**Have You Acid Scalp?**

If your hair won't keep the simplest wave for several days, there is probably too much acidity. A condition that causes hair to be stubbornly straight and stringy, and to lack all lustre. Acid scalp.  
From the hour you check this excessive acidity your hair will act and appear very different. It will arrange easily in any style that becomes, for it will have lovely softness, and all the sheen all healthy hair normally has. Danderine will neutralize the acid, and actually dissolve every particle of dandruff scale. Your hair won't need anything else to keep it fresh, wholesome, and free from the least objectionable taint that is too often noticed in otherwise fastidious women.  
Danderine sells for only thirty-five cents at any drugstore, and as only a few drops on comb or towel will do the work, a bottle lasts for weeks!

Why a Charge Account?  
It is more convenient to say "Charge it," than to make change, or to write a check, in either case one is subjected to the usual inconvenience and delay of waiting for change, or having the check O. K'd.  
In this age of budgeting ones income, a charge account is the best insurance. In checking the monthly account, one knows definitely how the salary check is to be spent. It is next to impossible for one to keep such a record of cash purchases.

**WHEN LEAVES GROW GOLD**

When leaves grow gold, and north winds blow,  
October's brush makes landscapes glow,  
Decks monarch oak in cloak blood-red,  
Her graceful elms chrome yellow spread.  
Through ivies' green, makes ruby flow,  
And gentian blue, so loth to go,  
Greets golden-rod, while to and fro,  
Soft fringes wave. Bowed sunflowers head,  
When leaves grow gold;  
In wealth of nuts glad squirrel chirps low,  
'Midst sigh of leaves caws luckless crow,  
And sad our hearts when comes the dread  
Cold snow as swift departs the tread  
Of Autumn fair—all loved her so,  
When leaves grow gold.  
—Viola Price Franklin.
