THE WADE STORE 220 N. Liberty

Had to Go to Three Towns Before She Could Buy!

"For years I have studied magazines, I have found it economical to buy branded merchandise—had to go to three towns before I found Munsingwear." Exact quotation uttered recently in Miller's store.

Not so with Salem women, for, right here under one roof is to be found, the greatest collection of nationally famous lines. Merchandise which enjoys nation-wide and even world-wide reputation for quality, style, comfort. It is the quality you demand and have a right to expect.

Year after year we have attracted to our store, famous names, one after the other, until today we can prove that no other store in Salem (and probably not in the entire Willamette Valley) can approach us along this line.

Brands that our parents and grandparents knew . . . and that stand for quality ideals. Many of these lines are controlled exclusively by this store. . . . Compare these brands with unknown merchandise made up by "Anybody, Inc." and you will find no comparison as to quality . . . you will find, however, a few cents difference in price. This holds true more with catch penny stores because of merchandise that is sub-standardized to meet a low price. A fair example of catch penny prices happened not so long ago when an actual comparison between a well known brand of hosiery priced at \$1.65 a pair was compared with so-called "just as good" hosiery at \$1.49 which were made for a low price. The \$1.65 quality was clear, lustrous and perfectly seamed, while the \$1.49 had a crooked seam, dull, cloudy silk. We draw this comparison to show the advantage of buying real quality for the small difference in price.

THERE IS NO SUBSTITUTE FOR QUALITY—and that applies to all purchases, whether of necessities or luxuries or things to wear or articles for the home. "EVERFAST" cottons, "HOLE-PROOF" hosiery, "MUNSINGWEAR" underwear, "PRINTZ" coats, etc., have stood the test of time and the ever growing demand for these brands prove that people will consistently buy branded merchandise.

Manufacturers, who solicit business from the merchant who is continually featuring cheap merchandise at would-be low prices, are classed with the itinerants. Here today and gone tomorrow. Thus, we find that merchandise from such sources seldom run uniform in quality or price.

STORE KEEPING IS A MATTER OF SERVICE—giving the public what it wants, quickly, and at the lowest possible prices consistent with quality. When planning your holiday and winter purchases, remember that you'll find—THE COUNTRY'S FOREMOST PRODUCTS AT SALEM'S FOREMOST STORE.
