October Birthdays are Observed With Dinner Party on Sunday

The birthday anniversaries of Mrs. L. M. Purvine and Miss Odile Matthews, falling on the first and second days of October, were delightfully observed with a dinner party on Sunday afternoon at 2 o'clock when Mrs. W. D. Matthews and Mrs. Frank Matthews were joint hostesses at the home of the former.

A bowl of vivid-tinted nasturtiums centered the table, while Michaelmas daisies and asters decorated the rooms.

Covers at the anniversary dinner were placed for Mrs. L. M. Purvine and Miss Odile Matthews, the guests of honor, Mr. and Mrs. Milo Matthews and Mrs. Erma Ross of Portland, John Matthews of El Reno, Texas, son, Milo, Jr., Mr. and Mrs. W. D. Matthews, and Mr. and Mrs. Frank Matthews and their daughter, Marjorie, and L. M. Purvine.

Two study classes, sponsored by the applied education department of the Salem Woman's Club, under the leadership of Rev. Martin Fejrey, and the Current Events Club, led by Dr. F. G. Franklin, will convene for the first time this fall on Monday afternoon in the club house. The Current Events Class will meet at 2:45 o'clock and the Book of the Month Class at 3:30.

The third class which was given last year, with Professor Robert M. Gatke as leader, will not meet at this time but may resume its work later in the year. Professor Gatke has his time so completely filled with his work at Willamette University that he is unable to continue the class at the present time.

Mrs. George H. Alden, general chairman of the applied education committee, will meet the members of that committee in the club-house at two o'clock Monday afternoon, and Mrs. Roy Keene will meet those members of the club who are interested in beginning a class in domestic art at the same time and place.

First Meeting of Newcomers' Club Will Be Event of This Month

The New Comers Club plans to hold its first open meeting during the last week of October, the exact date depending upon the date upon which a suitable hall can be had. It is anticipated that this will be the largest meeting of this kind ever held in the State of Oregon and that it will far surpass the New Comers meeting held jointly by the Montana Club, merchants and Chamber of Commerce of Salem, in February of this year, at which there were present 1500 people.

The Club has been assured by a large number of the churches, lodges and other organizations of Salem, that there would be delegates ranging in number from 2 to 24 present to meet the New Comers.

A committee consisting of Dr. M. D. Vinyard, Dr. H. M. Brown, M. B. Stegner, F. W. Phillips and W. M. Garner have been appointed to arrange a program and procure a suitable hall. They have in mind some special attractions that will make the meeting specially attractive and interesting, besides giving the New Comers a chance to become acquainted and to make connections with organizations with which they are affiliated.

A large number of the leading business men of the city have expressed their approval of the work of the Club and their intention to be present at the meeting.

Mr. Gillette, President of the Club says that it is the desire of the Club to have present at that meeting representatives from the business houses and of the different state clubs.

The program for the evening and the date of the meeting will be announced as soon as all of the plans can be definitely settled.

Every person coming to Salem and the place of the meeting will be present at the meeting and especially those coming within the last year or two, as the meeting is held for the purpose of assisting them to become acquainted making connections with organizations and church with which they are affiliated.

Back to Nature

Health authorities everywhere are advocating more of a natural diet—natural and unrefined foods—raw fruits and vegetables—vegetables cooked in specially constructed utensils with little or no water added—foods requiring thorough mastication—whole grains, etc.

They call attention to the health promoting value of the natural mineral salts found in such foods and the benefits to be derived from such practice.

Common sense tells us that these theories are sound and logical. We know that we should be more careful in the foods we choose.

But—this is the twentieth century. We have our refined and devitalized foods—white sugar—white flour—polished rice and similar products. We like our soft and over-cooked foods—mashed potatoes—gravies—pastries—deserts—delicacies—foods that tickle the palate and please the taste with little thought given to the actual needs of the body. Many of us must eat in restaurants where only such foods are available.

Under these conditions, how are we to supply Nature with the vital working and building materials—natural iodine for the glands—natural iron for the blood—natural magnesium for the nerves—natural chlorine—potassium—sodium—etc? How are we to maintain the normal chemical balance to insure the natural harmony and proper functioning of all organs—to maintain a rich and healthy blood stream to enable Nature to combat ailments common to this age?

Here is the answer.

Pacific Health-Ore Supplies Essential Minerals and Salines which are so vital— invaluable—indispensable to life itself.
