box. Upon learning that Johnson was a native of Guelph, Canada, Prince Edward said, "I expect to go to Guelph when I am in Canada, and I shall tell them there how beautifully you sing." Johnson wondered whether the Prince would remember; but upon his next appearance in Guelph he learned that Prince Edward, in making a speech a few weeks before had told his audience how much he had enjoyed Mr. Johnson's singing in Rome and made him command that everyone in Guelph attend the concert. Naturally he was obeyed.

When Queen Marie of Roumania first heard Johnson sing, she wrote a note to her cousin, the Grand Duchess Kirile, as follows: Mr. Johnson has one of the most glorious voices I have ever heard. He has just sung for me. You must hear him." And it was signed "Maddy" which is the name by which the Queen is known to her family.

Mr. Johnson who is presented under the management of the Salem Artist Series, is accompanied on his present tour by Blair Neale, who will be heard in two groups of piano solos.

## DISABLED VETERANS CASES INTO COURT

Two Former Soldiers In Trouble Over Settlement On U. S. Lands

PORTLAND, Nov. 22.—(AP)—Emory Davis and E. H. Best, living on the mpqua national forest reserve high in the Cascade mountains between Roseburg and Diamond Lake, were back in federal court today. Davis, a veteran of the Spanish-American war, and Best, a veteran of the world war, established homes in the government reserve more than a year ago. Classified as squatters, they were ordered off the reserve by the forestry service. They refused to leave, until, finally, a suit was instituted and they were ordered off by the court.

When they again refused to leave, an order was sent after them and they appeared here Sept. 15 on contempt charges. They were given sixty days in which to leave. Both promised the court they would be out by that time. On Nov. 15 the forestry service reported they had not left and a bench warrant was issued for each. Their arrest followed and they appeared in court today.

Best assumed the role of spokesman today. He declared Davis, who was married about three weeks ago, had really left his claim, but had returned for some possessions. He, himself, Best said, had been endeavoring to find work, and his wife refused to leave until he had established a home elsewhere.

Action on the case was postponed until Wednesday. Both men are partially disabled as the result of war service injuries.

## Ambassador Gives Views On International Peace

MEXICO CITY, Nov. 22.—(AP)—Patience and tolerance are required to solve the difference which constantly arise between nations, Dwight W. Morrow, the American ambassador, said in the first public utterance he has made since coming to Mexico. He spoke at a dinner given in his honor by the American Colony.

The ambassador did not discuss any questions pending between the United States and Mexico, but he said that while an official envoy perhaps may be of some assistance in helping an understanding of international problems, "in the long run the relations between the two great neighboring states, Mexico and the United States, must depend in large part upon what you unofficial envoys do by your acts," he added, "the United States is interpreted in Mexico."

## Help Kidneys By Drinking More Water

Take Salts to Flush Kidneys and Help Neutralize Irritating Acids

Kidney and bladder irritations often result from acidity, says a noted authority. The kidneys help filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night; the sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it. Bladder weakness, most folks call it because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Begin drinking lots of soft water, also get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast. Continue this for two or three days. This will help neutralize the acids in the system so they no longer are a source of irritation to the bladder and urinary organs, which then act normal again.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by acid irritation. Jad Salts causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink which may nixicky relieve your bladder irritation.

## "CRADLE SNATCHER"

A few minutes later she returned to find the child sitting on the curb and the carriage gone.

## BELGIAN CABINET MEMBERS RESIGN

Impossibility of Reconciliation Results In Move To Oust Body

BRUSSELS, Belgium, Nov. 22. (AP)—The Jaspas cabinet, which took office May 20, 1926, resigned Monday, after a meeting which revealed the impossibility of reconciling the conflicting views of the socialist and non-socialist ministers on the period of military service.

The socialist attitude was finally decided at a morning caucus of the socialist ministers with the socialist senator, M. de Brouckere. This was to adhere to the demand for a reduction of military service from ten months to six months. The cabinet assembled in the afternoon, and the minister of defense, Count de Broqueville, after a full review of the situation, announced it would be impossible to introduce a bill for the reduction of the period of service that would meet the whole military question be submitted to a mixed commission of deputies and higher officers.

The ministerial council found

that is was unable to agree to this suggestion, and decided on resigning. It is believed the ministry will be reconstructed, the four socialist ministers being replaced by two Christian-democrats, one Catholic and one liberal.
