

# Bearcats Smother Pacific Under 55 To 14 Score; Cardinal Tops List

## BADGERS GET LEAD BUT SOON PASSED

For eleven minutes, the Pacific Badgers held, Willamette scoreless, but what looked like a tough game soon developed into a scoring fest and the Bearcat sharpshooters won the game 55 to 14.

It was the final northwest conference clash and established Willamette clearly in second place with a percentage of 800.

The crowd clamored for Cardinal to make twenty points and boost his average over that of Croxdale, Whitman guard. Cardinal did, and roped in two extra points for a safe margin. Cardinal was trailing six points behind the necessary total when Glass went in with instructions to feed the ball to the husky young pivot man, and Cardinal's team mates willingly sacrificed some easy shots to give him the ball.

Cardinal has scored 121 points in the ten conference games for an average of 12.1 points per game. Croxdale, Whitman guard his nearest competitor for the honor has an 11.8 average.

The large crowd was so noisy that when the Bearcats failed to get a basket and free throw and this was all the scoring there was in the first nine minutes. Haul finally caged a free throw for Willamette's lone point in eleven minutes of play.

The second half's play was but a repetition of that uncovered in the last part of the first. Coach "Boss" Keene used all his substitutes one at a time, and it didn't do the scoring any, so when the game was well on ice, Cardinal to boost his point average. Previously he had shown a tendency to play for persona points often passing when he had opportunities to shoot.

Pacific got only three baskets in the fray, two from Miller's hands, one one contributed by Mills. The Badgers converted eight points on free throws. Miller was the big star for Pacific. His hard drives down center floor were the only bright features of Pacific's weak offense.

## JACK WILLIS LOSES TO MICKEY WALKER

**MEMORY.** San Francisco, Feb. 22.—(AP)—Mickey Walker, lightweight champion, won the decision from Jack Willis, Texas, after ten furious rounds here today. The titleholder came from behind in the eighth round to pound his opponent groggy in the closing sessions and win the decision handily. A crowd of about 12,000 persons saw the fight which was a non-title affair.

Willis' showing was a surprise as he was on the short end of heavy odds to lose by a knockout. The Texan carried the fight to his opponent in the early rounds and fought and outpunched the champion both in the third and sixth frames. Stiff punches to the face and body however, turned the tide of battle in Walker's favor after the seventh.

In the eighth and ninth rounds Willis took a bad beating and was groggy at the bell.

Willis flashed momentarily in the tenth round and rushed Walker into a corner but he weakened under another steady attack to the face and body.

Willis, an obscure 160 pounder, came into the ring a tremendous short under but—in the seventh round he was knocked out by his opponent on the chin after a series of punches and was unable to get up.

The title was not at stake as Willis came in at 163 pounds and Walker at 161 1/2 pounds. Approximately 12,000 persons crowded into the arena for the bout. Gross gate receipts were estimated at between \$30,000 and \$40,000.

## SIX FORMER BIG LEAGUE STARS TO AID JOHNSON

Walter Johnson and the six former major league stars who will help him in his ambition to win a pennant for the Newark International league club. There is a lot of good baseball left in this bunch and Newark should be heard from this year.

## Racing Driver Hits Surf Going 225 Miles an Hour

**DAYTONA BEACH, Cal., Feb. 22.**—(AP)—A complete examination of Frank Lockhart, racing car driver who was hurt when his speeding Stutz Blackhawk special plunged into the ocean today while he was trying for a world's speed record, showed him to be suffering principally from shock. His arm was not broken and no internal injuries were apparent, physicians said.

**DAYTONA BEACH, Fla., Feb. 22.**—(AP)—Frank Lockhart, an internationally known race driver of Indianapolis narrowly escaped instant death late today when he lost control of his powerful Stutz Blackhawk special during an attempt to set a new world's automobile speed record, and hurtled with it into the surf while traveling at 225 miles an hour.

He was pinned in the driver's seat of the machine by the steel frame of the side which stove in by the violent impact of the waves, but a fortunate circumstance landed the car right side up after it had turned a complete somersault from the beach speedway.

His face and arms were lacerated and he was thought to have suffered a broken arm and possible internal injuries, but a superficial examination revealed no serious hurts.

Observers who rushed into the sea and pulled the wrecked machine back to the beach found Lockhart helpless but conscious, with water up to his neck.

It was necessary for mechanics to cut away the side of the car to release him.

"I'm all right," was his only expression after he had been dragged from the water.

The racer's wife was among the crowd of several thousand persons who witnessed the accident and was one of the first to reach him.

Lockhart was the only American left in the running for a chance at the new record of 206.9 miles per hour set here Sunday by Captain Malcolm Campbell of England. Since neither he nor his machine will be in a condition to race again before the A. A. A.'s time limit expires tomorrow, the new mark thus will remain for the time at least in England where the previous record of 203.7 miles per hour was also held—by Major H. O. F. Segrave.

J. M. White, Philadelphia manufacturer, who had entered his \$6 cylindered triplex special in the speed event, was barred from competing by the American Automobile association today because an auxiliary reverse gear installed in his machine did not meet the official body's standards. This will not prevent him from making an unofficial run against time, which he has announced he probably will essay.

**QUEBEC, Feb. 22.**—(AP)—For the second successive year Emile St. Godard, 21 year old musher of The Pas, Manitoba, has captured the international dog derby—123 miles in three days. Covering the 41 mile grind today in three hours and 39 minutes, 7 seconds, he won the event in the face of a gallant challenge offered by Leonard Seppala, veteran driver of Nome, Alaska. Seppala, covering the last heat in 4:41:40 was second and Earl Brydges of The Pas, third.

## EMILE ST. GODARD WINS IN DOG DERBY

The total times for the three days were St. Godard 11:14:17; Seppala 11:17:30; Brydges 11:23:25.

In the final analysis it was a ten minute advantage St. Godard gained on the field on the first day of the race that decided the issue.

Seppala, hero of the famous dash to Nome with serum during the diphtheria epidemic a few years ago found this margin too great to overcome. He closed the gap separating him from St. Godard to a fraction of a minute in the second day's grind but the exertions of that effort took its toll from his team of Eskimo huskies. As a result St. Godard's team was the fresher today and enabled the eventual winner to increase his margin to more than three minutes at the finish. Seppala had started the last day only forty seconds behind his rival.

Some say skis are to be long and some say shorter. Probably they'll remain conservative, a large fact.

## LOCKE GETS 3RD IN SHORT DASH

**NEW YORK, Feb. 22.**—(AP)—Roland Locke, University of Nebraska speedster, could get no better than third place in the 80 yard dash of the special invitation sprint series, early feature of the Masonic benefit meet at the 102 Engineers armory tonight. Locke trailed Bob McAllister, the "flying cop" competing for the Columbus council, Knights of Columbus, and Bob Wiese of the New York A. C. McAllister's time was eight seconds flat.

Locke was away to an early lead but was passed half way to the finish line by McAllister and Wiese.

Just what caused his machine to veer into the ocean was not immediately determined but it was considered probable that a rough spot in the beach or any slight obstruction such as other drivers had encountered in previous tests was responsible.

To those who witnessed it, Lockhart's escape alive was considered miraculous, because of the double threat of instant death in the crash of the car and drowning. The little car was dented and revealed a definite sag in the middle of the frame, but mechanics' first estimate of damage to it ran from "total wreck" to "not badly damaged."

At the hospital, anaesthetics were administered to Lockhart in preparation for a thorough x-ray examination to determine whether an operation was necessary. He was semi-conscious and appeared to be suffering little pain, physicians said.

Between five thousand and six thousand persons were in the stands when the accident occurred.

Lockhart was the only American left in the running for a chance at the new record of 206.9 miles per hour set here Sunday by Captain Malcolm Campbell of England. Since neither he nor his machine will be in a condition to race again before the A. A. A.'s time limit expires tomorrow, the new mark thus will remain for the time at least in England where the previous record of 203.7 miles per hour was also held—by Major H. O. F. Segrave.

J. M. White, Philadelphia manufacturer, who had entered his \$6 cylindered triplex special in the speed event, was barred from competing by the American Automobile association today because an auxiliary reverse gear installed in his machine did not meet the official body's standards. This will not prevent him from making an unofficial run against time, which he has announced he probably will essay.

**PHILADELPHIA, Feb. 22.**—(AP)—Another American tennis title has gone to France.

On the courts of the Philadelphia Racquet club today Pierre Etchebaster, 35 year old Basque, won the open court tennis championship of the United States when he defeated Jock Soutar, the defending titleholder, 6-2, 6-3, 6-4, 6-3, in the second block of the match.

Etchebaster by winning three of four sets on Monday, went into the play today needing four more sets to give him the seven necessary to victory. These he collected in an incredibly short time, sweeping Soutar off his feet with bewildering speed and placements.

Soutar had recovered from the shock of his defeat but Etchebaster was so superior today that he was a large fact.

Some say skis are to be long and some say shorter. Probably they'll remain conservative, a large fact.

## STRONG QUINTETS IN YMCA TOURNEY

The Eugene "Hounds," winners of last year's Y tournament, are confident of victory this year in the competition at the Salem YMCA next Friday and Saturday, according to reports received by Robert Boardman, director.

The Hounds boast a team of ex-college players with the same line-up as last year except for the absence of Harold Rowley, tall ex-Oregon state center, who is now playing for the Portland team.

The Salem Ducks will be the lightest and youngest team in the tournament, but the team is fast and experienced. Last year the Ducks won third place in the tournament at Longview. Much of their playing in the tournament this year will depend on Flake, six foot four center, and whether Captain Scotty Marr is "on" at the basket.

Longview has a tough team. It was defeated by Eugene by only three points in the final game, and has three ex-college stars from the University of Washington, one from University of California, and one from Washington state.

Ashtland's team is winner of the city basket ball league and is a team of ex-Ashtland and Medford high school and Ashtland Normal school players.

The Portland Y champions and winners of the tournament two years ago are bringing a strong team captained by H. Rowley. He is a fine tip off man and an excellent floor general.

The games will start Friday evening.

## 2 SPEED BOAT CHAMPS MEET

**MIAMI BEACH, Fla., Feb. 22.**—(AP)—Two undefeated women speed boat champions, Mrs. Delphine Dodge Cromwell of Detroit, and Mrs. Grace Connors of Buffalo, will meet for the first time for what amounts to the women's speed boat championship of America, in the regatta here March 16, it was announced today by the Miami Beach Yacht club.

Johnson made the 42 miles run in 6 hours, 13 1/2 minutes. Nordeen's time was 6 hours, 21 1/2 minutes. Nels Skjersaa of Bend, was third with time of 6 hours, 33 minutes and E. Nordquist, Klamath Falls won fourth place in 6 hours 45 minutes.

Jacobson was the winner last winter in the first annual ski race to Crater lake.

## Cardinal Leads Scorers; Two Other W. U. Men Next

Edwin Cardinal, young Willamette university center, is the champion point scorer of the Northwest conference.

Not only has this husky pivot man collected more points than any other player, but he has an average of 12.1 points per game, just slightly higher than the average of Croxdale, Whitman guard, who has 11.8.

Other players with high averages are Buck, the other Whitman guard, with 10.8; Burton, Linfield center, who has played in only three conference games, with 10.3; and Adams, Willamette forward, with 9.0. Adams has played in eight games.

Adams is in second place in total points with 72, and Hauk is third with 60.

In the following summary of the 20 high point men in the northwest conference, Willamette has played 10 games, Pacific and

Puget Sound seven; Whitman and Linfield five, College of Idaho played only two games and no player for that team ranks in the high point column.

## MANFRED JACOBSON WINS IN SKI RACE

**KLAMATH FALLS, Feb. 22.**—(AP)—Victorious over a field of 16 athletes—men who know the thrill of riding flashing skills on gleaming snow—Manfred Jacobson of McCloud, Cal., won new laurels for himself today when he won first place in the annual 42 mile round trip from Fort Klamath to the rim of Crater lake.

Swooping across the finish line in a graceful spurt of speed, Jacobson was followed eight minutes later by Emil Nordeen of Bend, Ore., who had pressed the winner throughout the race.

Johnson made the 42 miles run in 6 hours, 13 1/2 minutes. Nordeen's time was 6 hours, 21 1/2 minutes. Nels Skjersaa of Bend, was third with time of 6 hours, 33 minutes and E. Nordquist, Klamath Falls won fourth place in 6 hours 45 minutes.

## Sport Criticisms

Bogoljubow, Capablanca, Nimzowitsch, Saemisch, Alekhine, Tartakower are some of the leading chess players of the world. That explains why the printer boys never had much interest in the games.

One of the biggest sport worries of early spring is who is going to win this year's marbles tournament?

After watching the ball bounce off the beans in this game of soccer it comes to mind that here is a great sport for the fans, because it's the players in this game that get the headache.

Babe Ruth's trainer says he is ten years younger today than he was two years ago. At that rate by 1929 the Yanks will be sending him to Peoria for seasoning.

## ASHTON, IDAHO DERBY STAGED

**ASHTON, Ida., Feb. 22.**—(AP)—Tud Kent of Ashton won the annual Ashton dog derby here today. Kent's time was announced as two hours, 13 minutes, 37 seconds. This is considerable slower than the record of one hour, 55 minutes, 50 seconds, established two years ago.

## Coming to San Francisco

Our location speaks for itself. Rates: Single \$2.00-\$3.00. Double \$3.00-\$4.50. All rooms with bath.

## HOTEL FIELDING

GEARY & MASON SAN FRANCISCO

# Contentment by the pipe-load

EVERY load of P. A. in your pipe is a load of sunshine in your smoke-system. Why do you suppose more Prince Albert is smoked than any other brand? I'll tell you. When you open a tidy red tin and set free that P. A. aroma, you're on your way.

When you taste that first, wonderful pull on your pipe, you've arrived. Cool as the keel of a river-boat. Refreshing as a breeze on the top deck. Mellow and mild and

long-burning, with a body that puts satisfaction right over the plate every time.

Take the nearest path to pipe-joy. Go get yourself a tidy red tin of good old P. A. That's all there is to this business of finding the right combination to contentment. You'll say so after that first fragrant pipe-load of this delightful tobacco.

This tin contains TWO full ounces of top-notch smoke-joy.

# PRINCE ALBERT

—the national joy smoke!
