

WEBFOOT QUINTET BEATS MULTNOMAH

PORTLAND, Dec. 27.—(AP)—The University of Oregon basketball team although slow and unpolished won the second game of the practice season by galloping through Multnomah club tonight on the Winged M floor, 58 to 30. The Webfoots took the lead and kept it with the exception of the first five minutes of play when both quintets were sparring to discover weaknesses.

NEXT BOXING CARD TO BE JANUARY 11

The next boxing card will be staged January 11. Matchmaker Plant said yesterday upon his return from Portland, unless matters arise to interfere, Principals in the bouts are in doubt, but an effort will be made to line up a suitable opponent for Eastling Sims. Sims is popular in Salem.

Plant is also considering a match between Ted Fox and Stanley Stewart. Stewart almost rioted the fans in Portland some time ago by his fine display of glove throwing, and Fox recently slashed up Bobby McIntyre at Silverton. It should be a good match.

The card will be staged in the Grand theater—that is, unless the armory board capitulates. This was stated yesterday by Chairman Levy of the boxing commission. The commission will not back down in its demand for a reduction of the rental figure on the armory, and elimination of passes for guardsmen.

WASHINGTON FIVE DEFEATS ILLINOIS

SEATTLE, Dec. 27.—(AP)—The University of Washington basketball team defeated Illinois 34 to 23 here tonight in the first of a three-game series dedicating Washington's new \$600,000 athletic pavilion. Seventy-five hundred persons saw the game.

CHEHALIS HIGH TILT CANCELLED

The game against Chehalis high school which was to have opened the hoop season for the Red and Black quintet will not be played Friday evening, it was announced yesterday by Homer Lyons, manager.

HOUSE TOURNEY STARTED AT Y

In the first game of the basketball tournament at the Y. M. C. A., the Hageman Beavers defeated S. Van Lydygraf's Junior Bucks to the tune of 31 to 3. Fred Hagemann scored 20 points for the Beavers, but it was not a one man team, as the passing was excellent. The Junior Bucks showed promise but will have to develop better teamwork.

PETROLEUM OUTPUT GROWS

MARACAIBO—Yenezuela now ranks fourth in the world's production of oil and reports indicate that before the end of 1927 the output will equal or surpass that of Mexico. Average monthly production this year has been 4,517,267 barrels. The potential output is estimated at 14,000,000 barrels monthly, but it is restricted at present by lack of storage facilities.

HOPE FOR THIRD CHAMPIONSHIP

Three-time winners is the aim of the University of Oregon basketball team, twice champions of the northern division of the Pacific Coast Intercollegiate conference. They won the title in 1926 and 1927. Two veterans form the nucleus of the 1928 team—Scott Milligan and Gordon Ridings. Coach Billy Reinhart is building his team around them.

Sports Done Brown

By Norman E. Brown. Here are the main morsels that sport fans were fed in March, 1927.

The signing of Babe Ruth at an annual salary of \$70,000 a year for three years.

The winning of the Southern Open golf championship in his home town by Bobby Jones.

The victory of Jack Sharkey over Mike McTigue.

The defeat of Bill Tilden at the hands of George Lott, young Chicago tennis star, in a Florida tournament.

The victory of E. R. Bradley's entry "Boo" in the Louisiana Derby, presaging another big year for the Bragadeiro stable.

The feat of Major H. O. D. Seagrave, Briton, in driving his mystery auto at the rate of 203.792 miles per hour over the sands of Daytona Beach, the fastest speed ever made by an auto.

The attempted suicide of Johnny Mostil, star outfielder of the Chicago White Sox, at the Sox training camp in Shreveport, La.

Edvin Wide, Swedish runner, met defeat in his first appearance, at the hands of Lloyd Hahn, who tossed off a mile indoors within a fifth of a second of the world's record to defeat the invader. Hahn's time for the mile was 4 minutes 13 1-5 seconds.

Big Munn and Strangler Lewis put on another of their wrestling acts but I don't remember where or whose turn it was to win.

The signing of Ruth, Behemoth of Swat, at the unheard of salary of \$70,000 per year was the outstanding event of course. Few persons had the slightest idea then, however, that Ruth would make the figure look tiny by setting the baseball world aflame with his successful attack on his own world's record for home runs for a season.

The staging of the Southern Open golf championship tourney at Atlanta, Ga., Jones' home town, was in the nature of a celebration in Bobby's honor. It was fitting that he should win it—with an exhibition of golf that only Jones can play.

He finished eight strokes ahead of Johnny Farrell, with a score of 281.

In the second round of play he turned in a 66 for 18 holes, the third time in his life that he has shot such a score in tournament play.

Sharkey's victory over McTigue was not unexpected. Battling Mike was along in years. His surprise victory over Paul Berlenbach was the only thing that gave his adherents hope.

Sharkey won a technical k. o. victory when the fight was stopped in the twelfth round. That victory put Sharkey in the running for a battle with Maloney—and his later fight with Dempsey. Had some one warned Sharkey against looking at the referee instead of his opponent while he was beating Mike and Maloney the year might have brought more glory to Sharkey.

Bud Taylor and Tony Canzoneri met in Chicago in a bout that was to establish one of them as the bantam champion, to succeed Rosenberg, and the thing ended in a draw. No long count needed.

Someone should save one of the old impregnable sausages and put it in a museum with the other lost arts.

The new weenies are not hooked together like those of old. So if you eat a second one, it's your own fault.

Unhappy teeth will find the new franks about as resisting as an old employee protesting a raise.

TEACHERS GATHER AT ANNUAL MEETING

Business Today Includes Election of Officers and Group Reports

PORTLAND, Dec. 27.—(AP)—The election of officers and reports of committees will head the business tomorrow at the meeting of the representative council, comprised of official delegates to the Oregon State Teachers' association. The council, as well as the general assembly of the convention, will hold its meeting at Lincoln high school auditorium. The convention will close Friday night.

H. E. Inlow, superintendent of schools at Pendleton, vice president of the association, will succeed automatically to the presidency, now held by Mrs. Susanne Homes Carter of Medford, county school superintendent of Jackson county.

The election contest will center about the choice for vice president and although several candidates have been nominated, only the names of the first with the highest number of indorsements will appear on the ballot. Two trustees will be chosen to succeed Charles A. Rice, superintendent of Portland schools, and J. O. McLoughlin, city school superintendent of Corvallis, whose term expires.

Committees which will make their reports tomorrow include two groups which have made surveys on the objectives in teaching arithmetic and spelling and the finance, revenue and taxation, constitution and by-laws, retirement fund, resolutions, legislation and investigating committees.

About 300 teachers will attend the meeting of the representative council tomorrow.

Sport Ritticisms by BILL RITT

Skinless frankfurters have made their appearance. It's probably a movement to conserve leather.

Next summer baseball fans will be shocked to find their favorite fruit undraped and its charms exposed to the hungry eye.

The old armored hot dog had its points. It kept us from knowing the ghastly truth of what we were eating.

It's a new experience, nibbling a nude weenie. Something like chewing soup.

Unhappy teeth will find the new franks about as resisting as an old employee protesting a raise.

Someone should save one of the old impregnable sausages and put it in a museum with the other lost arts.

WILL THEY SHOOT WORKS FOR LOU?

Now comes the rumor that the new owners and officials of the Cleveland ball club, having been checked in their efforts to rebuild their team from various angles and sources, are trying to turn the trick with one fell swoop—through the purchase of Larruping Lou Gehrig of the Yankees. He would cost them plenty, but would be worth it from the playing and box office end.

Mystery Develops When Wrong Corpse Delivered

FRESNO, Cal., Dec. 27.—(AP)—An investigation to determine how Miss Evelyn Mann of Los Angeles received the body here of a stranger in the belief it was that of her brother was launched by Chief of Police W. G. Walker today at the request of the girl and Fresno relatives. Notified by a Mrs. Long of the Multnomah county hospital in Portland, Ore., that "Your brother Harry, is dying," Miss Mann answered, advising the sender it might be her father and asking for further details. On Christmas eve she was notified of his death.

Arrangements were made through Fresno undertakers for the shipment of the body here for burial. Miss Mann went to the undertakers, grief stricken, to view the corpse. The coffin was opened and the still face of a stranger, aged about 34 was seen.

Miss Mann's father is Harry G. Mann. He is known to have been in several cities, she said, so she was not surprised that he might be in Portland, but was overcome by the message announcing he was dying.

Miss Mann was employed by a mortgage company in Los Angeles and the original telegram was sent in her name to "real estate office" and delivered to her.

Whether the original telegram was intended for another Evelyn Mann in Los Angeles, or whether the stranger had assumed the girl's father's name could not be ascertained by Chief Walker in his preliminary investigation.

PORTLAND, Dec. 27.—(AP)—Dr. Kenneth T. Long, for many

years a friend of the family, said tonight that there was no doubt in his mind but that a body sent from Portland to Fresno a few days ago was that of Harry G. Mann, 34 years old, a stage driver, and a brother of Evelyn Mann of Los Angeles. He made this assertion when informed that an investigation was authorized in Fresno when Miss Mann declared the body was that of one she had never known. Officials of J. P. Finley and Son, morticians, likewise declared the body was that of Mann.

The records of the Multnomah county hospital where Mann died on December 23, show that he came here for treatment on December 8. He gave Dr. Long's name as the person to be notified in case of his death.

Clothes that accompanied the body to the undertakers contained letters from Evelyn Mann, bearing the return address of the Mortgage and Loan corporation, 727 South Spring street, Los Angeles.

They also say friends of Mann who viewed the body here raised no question as to the identity and it was forwarded to Fresno Saturday.

Dr. Long said he had known Mann for 20 years and knows his sister, Evelyn. He saw them together about a year ago, he declared. When he learned Mann was about to die, he got in communication with her and later notified her of her brother's death.

Funeral directors expressed the opinion that, because of the maculated condition of Mann's body, Evelyn Mann was unable to recognize it as that of her brother.

heavy automatic pistol, apparently seeking where to shoot. After the third command to surrender had been ignored, the officers flashed on the lights and Brice blazed away with his sowed-off shotgun as McLeod was trying to aim his pistol. The officer's load of shot struck the boy in the chest.

Before his death McLeod confessed, the officers said, that he had secured the combination of the store safe from a former employee there. The boy's relatives have lived here a long time, and were respected residents.

Kelley was arrested in connection with the attempted burglary, as was Arnel Cochrane, the employee who was said to have furnished the safe combination.

A fourth suspect was held, but his name was not given out.

Prominent Lumberman Dies in Wisconsin At Age of 76

CHIPPewa FALLS, Wis., Dec. 27.—(AP)—William Irvine, 76; civic benefactor and millionaire lumberman, died at his home last night after a six months' illness. Mr. Irvine was general manager of the Chippewa Lumber and Boom company, for 40 years until 1911.

At the time of his operation the company was the largest saw mill under one roof in the world. Mr. Irvine was a director of the Soo Line railway.

ONE'S OWN BUSINESS. It is the inestimable right of human beings to find happiness in their own way or to grow by their own mistakes.—Woman's Home Companion.

DAVID GOLDSTEIN AT ARMORY TONIGHT

Tonight at 8 o'clock, the long awaited lecture by David Goldstein nationally known authority on radical movements, will take place in the armory. The subject of Mr. Goldstein's talk will be "Subversive Movements in America." His appearance here will be under the auspices of the Salem Council, Knights of Columbus, and will be part of that organization's nationwide educational campaign against the enemies of American ideals and institutions. Mr. Goldstein, once a member of the Socialist party, has a complete and first-hand knowledge of his subject. He is an entertaining and, at times, an exciting talker. It is Mr. Goldstein's policy to hold an "open forum" at the close of his lectures. During this period, anyone in the audience is free to ask the speaker such questions as he may choose. This feature has been the occasion of some sharp exchanges and the men and women planning to be at the lecture tonight may look forward to more than one clash between the speaker and radical opponents. The doors will open at 7:30 o'clock and the lecture will start promptly at 8:00 o'clock. Everyone is welcome. There will be no admission charges and no collection or solicitation of any sort.

HALT RESCUE WORK

SOUTHWEST WIND INTERFERES WITH SALVAGE TASK

PROVINCETOWN, Dec. 27.—(AP)—Work on the second tunnel under the sunken submarine S-4 was halted late today when a strong southwest wind and a choppy sea forced navy divers to suspend operations for the day.

Six divers working in relays descended during the day and half completed the second tunnel, located about ten feet forward of the S-4's gun. Given favorable weather tomorrow the divers should complete this tunnel and then Captain Ernest F. King and Lieutenant Commander Edward Ellsberg, who are directing the diving operations, will be able to determine the buoyancy of the sunken craft, and whether a tunnel for a third cable beneath her keel will be needed for the pontoons which will be used to raise her.

It is the intention of the salvage officers to seal the hole made by the coast guard destroyer Paulding in the submarine's hull and pump out the boat with compressed air. Commander Harold E. Saunders, a submarine construction expert from the Portsmouth navy yard who will supervise this phase of the work, spent the day and part of tonight studying the interior of the S-8, sister ship of the sunken submarine.

The first diver to descend today took with him the two large signs lettered, "This way forward" and "this way aft" and fixed them to the S-4's deck. These signs, the idea of Commander Ellsberg, are

INJUNCTION ISSUED IN OKLAHOMA ROW

Court Hands Down Order Forbidding State Senate To Hold Session

The temporary injunction is designed to prevent the meeting of "an alleged impeachment court to consider certain charges" against the governor and to prohibit the senators from holding further meetings or receiving additional charges. It was issued by District Judge George W. Clark who has not previously been involved in the numerous court actions directed by the governor against the proceedings of the self-called special session of the legislature.

The injunction which was being served on members of the senate tonight, directs Ben B. Dancy, sheriff of Oklahoma county, to enforce its dictates, and orders the governor to lend all assistance at his disposal for enforcement.

Senate leaders expressed belief that it indicated the governor planned again the use of the national guard at the capital, when he summoned it to disperse a meeting of state representatives several weeks ago, but which has been withdrawn during the Christmas holidays.

OKLAHOMA CITY, Okla., Dec. 27.—(AP)—A temporary injunction against a meeting of the Oklahoma self-convened senate to act on impeachment charges against Governor Henry S. Johnston, was granted the executive in district court here tonight. The injunction is returnable January 3.
