SPRING RYE

Mr. Dairyman or Farmer if you are going to be short on green feed the coming spring and summer, it will pay you to sow Spring Rye.

Can be used as a pasture or can be cut for green feed and will make you an abundance of feed. It is ready to use quite early and supplies you with green feed when you need it the most. Try a few acres.

TIME IS MONEY

Don't waste it trying to work with an old broken harness. If it's worn out, throw it away and buy a new set from Shafer at a saving. If it's too good to throw away bring it to Shafer for repairs.
