HOW MRS. WEAVER WAS HELPED

By Taking Lydia E. Pinkham's Vegetable Compound

As Mrs. Weaver herself says, "I was never very strong." This is a mild statement describing her condition, for, according to her letters, she was subjected to no small amount of ill health. Fortunately, her sister was familiar with Lydia E. Pinkham's Vegetable Compound and begged Mrs. Weaver to try it. "After three or four weeks," writes Mrs. Weaver, "I felt a great difference in myself. I would go to bed and sleep sound, and although I could not do very much work, I seemed stronger. I kept on taking it and now I am well and strong, do my work and take care of three children. I sure do tell my friends about your wonderful medicine, and I will answer any letters from women asking about the Vegetable Compound."—Mrs. Lydia E. Weaver, East Smithfield St., Mt. Pleasant, Pa.

If you knew that thousands of women suffering from troubles similar to those you are enduring had improved their health by taking Lydia E. Pinkham's Vegetable Compound, wouldn't you think it was worth a trial?

SPRING VALLEY COMMUNITY CLUB HAS MEETING

SPRING VALLEY Jan. 14.—The Spring Valley Community club held a very interesting meeting Friday evening, January 13, at the Spring Valley school building.

President Chris Yunker called the meeting to order. Mrs. Frank Windsor, secretary-treasurer, read the various reports. The club decided to accept the offer of a traveling library.

Committees appointed were as follows: Program—Charles Teeple, Jesse Sohn, Chris Yunker.

Refreshments—Frank Smith, who will choose his assistants. A shadow play social will be given at the next meeting on February 10. A very good program was given after the business meeting was completed.

The cafeteria supper netted the club \$17.25 which will be applied on the new piano.

The opening number was a violin solo, "The Old Refrain," by Lorine Walling, accompanied at the piano by Mrs. Seymour Wilson. She responded to an encore. Grace Childers, accompanied at

the piano by Mrs. Wilson, gave a vocal solo, "Just a Cottage Small by a Waterfall," and gave as an encore, "Let Me Call You Sweetheart."

"The Goats in the Turnip Field" was a story dramatized by the first, second and third grades under direction of their teacher, Mrs. Ethel Sohn. The children were well trained and played their parts like adults. Arthur Yunker told the story.

A skit, "The Art Critic," was given by Irene Windsor and Eula Smith.

A quartet from Salem composed of Messrs. Pearson, Teach, Barlick and Moritz, gave two numbers, "Kentucky Babe" and "A Negro Spiritual," and graciously responded to numerous encores.

Mrs. Donna Crawford gave Rubenstein's "Melody in F" on the new Gulbranson piano and responded to an encore.

"Hangin' out the Wash," a humorous skit, was given next and made a decided hit with the audience. The characters were Mrs. Onyxpected Johnson, Mrs. Fred Owen, and Mrs. Dilemma White—Mrs. Frank Windsor.

A very good exhibition of aesthetic dancing and a spiritual solo were given by the characters.

Two numbers given by the popular quartet which called for more encores, closed the program.

DAD'S DAY PLANNED

FATHERS OF UNIVERSITY STUDENTS INVITED

UNIVERSITY OF OREGON, Eugene, Jan. 14.—(Special)—It will be "Dad's Day" at the University of Oregon on Saturday, January 28 when the fathers of all students will be invited to spend the day as guests of the university.

Eugene townspeople, and the students. Representatives of the student body, the faculty of the university, and the city were present and complete plans for the day were laid.

This interesting event in the social life of the school was conceived in the minds of university authorities for the purpose of acquainting fathers of students with the university, and to give them an intimate glimpse into the student life of their boys and girls. The equipment of the university, and the city surroundings will also be available for inspection during this time.

"We want the fathers of our students to come to the university, enjoy the hospitality and our splendid 'Oregon Spirit,' see just where classes are held, where the boys and girls live and play, and also to become acquainted with each other," stated Dr. Arnold

Bennett Hall, in outlining the purpose of the event.

"The men and women of Oregon want their boys and girls to have the best possible education, and if they come down here they can see first hand just how the students spend their time and how and where they study. They can meet faculty members and those of the administration, and ideas can be exchanged. We gladly extend a welcome to every father in the state to attend this 'Dad's Day' gathering."

A committee composed of fathers of students has already been appointed and representatives have been chosen from every part of the state. A Salem committee, to promote interest in the gathering at Salem, has been named as follows: Dr. H. H. Olinger and Carl Fisher.

The directorate of the student committee is composed of Herbert Sociolofsky, Salem, invitation; Miriam Barnes, Tacoma, Washington, welcome; Robert Galloway, Cottage Grove, publicity; and Donald Bejar, Warrenton, student body president.

The program for the day includes tours of the campus during which university schools and departments will hold "open house," a banquet in the evening which will be attended by fathers and their sons and daughters, and the basketball game between Oregon and the University of Washington that evening. Dr. Hall will make

the principal talk at the banquet, and several features are also planned by the students.

During the day it is planned to call a meeting of the committee, and form a permanent organization. "Dad's Day" is to become an annual affair, with one of the days in the fall term set aside for the purpose hereafter, it is announced.

HOLE DRILLED INTO SUB

Divers Finish Job of Making Opening Into Torpedo Tube

PROVINCETOWN, Jan. 14.—(AP)—Divers Friday completed the work of drilling a hole into the torpedo room of the sunken submarine S-4 preparatory to attaching an air line for forcing water out of the compartment.

Besides drilling an inch hole in the torpedo compartment by means of a compressed air drill, the divers also took down underwater torches with which they burned away obstructions preparatory to burning a hole in the hull for an exhaust valve.

Officers of the salvage fleet today estimated that if the weather remained favorable it would require two weeks to complete the work of unwatering the submarine so that it might be raised by means of pontoons.
