Every last button in its place when washed with NEW Maytag"

LONG with several other features of convenience, this latest Maytag incorporates a new method of soap and water removal—the safest, gentlest, but most efficient method ever devised.

The top roll of the wringer is made of compensating rubber. This soft roll with large working surface rides on the firm bottom rell much like a balloon tire hugs the pavement. Instead of riding on the high spots, it penetrates every fold of the clothes the full length of the wringer. Everything is wrung thoroughly yet so gently that the most delicate buttons or filmy lace go through unharmed, and without pressing in hard-to-remove

wrinkles. There is also a new safety feed -an exclusive Maytag feature. This new Roller Water Remover is exclusively owned

and controlled by Maytag. Try a Maytag on your next washing. Experience the joy of complete freedom from hand-rubbing, of a cast-aluminum tub that keeps the water hot throughout a big washing, that cleans itself and empties itself. An average washing only takes an hour with a Maytag.

or a Maytag. Give it every test you can think of, under your own home conditions. There's no cost, no obligation If it doesn't sell itself, don't keep it.
