

NEW FORD CAR exceeds all expectations

Official announcement of new model last week created unusual interest throughout entire country

THE new Ford car has been on the market only a few days, but it has already created unusual interest throughout the country. Millions of people got the full details of it last week for the first time and were delighted with the story of its beauty,

speed, comfort, safety and low price.

All day long and far into the night, great crowds gathered in hundreds of Ford salesrooms from Maine to Florida and from New York to San Francisco. Never has such interest been shown in a new car. Never has any new car so far exceeded expectations.

People knew that Ford was making a new car. They knew it was a good car. They had read announcements about it. But they had no idea it would be a car like this. Their quick appreciation of it is shown by the record-breaking sales.

Greatest day in the history of the automobile industry

Thousands upon thousands of orders for the new Ford car have been received since last Friday. These and the advance orders placed with us by motorists even before the car was officially announced, will keep the entire Ford plant working day and night for weeks to come.

Such figures are a clear and unmistakable reflection of the value that has been built into the new Ford car. It is, without question, the outstanding purchase of all time in the light-car field.

It is difficult to believe that so much speed, power, beauty, quiet, comfort and safety can be had at such a low price. It *would* be impossible if this new car were made by anyone but Ford.

Only Ford could sell such a fine car at such a low price

The low price of the new Ford car and its exceptional performance are the result of manufacturing practices and economies as unusual as the car itself. The new Ford is more than a new automobile. It is a new idea in modern, economical transportation.
