BEARCATS OUTPLAY VISITORS 2ND HALF

By Victor D. Carlson
If the name "Goshen high school" had been emblazoned on the men opposing the Bearcats last night, the chances are the Bearcats would have won.

As it was, the Willamette men saw five husky players in Oregon shirts lined up against them. Clearly, the fear of a "big team" cast its spell, and before they became conscious that they too could play basketball, Oregon had run up a lead in the first ten minutes sufficient to win 46 to 33.

Willamette came into the second half with a new team, though the same men played. Casting caution to the winds, and fighting like demons at intervals, the five Bearcats launched an attack which swept aside the Webfoot defense and enabled them to outscore the visitors by two points in this frame.

Age versus youth lined up in the center circle, and age, in a way triumphed. Reynolds, Oregon's 27-year-old pivot man, was the man largely instrumental in giving up the early Webfoot lead.

Reynolds, Oregon's 27-year-old pivot man, was the man largely instrumental in giving up the early Webfoot lead. While 18-year-old Cardinal, usual high point scorer for Willamette, was scoreless until the second half.

Most of Reynolds' baskets were made from the extreme sideline, parallel with the backboard. Cardinal, however, got his share of the tip-offs.

Ridings, forward, former University high player, also played a masterful game for Oregon. Dwight Adams, in his first game for the varsity, led Willamette out of a bad hole in the first half when he came in as substitute for Litchfield.

An Oregon man fouled him in the act of shooting so he collected three points as soon as he got in. From then on he continued to measure the basket and the Oregon defense with a business-like air, and throughout the tilt collected eight more points for high point honors of his team.

Hauk and De Poe played brightly in the second half. The passes were accurate, and both dashed into the Webfoot guards with abandon to get in position for goal throws. Coach "Spec" Keene made numerous substitutions, sending in Minto, Glass and Ledbetter toward the end of the fray.

The Bearcats, all season, have shown a lack of sustained effort. At times they play marvelous ball, and at others look like a third-rate outfit. It is examination week at Willamette, and this may have had some tendency to weaken the team play last night. Furthermore, it is significant that Willamette's best line up on the floor numbered three freshmen players, as against Oregon's team of veterans.

With examinations out of the way, the squad should be in fine fettle for the invasion of Michigan and Coyote territory next week.

Numerous fouls were called on both Oregon and Willamette by Referee Coleman. Willamette converted only nine free throws in 21 attempts, and Oregon was able to count on eight in ten attempts.

WILLAMETTE BASKETEERS

GEORGE E. GLASS, forward, born September 19, 1905. Height 5 feet, 10 inches; weight 160 pounds. Freshman in Liberal Arts. Home town, Bluffton, Indiana. Glass is one of the cleverest players on the squad. He has the art of making an opponent foul him, which in high school sent many an opposing player to the showers. He is not especially fast, but has natural ability at shooting. He will be valuable to the varsity in coming years.

SUSPEND ROAD HEARING

Interstate Commerce Commission to Move to Tacoma. ST. PAUL, Minn., Jan. 31.—(AP).—The interstate commerce commission hearing on the merger proposal of the Northern Pacific, Great Northern and Spokane, Portland and Seattle railroads which was opened here Monday to permit public witnesses to testify, was adjourned late today to be reopened in Tacoma, Wash., at 10 a. m. Monday.

La Salle, the first explorer of the Mississippi river, was assassinated by his own men, according to an answer question in Liberal broadcast and at the receiving end turned back into light waves and photographically developed.

The WOR pictures went through a similar process, but the noise of each picture was recorded on a phonograph record instead of being directly broadcast. Once imprisoned on these records, the faces can then be broadcast at any time from any station.

This process is designed to permit radio stations to install "morphs" of pictures ready for broadcasting at a moment's notice and would obviate the necessity of each one having its own apparatus for turning pictures into sound. The tests today were conducted by Austen G. Cooley, who invented the receiving apparatus used.

DEMPESEY OUT, SAYS TEX IN STATEMENT

MIAMI, Fla., Jan. 31.—(AP).—Tex Rickard indicated today that Jack Dempsey had been eliminated from further consideration so far as another match with Gene Tunney is concerned. Told by the Associated Press that the Miami Daily News was publishing a story saying it had learned through "reliable sources" that Dempsey would never fight again, and adding that Rickard and Billy Gibson, Tunney's manager, were unable to announce the champion's opponent for a summer bout at present, the promoter said: "If I were you, I'd go ahead with about the same sort of story."

AUERBACH WINNER OVER PORTLANDER

PORTLAND, Jan. 31.—(AP).—Herman Auerbach, Salt Lake City middleweight, tonight won a decision over George Dixon, Portland negro in the best ten round main event fight seen here to months.

Auerbach, one of the most colorful battlers to enter the Portland ring, won the decision by an extremely narrow margin in the opinion of newspaper men. Dixon, a terrific puncher, shocked Auerbach time and time again with thumping blows but the Salt Lake man suffered no permanent effect, and retaliated in a whirlwind climax that brought fight fans to their feet.

In a six-round semi-windup Jimmy Dolan, Los Angeles, 150 pounder, won a decision over Art Francis, San Francisco. In a four round contest Teddy Fox, Salem, won a decision from Cliff Hunter, Vancouver, Wash. Each weighed 131 pounds. Johnny Woods, Seattle, 135 pounder won a decision over Jimmy Fox, Los Angeles, in a six round preliminary.

COMMISSION RULES FORFEITS NEEDED

NEW YORK, Jan. 31.—(AP).—A remedy concocted by the New York state athletic commission to cure certain types of illness among heavy weight battlers even before they occur was passed on today to fighters in lesser divisions.

The commission called upon Benny Bass, Philadelphia nominee of the National Boxing association, for the featherweight championship and Tony Canzone, favorite son of the New York commission for forfeits of \$2500 apiece to insure their going through with a title match scheduled for February 10 at Madison Square Garden.

Precedent for this action was set two weeks ago when the commission ordered Tom Heeney and Jack Delaney to post \$5,000 apiece to guarantee appearance for their heavyweight "elimination" battle here March 1. The move followed Jack Sharkey's postponement of the original date for his recent draw match with Heeney because of an injured hand. The commission thought that postponement was unnecessary.

The forfeits which must be posted by Thursday will be split into equal sums guaranteeing appearance and weight under the 126 pound limit. In case of default, the weight forfeit will be turned over to the offender's opponent, while the appearance money will be paid the Madison Square Garden.

CLAIM CONSPIRACY AGAINST NEW FIRM

Reputed Offer To "Fix" Permit To Sell Stock Related In Letter. Conspiracy on the part of Robert Mount, manager of the Portland Better Business Bureau, the undertakers association of Portland and the state corporation department to prevent the Union Service association from obtaining a permit to sell stock in Oregon, is charged in a letter received at the executive office here Tuesday.

The letter alleged among other things that in Portland, January 26, Mr. Yates received a telephone call from J. C. Arnold, attorney, urging Yates to come to his office in connection with obtaining a permit to sell stock.

Arnold was quoted as saying that he had talked with Fred Meinld, examiner for the state corporation department, and that Meinld had left his office a few minutes before to confer with Mr. Mount of the Better Business bureau.

"I asked Arnold how he would be in a position to help us," read Mr. Yates' letter to Governor Patterson.

"He replied: 'You know my connection with Mark McCallister, state corporation commissioner, and know that I was his manager and assisted him in getting the appointment to the office. I also have a connection with Meinld and Mount.'"

Mr. Arnold then was quoted as saying that he could get the permit in five minutes.

"Arnold then asked me how much it was worth for his service," continued the letter. "I replied that I did not see why it was necessary for our company to make further expenditures in attorneys' fees.

"Mr. Arnold then continued: 'You know how those things are handled. Now how much is it worth to you to get this thing settled up? Cut out the newspaper publicity and I can get Bob Mount to stop his activities against the Union Service association. Do you think that \$500 would be too much?'"

"I replied that it was a dirty holdup but that I would be able to see what I could do. He told me to get the money to him at a certain time before Fred Meinld returned to his office. Arnold then warned me that he wanted 'this thing' kept strictly between us."

The letter also dealt with a subsequent conference between Arnold and Yates. This conference was alleged to have been overheard by a newspaper reporter who was secreted in an adjoining office where he could not be seen by Mr. Arnold.

"I went over the entire proposition again with Mr. Arnold," continued the letter, "and asked Mr. Arnold how much of the \$500 Mr. Mount would receive. He replied that Mr. Mount would not get a cent as he would care for Bob in a different way. Later Mr. Arnold said he would render me service for \$200 in cash and a note for \$200.

"I later reported my conversation with Mr. Arnold to the board of directors of the Union Service association. They ordered me to reduce the conversation to writing and send it to the governor."

Mr. Yates' letter also referred to alleged secret meetings held by the Portland undertakers and criticized Mr. Mount severely. Enclosed was a photograph of a check for approximately \$35, which was alleged to have been contributed by Miller and Tracy, Portland undertakers, to defray the cost of a advertising campaign detrimental to the service association.

FIRST YEAR STARS SHOW SPEEDY PLAY

The University of Oregon freshmen last night defeated Salem high school, 32 to 27, after leading 20 to 13 at the half. Using a team made up from all-state and former state tournament players the Eugene outfit presented a scoring aggregation with which Salem had only Duffy and Lyons to meet.

Duffy apparently loafed in the early minutes of play, and there were many observations from spectators that he was not up to last year's scoring form, but when he looped the ball from beyond the foul line to score five pretty goals in two minutes before the first half ended, they marvelled.

Coach Anderson started Beechler at center, and Beechler took the tip-off from the all-state center, Eberhart, on every play, but for a time in the middle of the game, Lyons was shifted back to center, and Siegmund went in at forward. Siegmund was in poor playing form, missed badly on passes, and couldn't hit the basket, so the team was returned to its former line-up.

With Duffy and Beechler added, the Salem team showed more power than in any game this season, but was no match for the free-scoring freshmen.

The score stood nine to nothing, before Duffy commenced his private scoring spree. Assisted by a basket from Lyons, he narrowed the margin to two points, before the freshmen again scored.

A closer checking defense in the second half held the freshmen on even scoring terms. Salem got six baskets in the last frame, and the freshmen only five, but the freshmen evened it on free throws. The freshmen had the better of it on free throws, scoring four out of nine, while the best Salem could do was three in fourteen.

Summary: Salem (32) FG FT PF Duffy, F. 7 10 3 Lyons, F. 4 1 3 Beechler, C. 2 2 2 Ecker, G. 1 0 1 R. Kelly, G. 1 0 1 Totals 12 37

Radio Transmits Photos Of Coolidge, Lindbergh

NEWARK, N. J., Jan. 31.—(AP).—The faces of Colonel Lindbergh and President Coolidge were played on a phonograph in the studio of radio station WOR today, thrown out into the ether and picked up on several receiving sets in the metropolitan district. The picture broadcast was another form of the one recently demonstrated from WEAF, when a picture of Mayor Walker was put on the air, but it was believed to be the first time a face had been first transferred to a phonograph record. In the WEAF experiment the lights and shadows of a photograph of the mayor were turned from light waves into sound waves; these sounds being direct-
