## Sage Tea Turns Gray Hair Dark

By SHIRLEY BLAKE

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture. You can get this famous old recipe, improved by the addition of other ingredients, for only 75 cents, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair. Everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

## SEARCH OF SUNKEN SUB REVEALS NOTE

One Sailor Aboard S-4 Wrote Brief Communication Before Dying

BOSTON, Mar. 20.—(AP)—But one of the six men imprisoned in the torpedo room of the sunken submarine S-4 wrote a message during their last 74 hours of life, a thorough inspection of the vessel indicated today.

This message, a brief one was found in the clothing of Seaman George Pelnar at the Chelsea naval hospital, where the bodies of the last eight of the S-4's crew were taken following the removal last night. It was written in red crayon on a small piece of cardboard and read:

"My body to Pelnar 5609 South 19th street, Omaha, Nebr."  
The address was that of Pelnar's mother, Mrs. Kate Meleziva, listed in official naval records as his next of kin. The finding of the message was announced by Secretary of the Navy Wilbur who came here today to inspect the S-4 in her drydock and to thank the officers and men of the salvage fleet for their successful efforts during their three months at Provincetown.

No record or note relating to the last hours which Lieutenant Graham Flitch and his five comrades spent in the torpedo compartment has been found. The members of the naval board of investigation, however have not given up all hope of finding one. They said that such a message might be on the deck of the compartment, which has not yet been cleared of its coating of mud.

The existence of the Pelnar note became known to the investigating board only after it was released to the press by Secretary Wilbur. A short time before, Captain J. D. Willson, senior member of the board, had assured the secretary that he made a close search for messages and had found none.
