FORM STOCK FIRM

Company Organized to Take Armour Holdings

NEW YORK, Jan. 18.—(AP)—Formation of a new company to take over public stockyards holdings of Armour and company of Illinois, valued at between \$4,000,000 and \$5,000,000 was revealed here today in plans for a public offering of common and preferred stock in the new company...

The action is in compliance with a decree filed in the supreme court of the District of Columbia Feb. 27, 1920, requiring Armour and company to sell its interests in public stockyards.

Stockyards involved are situated in Sioux City, St. Paul, St. Joseph, Mo., Fort Worth, St. Louis, Omaha, Louisville, Newark, N. J., Milwaukee, Brighton, Mass., North Portland, Ore., and Cleveland.

The decree under which the sale is being made was taken in the case of the government against the "big five" packers, including Swift and company, Armour and company, Wilson and company, Inc., and the Cudahy Packing company.

The packers were ordered to divest themselves of all holdings in public stockyards, railroads and terminals as well as their interests in market newspapers as well as cold storage warehouses. They were to limit their activities practically to the wholesaling of meat, eggs, butter, poultry and cheese and similar products.

2 SPIES CONVICTED

British Jury Returns Conviction Against Pair

LONDON, Jan. 19.—(AP)—An Old Bailey jury has convicted two men of trafficking in British official military secrets in the interests of Soviet Russia and dealt a heavy blow to what the prosecution termed "a dangerous spy organization against the safety of Great Britain."

Wilfrid Thomas McCartney, variously described as an Englishman and as an Irish-American, and George Hanson, a youthful German, were each sentenced to ten years penal servitude on the conviction.

McCarty was accused of being the chief spy and Hanson his aide, in obtaining and communicating information useful to opponents of Great Britain in warfare. While admitting that not all engaged in the spying organization had been trapped, Attorney General Hogk asserted that the activities of the arrested men had stopped before material damage could be done to the country.

Summing up, the old chief justice said that the accused had been convicted of "terrible" offenses and denounced them for trafficking in official secrets for gain un-inspired by any thought of serving their own countries.

Care of Babies

Why do so many, many babies of today escape all the little fretful spells and infantile ailments that used to worry mothers through the day, and keep them up half the night? If you don't know the answer, you haven't discovered pure, harmless Castoria. It is sweet to the taste, and sweet in the little stomach. And its gentle influence seems felt all through the tiny system. Not even a distasteful dose of castor oil does so much good. And it is so pleasant to taste. Taste it yourself, and you'll know why "Children Cry for It."

Fletcher's Castoria is purely vegetable, so you may give it freely, at first sign of colic; or when you even suspect the approach of constipation, or diarrhea. Or those many times when you just don't know what is the matter. For real sickness, call the doctor, always. At other times, a few drops of Fletcher's Castoria. See how quickly all fretfulness or wakefulness will cease! Only one word of warning: the above advice is true of genuine...
