TOM MIX AND TONY SURPASS OWN FEATS

Western Ace Will Show Patrons Something New In Way of Thrills

Theater patrons who will see Tom Mix in "The Arizona Wildcat," Fox Films latest release, at the Capitol today and tomorrow, will view the western star in new and more daring acts than he has had put on the screen before

Mix has the role of Tom Phelan, owner of an Arizona ranch famous for its polo ponies, and in the opening escuences Tom rescues Dorothy Sebastian from the wreckage of a stage coach at the edge of a high waterfall. She was in the coach when the horses ran away and wrecked the vehicle at a ford above the falls. The coach floats to the falls and is caught by rocks where Mix, riding Tony, dashes to the rescue.

Mix throws a rope over a limb of a tree and ties an end to the pommel of the saddle and the other about his waist. Then Tony walks forward and lowers Tom so that he can take Miss Sebastian in his arms. At Tom's signal the horse walks backward and pulls noth out of the coach as it topples over the brink of the fall.

After arriving at the ranch Tom gain saves the girl after she has ttempted to ride an outlaw horse nd provides a lot of thrills as
