Cancel Broker Permit—

The state corporation commissioner Saturday cancelled the Oregon stockbroker permit issued to Logan and Bryan, brokers, with headquarters in New York. It was said that the firm has decided to withdraw its operations from this state. Logan and Bryan until recently acted as eastern correspondents for the defunct brokerage firm of Overbeck and Cook in Portland.

Dance at Crystal Gardens—

Tuesday with the Ad Club. Silk hose, box candy, neckties and lots of other things will be given free.

Crash—

A large automobile crashed into a Ford coupe on the corner of State and High streets yesterday afternoon, causing a little jam up in the traffic at the time. None of the occupants in either machine was injured, although the lighter car was quite badly damaged. The large machine, equipped with bumpers, was only slightly damaged.

Guaranteed Shed Dry Wood—

Phone 13. Salem Fuel Co. 152 Trade.

Boys Will Be Boys—

A stone throwing fracas staged by a group of boys on South Church street yesterday morning, caused residents of that district to call out the police department. The stone battle started when one boy went to get his younger brother who was a member of their organization, the "gang," to come to luncheon. This did not satisfy the other members of the group and the battle started. When the officers arrived, not a boy was in sight.

"Moore's Music House" Stock—

BOND BETWEEN TWO CONTINENTS MADE

Results Viewed After Completion of Flying Trip Across Atlantic

DUBLIN, April 14.—(AP)—With Colonel James Fitzmaurice and his German comrades of the monoplane Bremen safe on Greenly Island, Ireland today began to consider the results of the transatlantic flight.

"Another bond has been created between Ireland and America and the achievement will do much to develop air-mindedness in this country," said Colonel Charles Russell, former chief of the Irish Free State air corps to the Associated Press.

It was learned that already plans are in the making for an "all-Irish flight" in 1928, but it also was intimated that sanction for such attempt was not likely. "Fitz won't do any more such stunts if I can help it," the weary but happy little wife of the Irish flyer said at Baldonnel. "He has wanted to fly the Atlantic for 10 years. I rejoice at his success but I hope he will not do it again."

One possible result of the flight is a German-Irish entente of the air. In some circles here the German shipping interests who were interested in the Bremen with Baron Von Huenfeldt, are considered to have executed a stroke of genius by inviting an Irishman to participate in the venture. These circles say that the success of the long hop may enable German interests to obtain an air footing in the Free State.

A number of nations have been doing some spirited bidding for this because of the islands geographical position. Every month the Free State government receives new offers for projects by aviation companies of different countries, including America. Some of these ask only landing field facilities when transatlantic routes are established. Other promoters try to get subsidies from the Free State government.

Germany has been keenly interested in the development of Ireland as an aviation center. One company proposed to establish a regular service by flying boats across the Irish sea between Ireland and England, but it is believed that the Saarstaat is more likely to grant to its own aviators a monopoly on the development of air routes so close to home. No hindrance would be placed on transatlantic aviation by such a policy.

Oregon Women Lose To Debaters of Washington

EUGENE, April 14.—(AP)—Two co-ed debaters from the University of Washington proved to be too much for the University of Oregon women's debate team at Villard hall here last night, when the Seattle girls were awarded a unanimous decision of the judges in the last varsity debate of the local forensic season.

Allice Clink and Mary Clemm, both of Eugene, representing the University of Oregon, presented the affirmative of the question: "Resolved, that the American universities are attempting to give too many people a college education." Charlotte Smith and Jesse Hastings upheld the negative for Washington.

JUGO-SLAVIA AND RUMANIA SHAKEN

Terrific Quake Jars Countries In Southern Europe; Thirty Killed

SOFIA, Bulgaria, Apr. 14.—(AP)—Bulgaria, southern Rumania and the eastern section of Jugoslavia were shaken today by a heavy earthquake.

The disturbance centered in southern Bulgaria between the Black sea and the city of Philippopolis with the town of Tchrpan as chief sufferer. Thirty persons were killed and hundreds injured in Tchrpan; seven were killed at Borrisovgrad and two at Zagora. A late report from Plovdiv said that four were killed there and dozens injured by the collapse of houses and mosques.

Only a portion of the affected territory had been heard from and there is great apprehension of a widespread catastrophe.

Property damage was enormous. At Tchrpan all public buildings were either badly damaged or destroyed. The railway station there is in ruins. Houses and mosques crashed in numerous villages and there was particular damage at the village of Iavor which is in the region between Tchrpan and Borrisovgrad.

Hot mineral springs, which abound in the affected region, increased their flow with heightened temperature after the quake. Philippopolis, a busy commercial center of 85,000 inhabitants, reported that two persons were killed there when a mosque was wrecked. The city which was the ancient city of Thrace, was almost entirely destroyed by an earthquake in 1818. Today's shock was the heaviest felt in this region in nearly half a century.

BELGRADE, Jugoslavia, Apr. 14.—(AP)—Severe earthquake shocks were felt all over Slavonia this morning. The most severely lashed six and a half minutes. It was felt in Belgrade but no material damage had been reported late today.

BUCHAREST, Rumania, Apr. 14.—(AP)—A three minute earthquake occurred here shortly before noon today. The swaying buildings sent the people of Bucharest into the streets but no noticeable damage was reported.

It was the first quake of such proportions in forty years.

Opera Uses Movies for Settings Upon Stage

PARIS (AP)—The movies have gone into grand opera. A storm at sea, great waves dashing against a lighthouse, were shown in the latest production of the Opera, "The Tower of Fire," by Sylvio Lazari. It was a scene impossible to stage adequately so the producers went to Cherbourg and waited for bad weather which came along with such violence they had a hard time taking the picture.

The screen action comes in the third act and caused a sensation among critics, most of whom agreed it is a new adventure in stagecraft that "will have incalculable effect on the theater of the future."

Former Salem Ferry Operator Passes Away

TILLAMOOK—Ore., Apr. 14.—(AP)—Funeral services for Samuel C. Tomlinson, aged 93, and resident of Tillamook county since 1883 have been held here. His death followed a short illness.

For 21 years prior to his residence in this country, Mr. Tomlinson lived at West Salem, where he operated the Salem ferry.

REPORT ERRONEOUS

CIRCUIT JUDGES NOT DISCUSSING CASE AT ISSUE

Rumors circulated in this city recently about a discussion between Circuit Judges L. H. McMahon and Percy R. Kelly on the same day that a hearing was held before Judge Kelly in the matter of a petition having to do with Willos and Kelley, are based entirely upon a mistaken idea of the facts. It was stated by Judge McMahon last night.

"What actually happened was this," McMahon stated, "I approached Judge Kelly to ask him if he was willing to join with me in signing a telegram to Governor Patterson asking that the sentences of Willos and Kelley be commuted to life imprisonment. What I said to him had absolutely nothing to do with the petition which was to be argued before him that afternoon. Due to the fact that this matter happened to come up on the same day the rumor started that I began to talk to him about the petition, and that he stopped me from doing so."

"The rumor unfortunately gained some circulation that way, and in justice to both Judge Kelly and myself I think should be corrected."

D. A. R. RESCUED

WASHINGTON, April 14.—(AP)—More than a score of delegates to the conventions of the Daughters of the American Revolution which is to begin here next week were rescued from a fire at a small hotel on G street early today. Some of them were carried down ladders by firemen.
