### Missing Youngster Found Sound Asleep Under Brush

YAKIMA, Feb. 15.—(AP)—Richard Lyons, four year old boy who has been missing since Monday was found by searchers Tuesday asleep in the sagebrush in the Wenas valley near here.

Richard, with his brother Edward, age six, had wandered away Monday, but the older boy was found early next morning, playing in the sand several miles from his home. Richard was found on a river bank while the

searchers were making a close scrutiny of the river. The mother is a housekeeper on a ranch near Selah, Wash. Neither Richard nor Edward, who is subject to epileptic seizures, appeared to have suffered the effects of their night in the open.

### OLMSTEAD-WHEELER CASE ENDS SHORTLY

Arguments Expected To Be Completed Today, With Verdict Soon

PORTLAND, Feb. 15.—(AP)—The case of Emery Olmstead and J. E. Wheeler will go to a jury in the federal court tomorrow. Today summary arguments were made by defense counsel. These will be followed tomorrow by the final argument of George Neuner, United States district attorney and the court's charge to the jury. Olmstead, former president of the now defunct Northwestern National bank here, and Wheeler, former president of the McCormick Lumber company, are on trial on federal grand jury indictments charging them with conspiracy, violation of the national banking laws and misapplication of approximately \$800,000 in funds of the Northwestern national.

Defense attorneys today submitted arguments intended to show that the defendants had no intent to commit crime; that none, in fact had been committed and that at no time had they acted in a willful and knowingly manner to defraud the bank of its funds and credits.

The government has charged the two men with a conspiracy whereby checks, in the amount of more than one million dollars, had been "kited" between eastern financial institutions and the Northwestern National bank. A "float" in which Wheeler is declared to have accumulated unsecured credit in the Northwestern National, with the sanction and active support of Olmstead, played a prominent part in the case of the government.

### DRY ENFORCEMENT APPROPRIATION BIG

Efforts By Wet Members To Cripple Department De-feated In House

WASHINGTON, Feb. 15.—(AP)—After a series of unsuccessful efforts by "wet" members to restrict prohibition enforcement, the house Monday approved its appropriation committee's recommendation of a \$12,790,000 allotment for the prohibition bureau's activities during the fiscal year beginning next July 1.

Approval without change was given also to an appropriation of \$28,640,000 for the coast guard, part of it to be used in carrying on that service's warfare against rum runners.

Among the amendments rejected by the house was one by Representative Linticum, democrat, Maryland, which sought to prevent use of prohibition bureau funds in supervising the withdrawal of industrial alcohol from warehouses.

It was defeated 167 to 39.

Representative Laguardia, republican, New York, who assailed the diplomatic immunity which enabled foreign diplomats to bring liquor into the United States, failed in two attempts to raise the amount for the prohibition bureau, once to \$25,000,000 and again to \$75,000,000. Laguardia contends that prohibition cannot be enforced and has asked dry leaders whether they favored appropriating as much as \$200,000,000 a year for enforcement activities.

### TRIAL GETS GOING FOR 'SACK MURDER'

Dr. Charles A. McMillan Charged With Killing Mrs. Appleby

LOS ANGELES, Feb. 15.—(AP)—Dr. Charles A. McMillan, middle aged physician went on trial here Tuesday accused of the murder of Mrs. Amelia Appleby whose body was found by the roadside near here Christmas day, lashed in a canvas bag.

At the close of the first day of the trial there were eight women and four men in the jury box. Judge Edmonds instead of adjourning court at the customary hour of 4:30 o'clock in the afternoon, extended the session for half an hour in the belief that opposing counsel would be able to complete the selection of the jury.

Deputy District Attorney Menzies passed the jury for cause and Attorney Gieseler followed suit. The state demanded the right to reopen the challenges.

It was then that court was adjourned for the day, the magistrate declaring that he would pass upon the question when court opens tomorrow morning.

At the close of the session today the defense had exercised 14 peremptory challenges and the prosecution five.

Dr. McMillan sat throughout the day in a calm manner looking at times at his wife, Mrs. Catherine McMillan, who at the morning session appeared as a spectator in the courtroom.

### EXPANSION OPPOSED

SPOKESMEN ENTER PROTEST TO U. S. NAVY PLANS

WASHINGTON, Feb. 15.—(AP)—Spokesmen for organizations opposed to expansion of the American navy today registered an emphatic protest before the house naval committee against the administration plans for the construction of 71 new warships.

Two witnesses, William I. Hull, representing the World's Alliance for International Friendship and the Church Peace union and the Rev. Arthur J. Brown, secretary of the Presbyterian board of foreign missions, both opposed the program, but their testimony did not run along parallel lines.

Hull, after reading a prepared statement, was subjected to close questioning by upwards of a dozen

committee members, two of which accused him of evading the issue and giving indirect answers.

Brown, who stressed that he was in favor of an army and navy for defense and opposed only the prospective increase, was complimented by several members who declared his views coincided largely with their own.
