

### SILVERTON CHAMBER FOR NATIONAL PARK

#### Urges Cooperation of Other Civic Bodies Supporting Hawley Bill

SILVERTON, Feb. 7.—(Special)—Representative Hawley presented a bill to the House last week to create a national park at Silver Creek Falls.

As is often the case, beauty too close to our homes is not fully appreciated or praised. Silver Creek Falls is one of the rarest beauty spots in Oregon. Silver Creek has the unique distinction of having a greater number of water falls in its length than any other stream in the state. The proposed park would cover about 520 acres, which would take in most of these falls.

The Chamber of Commerce of Silverton is greatly interested in this bill, and asks the cooperation of all other civic organizations in this section.

Mr. and Mrs. T. J. Brokke who came to Silverton in September from Minnesota, closed a deal on Thursday for the A. F. Christensen home on Oak street. The deal was made through the Home Seekers agency.

J. I. Morley of this city, who has been suffering from an exposed nerve in his cheek, has been in a Portland hospital under the care of Dr. Coffee, a nerve specialist since Thursday. He has had several teeth extracted, a nasal operation, and his tonsils removed. Mr. Morley is doing nicely and is expected home on Wednesday of this week.

Mrs. Cora Graden, and daughter Miss Mae Graden and Mr. Jack Newhouse of Corvallis spent Sunday with her mother Mrs. Oscar Broten, in honor of Mrs. Broten's birthday. Mrs. Julia Wait, sister of Mrs. Broten, who has been visiting here for several months is returning to her home in California this week.

Mr. and Mrs. Eber Johnson of Bluffton, Minnesota, are enjoying a visit here with their son, Clayton Johnson and family.

Mrs. Ann Thompson, age 82, passed away at her home on Second street, Monday morning following a stroke of paralysis. She had been confined to her home for several weeks in a helpless state following a first stroke. She is survived by a daughter, Mrs. Zosie Lyons, three grand children and one great grandchild. Funeral arrangements have not yet been made.

George Steelhammer is confined to his home with a severe attack of tonsillitis.

Silverton high school's first and second basketball teams met Woodburn's first and second teams on the home floor Friday night. S. H. S. first team won the game played in Woodburn, and W. H. S. second team was victorious.

### CLUB ENTERTAINED

#### ROBERTS FOLK HEAR LESLIE SCHOOL ORCHESTRA

ROBERTS, Ore., Feb. 7.—(Special)—The G. T. club was entertained by Mrs. George Higgins last Thursday afternoon. Lunch was served at 1 o'clock to the following: Mrs. W. V. Johnson, Mrs. L. F. Clymer, Mrs. S. C. Davenport, Mrs. B. D. Fidler, Mrs. Bud Stutesman, Mrs. Forest Edwards, Mrs. Joe Ringwald, Mrs. H. B. Carpenter and Mrs. Wm. Meier.

The Roberts Community club gave a program and pot luck supper last Saturday night. In addition to the fine selections played by the Leslie junior high orchestra and several readings, a shadowgraph stunt in three acts was put on which afforded great amusement. About one hundred were present. The program committee included Raymond Higgins, Paul Carpenter, Lloyd Davenport and Henry Edwards.

C. R. Bickell and family have rented the R. A. Harris farm. This farm formerly belonged to Mrs. Ida Tracy.

C. H. Kihns and family have moved into the house where G. H. Hurd has been living and will cut wood for C. D. Query.

Mr. and Mrs. A. Keston are staying at Independence until spring work begins on the Roberts farm.

D. Pettijohn has bought the farm that formerly belonged to Mrs. Mary Zeikie, and also the Joe Kaufman farm.

Mr. and Mrs. W. Edwards from Lincoln and Mr. and Mrs. John Edwards of Portland spent Sunday with Mr. and Mrs. Forest Edwards.

Mrs. Mary Borgelt was delightfully surprised Tuesday night when a group of her friends came to spend the evening in honor of her birthday.

#### ACROBAT RESCUES FOUR

Three Children Caught in Air; Grandmother Later Saved

NEW YORK, Feb. 7.—(AP)—A former acrobat of the vaudeville stage today used his skill to save three children from their blazing home. Benjamin Newsome, now a truck driver, caught the children one by one as they were dropped from the top floor of their home by their grandmother, Mrs. Rose Vetro. Then he climbed a ladder and rescued the grandmother.

### FRENCH TREATY SIGNED

Cameras Click as Signatures Affixed to Document

WASHINGTON, Feb. 7.—(AP)—A new arbitration treaty with France, signed Monday under unusual circumstances—the clicking of motion picture cameras and in the presence of a score of newspaper men—marked, in the words of the French ambassador, Paul Claudel, the start of a new idea, the outlawry of war.

With the under-secretary of state, Robert E. Olds, he signed and sealed the two exchange copies of the new treaty supplanting one negotiated in 1908 by Secretary Elihu Root and Jules J. Jusserand, which expires February 27. The French ambassador remarked that it was with deep emotion that he affixed his seal on the 150th anniversary of the signing in Paris of the first treaty of alliance between America and France.

### NEW FARM RELIEF BILL INTRODUCED

Measure Favored By National Grange Brought In By Rep. Ketcham

WASHINGTON, Feb. 7.—(AP)—While an apparently studied silence had settled over the house farm bill concerning the disputed equalization fee provision of the McNary-Haugen bill, the export debenture farm relief plan of the national grange was introduced Monday by Representative Ketcham, republican, Michigan, a member of the agriculture committee.

Earlier in the day that committee heard the equalization fee defended by B. W. Kilgore, chairman of the American Cotton Growers' Exchange, legislative committee, in the face of opposition by Representative Aswell, of Louisiana, ranking democrat on the committee. Kilgore said that the cotton growers he represented favored the fee clause so strongly that it would be preferable to wait longer for legislation than to enact a system not so widely understood.

Questioned by Representative Ketcham, Kilgore said he had studied the export debenture plan and saw some merit in it. His position remained however, that an effort should be made to have the equalization fee approved by the administration or, if necessary, to pass it over another presidential veto.

The Ketcham bill would set up a national export debenture board comprising the secretaries of agriculture, commerce and the treasury. The treasury member would be directed to issue export debenture certificates to exporters of wheat, corn, rice, fruit, tobacco, cotton, swine, cattle and poultry. These certificates in turn could be used in lieu of tariff levies on imports which method would allow exporting farmers to cash in on them by sale to importers.

#### Anxiety Felt for Safety of Two Men From Eugene

EUGENE, Ore., Feb. 7.—(AP)—Raymond Walsh, division engineer of the state highway department and J. F. Turnbull, director of the outdoor club of Eugene, had not returned to this city Monday from a trip to the summit of the Cascade mountains on McKenzie pass.

While no fears are held for their safety, their prolonged absence has made friends uneasy. They left here Friday to study snow conditions on the summit and were to have returned to Eugene Sunday night, or in case they went across to Bend on snowshoes, were to have telephoned from there. Advices from Bend indicate they did not reach that city.
