, 2; Adventist, 2; Greek Orthodox, 1; Nazarene, 1; Methodist Episcopal, south, 1; Free Methodist, 1; German Methodist, 1; Church of God, 1; Friends church, 1.

SOLICITORS SWARM

BEVY OF SUNKIST MAIDENS SEEKS "VOTES" HERE

"Won't you vote for me? Please, won't you vote for me?" The speaker was a young girl with a complexion of a most pronounced artificial roseate hue, and an abbreviated dress, a bit too décolleté even for Salem.

"If you'll subscribe to this magazine which will keep you in jokes and sporting news all winter for only 49 cents, I'll get two votes toward a \$500 prize. Won't you please vote for me?"

This appeal was addressed to countless downtown pedestrians yesterday by a bevy of California Sun-kist beauties who descended upon the city, and without the formality of obtaining licenses from the city, proceeded to corner as many citizens as possible to extract the coin. The young women are "making" the coast from southern California to Washington, gathering "votes," which will be turned in at Seattle.

One of the girls declared that she would return to Salem after the accounting in Seattle to make her home here, if she could persuade her grandmother to come.

The fair solicitors left last night, just as precipitately as they arrived.

OIL FIRM TO WITHDRAW

Large American Concern Pulls Out of Tampico, Mexico

BEAUMONT, Texas, Oct. 6.—(AP)—Withdrawal of all producing and refining equipment now standing and in storage at Tampico, Mexico, has been ordered by the Standard Oil company of New York. It was learned at the office of the Magnolia Petroleum company here, from E. W. Gross, purchasing agent and official in charge of this undertaking.

Small velvet hats seem to be Paris favorites for fall. Off the face models and smart clothes are prominent.

QUALITY SHOES

With a National Reputation

We are proud of the fact that we are the ones to introduce the Bostonian shoe in Salem; but we are more proud of the fact that we are offering you real quality and genuine lasting satisfaction in these shoes.

Men appreciate the convenience of our exclusive shoe department, being in close touch with our clothing and furnishing goods departments a man may shop with comfort and be outfitted from head to foot—from hat to shoes.

Our shoe department is as essential as any department of the store, for no man is well dressed with shabby, ill fitting shoes. Men appreciate the interest we take in seeing that their clothes, shoes and other accessories harmonize with each other in style and color.

STYLE

Bostonians are style leaders. They are shoes designed for young men—styled after your own ideas of what smart shoes should be. Wherever they are worn, they lend an individuality to the feet that is found in Bostonians alone. Their fine quality of leather makes for longer wear and continued smart appearance. And Bostonians fit as though tailored to your feet. They insure a new and pleasanter experience in footwear.

Individuality

You'll walk away with a jaunty air the day you step into Bostonians. A treat for the critical eyes so distinctive and well constructed. You'll welcome the comfort as well as the good looks. Priced from \$7.50 to \$11.00.

Annual Sale UMBRELLAS Fifty Cents Down

It ain't a bit of use to worry or complain if just as cheap an' easy to rejoice When God sorts out the weather and sends rain Why—rain's MY choice. —James Whitcomb Riley.

To begin at the beginning—the prices are as low and in many cases lower than you'll meet with in the "Cash" stores. And the umbrellas are the finest produced! The Burnett Budget Plan enables you to have one that you will be proud to carry—and you may pay for it without ever missing the money.

Foremost among the values presented is this group of Four Ninety-five. There are all colors—and all are in the new "bobbed" style. The covers are of fine silk with ribbon borders. The frames have sixteen ribs. The handles are of the finest Bakelite.

No store in all the west offers such umbrellas as these, save for a half as much again. We buy them by the thousand for the twelve stores in the Burnett Chain and they're offered TODAY at Four Ninety Five!

Pay fifty cents and take one along. Pay the balance—fifty cents a week.

4 95

There are other groups to be sure, with finer handles and with richer silks—but all have these characteristics. They are good, and they are beautiful, and they are offered at the lowest prices without any exaggeration as to their actual "value."

AUTO ACCIDENTS CAUSED BY POOR EYESIGHT

So declares one writer in the Saturday Evening Post: If you suspect that your eyes are not as good as they used to be, we suggest a conference with Dr. Ansley G. Bates, optometrist. Dr. Bates will advise you without the slightest obligation. And if glasses will help, you may get them here and pay for them as you are paid. Indeed—a dollar a week will do.
