Play Will Be Given at Sunnyside School House Friday Evening

The Mountain View Parent Teachers' association will present a play entitled "My Irish Rose" at

Pittsburgh, Pa.—"I was just completely run-down. I had tired, heavy, sluggish feelings and I could not eat. I was losing in weight. I read so much about Lydia E. Pinkham's Vegetable Compound and what a good medicine it is, that I started taking it. I have taken eight bottles of Lydia E. Pinkham's Vegetable Compound and about the same in tablet form. This is one medicine a woman should have in the house all the time. I am improving every day and I sure am able to eat. I am willing to answer any letters asking about the Vegetable Compound."—Mrs. ELZA RICHARDS, 21 Chautauqua St., N. S. Pittsburgh, Pa.

title to these lands. This was announced at the office of the state forester Wednesday.

The land exchange was first inaugurated in 1912 and contemplated the exchange of isolated tracts of school lands within the national forests for one solid block of national forest land.

The president of the United States who served two nonconsecutive terms was Grover Cleveland.

An answered question points out in Liberty Magazine.

state land board filed on the lands.

The land involved comprises approximately 70,000 acres and lies south of the Umpqua river near Reedsport. It will represent the first state forest of any large size and will be administered by the state forestry department.

The president of the United States who served two nonconsecutive terms was Grover Cleveland.

The Last of Pyrotol Announced by U. S. Government—

The FIRST Announcement of **AGRITOL** The NEW Explosive for Land-Clearing

Manufactured by E. I. du Pont de Nemours & Company, Inc.

AGRITOL is no more. The supply of war explosives is exhausted from which Pyrotol was made. But there is now ready to use a new land-clearing explosive, AGRITOL, made by the du Pont Company which carried Pyrotol for the Government. AGRITOL can be used stick for stick—the same as Pyrotol.

We have laid in a good stock of Agritol in anticipation of your spring land-clearing needs. Also a fine assortment of blasting accessories—blasting machines, electric blasting caps, leading wire, caps, fuse and cap crimpers. Good blasting caps are especially important. Don't try to use any kind of explosive with poor caps—it's too dangerous and too wasteful.

Advantages of AGRITOL:

Economical because it has more sticks to the pound: About 173 sticks to the 50-lb. case instead of 150 sticks of Pyrotol, or 86 sticks to the 25-lb. case.
Additional Strength: Enough to heave out the large stumps.

Easy and safe to handle: Much less inflammable; resists moisture; and doesn't waste when cut in half or slit for loading.
Equally effective on all agricultural work: Stumping, heaving out boulders, tree-planting and subsiding.

Prompt delivery of Agritol and blasting accessories. Your phone call starts our truck on its way.
