

For Relaxed Chin Muscles

advises a balanced combination of nourishing skin foods and astringents

Skin foods should be carefully selected according to whether the skin is dry or only and should be tollowed by an astrongene that will not dry the skin.

But most important of all, the sluggish circulation must be stimulated if the muscles and tissues are to resume shear natural functions and the skin again become glowing active.

Miss Grav has invented a Rubber Patter which if used in connection with creams and astringents will etimulate circulation and rejuvenate muscles and
