

**LIBERTY BONDS IN**

**SECOND LOAN RECALLED BY MR. MELLON**

PORTLAND, Nov. 15.—(AP)—Scores of second liberty loan bonds were presented across the counters of banks and bond houses today, their career of usefulness ended.

Under call issued some weeks ago by Secretary Mellon of the United States treasury department, all second liberty bonds, regardless of the coupons they bear, running to 1942, matured today. As interest-bearing obligations of the government they have served their time. They now represent so much cash due from the government, plus the semi-annual interest that has accrued.

Banks of Portland did an extensive business in second liberties today. At close of business Monday they held no less than \$750,000 of these bonds, presented for cashing one or more days in advance of actual maturity. The federal reserve branch bank alone held about \$500,000 of the certificates, virtually all of which will be credited to the banks which turned them in. Bond houses of the city also held considerable amounts.

**Seek To Remove L. R. Smith As Northwestern Receiver**

PORTLAND, Nov. 15.—(AP)—Removal of Lloyd R. Smith as receiver of the Northwestern Trust company and the Vernonia Light and Power company, is sought in proceedings started here in the circuit court. Sessions were taken up with statements offered by attorneys representing the various interests. The proceedings will be continued tomorrow. Smith's removal is sought by bondholders of the light company and by creditors of the trust company.

It is alleged by the plaintiffs that Smith, receiver for nearly a year, has been wasteful in the expenditure of funds and has been unduly dilatory.

**Former Deputy Sheriff In Big Moonshine Ring**

PORTLAND, Nov. 15.—(AP)—Helen Stillman, former deputy sheriff of Multnomah county, working in the tax collection department, pleaded guilty before Federal Judge McNary Monday to charges of possession of liquor and manufacture. She was one of the defendants named in the Beggs liquor conspiracy, but the conspiracy count against her was dismissed upon motion of J. N. Helgeson, assistant United States attorney. A fine of \$200 was assessed.

The court was informed that she was cognizant of the liquor

operations, as she was a friend of Charles A. Beggs, the reputed leader of the ring, and was frequently with him when he delivered liquor.

**Women Make Excellent Bill Collectors, Word**

CHICAGO, Nov. 15.—(AP)—Man's reluctance to admit to a woman he is "broke" makes the female of the species an efficient bill collector, believes Miss Irene Shattuck of Beaumont, Texas.

"A man is afraid, ashamed, to confess to a smiling woman collector he has no money," Miss Shattuck, secretary for a financial company, told delegates at the National Association of Finance convention.

"Masculine superiority rebels at the idea and so the women usually comes away with some sort of payment."

**Crate Plan Advanced In Broccoli Industry, Said**

ROSEBURG, Nov. 15.—(AP)—Broccoli growers of the county are pleased with the new crate plan advanced by the Umpqua broccoli exchange and plans are being made to send out several test cars during the cauliflower shipments next month. The Umpqua valley broccoli growers announced today that they will pool their interests with the exchange and the two concerns will join in the tests, using the new crates.

Under the new plan the leaves will be stripped away and the heads packed solid. The crate will be less than half the size of the old one, but will contain as many heads of broccoli.

**British Aviator Not To Fly Now Until Tomorrow**

MILLS FIELD, Cal., Nov. 15.—(AP)—Bartlett Stephens, assistant superintendent of Mills field announced at 12:30 a. m., that definite decision had been reached by Captain Frederick A. Giles, British aviator, to postpone the take-off of his flight from San Francisco to Honolulu until Wednesday. Stephens made the announcement after a conference with the aviators.

**Pennsylvania Governor Corporation Official**

PITTSBURGH, Nov. 15.—(AP)—Governor John S. Fisher, of Pennsylvania, was named here at the conference of American Federation of Labor officials on the coal strike situation, as vice president, attorney and director of the Clearfield Bituminous Coal corporation, which officials of the United Mine Workers termed "a strike breaking subsidiary of the New York Central railroad."

**Former Linn County Girl Dies At Baker, Aged 79**

BAKER, Ore., Nov. 15.—(AP)—Mrs. Susan Jane Hearing of Haines, 79, died at her home here Monday after a long period of failing health.

Susan Jane Taylor was born in Knox county, Illinois, January 31, 1848. She crossed the plains with her parents in 1852 and settled in Linn county, Oregon. She was married to Samuel P. Hearing January 11, 1866. In 1872 they moved to Baker county. Mr. Hearing died in 1909.

**Timber Shipped Measuring Just 72 Feet In Length**

TACOMA, Nov. 14.—(AP)—Included in the lumber consignment taken from Tacoma today by the American-Hawaiian freighter Californian was one timber which measured 72 feet long and 41 inches square, weighed eight tons, and it is estimated will cut into 10,000 feet of lumber. The timber will be discharged at New York.

Carrying 3,000,000 feet of lumber loaded at Tacoma mills the Eleanor Christensen sailed for New York and other east coast ports early this evening.

**Six Men Needed To Help Hefty Negress Into Car**

YAKIMA, Nov. 15.—(AP)—Reinforcements were called by ambulance attendants here today to raise Mrs. Edna Flowers, negress, after the porch of her home collapsed under her weight and she was thrown several feet to the ground. Mrs. Flowers weighs 315 pounds and when the ambulance was called the attendants were unable to move her. It took the combined efforts of six men to place Mrs. Flowers in the ambulance and take her to the hospital.

**AN ERRONEOUS IMPRESSION**

This product is not an ore similar to the popular conception of a hard, mineral bearing, rock formation—such substances are of course not soluble in water—but, to the contrary, it has the appearance of a soft shale formation. Altho PACIFIC HEALTH-ORE is found deep below the surface of the earth and is the result of some unusual geological formation ages ago, it is comparatively "young," as geological formations go, and therefore incomplete or unfinished. In this feature lies its remarkable medicinal value, rendering it one of the most valuable recent "finds" in Oregon's natural resources. Originating from vegetation of land and sea, and being incompletely carbonized or hardened, it is rich in the majority of the mineral elements required by the human body.

Evidence of remarkable benefits obtained by the use of this product is overwhelming and should warrant a trial under our liberal money-back policy by any sufferer with chronic ailments, even though other treatments have been used to no avail. From the sale of thousands of packages — requests for only ten refunds have been received. Numerous local people have informed us of phenomenal results and we continually receive letters of praise and gratitude from many parts of the country, from Alaska to Alabama. "Must say we think it wonderful, it has helped us so much," writes a lady from Idaho, who is using it for the treatment of Goiter, her husband for HIGH BLOOD PRESSURE. "Best remedy I have ever found for STOMACH TROUBLES," writes a man from New Mexico,

Is your body starved for the vital mineral salines which present day refined foods do not supply? Is Nature unable to conquer your chronic ailment for lack of proper working and building materials — materials to replace broken down and diseased tissue — materials to feed and stimulate to normal action lagging cells and glands? Is your system lacking in the vital and health maintaining minerals — natural iodine for the glands — natural iron for the blood — natural magnesium for the nerves — natural chlorine — potassium — phosphorus — sodium — sulphur — calcium? Supply these minerals — give Nature a chance to restore the normal chemical balance to insure natural harmony and proper functioning of all organs, cells and glands — to maintain a rich and healthy blood stream — you'll be surprised at her response.
