AUTO SHOW FRIDAY

NEW FORD DETAILS TO BE MADE KNOWN HERE

The full story of the new Ford automobile, described by Henry Ford as being "superior in design and performance to any now available in the low price, light car field," will be told first in Salem next Friday, December 2, according to an announcement made Monday by the Valley Motor company, local dealers.

A public reception is to be held here simultaneously with similar gatherings at every Ford dealer's in the United States, thus constituting a part of the greatest automobile show in the history of the industry.

While no detailed descriptions have yet been given out by local dealers, the Ford-Motor company, from its headquarters in Detroit, has announced that the new Ford car will be as far in advance of present public demand for speed, flexibility, control in traffic and economy of operation as the famous Model T was in advance of public demand when it was introduced in 1908.

Dealers have not yet been advised as to the prices at which the new Ford line will sell, but definite assurance has come from Detroit that the prices will be entirely in accord with the policy of the Ford-Motor company to provide the best possible automobile at the lowest possible price.

Elaborate arrangements are being made for the public reception here. City officials and prominent business men of Salem and vicinity have been invited and preparations have been made to give every caller at the show a thorough understanding of this car which is expected to make a new chapter in automobile history.

Miss Schroeder Ill—Miss Lillian Schroeder, instructor in the continuation school at Salem high, is ill at her home, 416 Marion street.

Attend Special Course—Dr. O. L. Scott and Dr. D. D. Craig, local chiropractors, will leave this morning for Portland where they will attend Neurocalometer technique classes conducted by Dr. Ericson of Davenport, Iowa.
