

DEBATERS TO MEET IN TOURNEY AT WU

Colleges of Oregon To Be
Represented In Event
April 20 and 21

A state debate tournament, the first ever to be held in Oregon will be held at Willamette university, April 20 and 21, under the auspices of the Intercollegiate oratorical association of Oregon. Ten debates are scheduled for the first day. Members of the association entitled to compete are Pacific university, Eugene Bible university, Willamette university, Linfield college, Oregon State college, University of Oregon, Oregon Normal school, Ashland Normal school, Pacific college, and Albany college. Each member is privileged to be represented by a women's and a men's team.

The question to be debated is "Resolved: That American investors and investments in foreign nations should be protected only by the governments of the nations in which the investments are made."

Each debate will be judged by the single critic method. The judges will be selected from a group of debate coaches whose teams are not in the contest at that particular time.

Professor Lester Thonssen of Pacific university is largely responsible for this tournament, as a result of his suggestions made at the executive meeting of the association at Eugene some time ago. He has worked out all details and plans for the tourney which will be held in the Willamette gymnasium. Alvira Brethaupt of Willamette, secretary of the association, is in charge of arrangements for the accommodation of guests and general conduct. Walter Dugan of the University of Oregon is chairman of the association.

Willamette will be represented by both a men's and women's team. Robert Witty and Charles Redding will represent the men and Margaret Pro and Edith Starrett will compose the women's team. Both teams have had a very successful season this year, and are expected to rate high at the tournament.

Each team must be prepared to debate either side of the question. This will be a double elimination contest, two defeats constituting an elimination from the tourney.

tion law was intended would be enough to obtain a conviction."

Asked Doctor's Aid To Halt Eugenic's Romance

BERLIN.—(AP)—That the ways of eugenics are beset with pitfalls, was demonstrated by the following letter to a physician of Berlin which was published in "Die Medizinische Welt."

"Dear Doctor: Kindly forgive me for troubling you, but I have heard that a Miss ... intends calling on you today to inform herself about my state of health. Should this really be so, you would greatly oblige me by telling her that I am suffering from pulmonary tuberculosis, have a valvular disease of the heart and am utterly unfit to marry. On my next visit to you I shall take occasion of expressing my gratitude for this courtesy with 10 marks (\$2.50)."

Fleas and Some Other Troublers In Exhibition

BERLIN (AP)—A prominent feature at a recent entomological exhibition in Berlin, at which insects from almost every part of the globe were displayed, was a special collection of many varieties of fleas and other intimate annoyances of humanity.

So plentiful were the contributions to the exhibit that there were not enough cases to hold all the specimens on hand and cigar boxes had to be turned into exhibition frames for the proper display of such an exceptional insectarium, of which some rare specimens were of considerable value.

This odd exhibition, intended solely for instructive purposes, was organized by a number of en-

tomological societies of Berlin and environs and proved a great attraction, entire classes of school children coming to be initiated into the peculiarities of the insect world.

Mud Baths Save Ailing Race Horse In France

DAX, France (AP)—A course of mud baths saved Grillemont, one of France's great racehorses, from the slaughter-house. Eight months ago Grillemont was so stricken with rheumatism that his owner, as a humanitarian measure, considered destroying him. As a last resource he decided to try on his horse what doctors were advocating for human beings, and Grillemont for

weeks on end patiently suffered himself to be plastered with hot mud and steaming water.

Now, say the veterinarians, he has completely recovered, and to celebrate his return to health won a fast race over a mile and a half course. So outstanding was his performance that the government stud at Gelos, in the department of Basses-Pyrenees, bought him at auction for 600,000 francs (\$24,000).

INGROWN NAIL

Turns Right Out Itself

"Outgro" is a harmless antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

A few drops of "Outgro" in the crevice of the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it cannot penetrate the flesh, and the nail turns naturally outward almost over night.

WINE MAKING LEGAL CALIFORNIA RULING

However Criminal Proceed-
ings Loom Against Beer
Companies

SAN FRANCISCO, April 13.—
(AP)—Wine may be manufac-
tured within the private dwellings
for consumption within the home
without fear of fine or imprison-
ment.

Beer, however, has no legal
status, and hosts of companies
dealing in home brew supplies are
close to the edge of a chasm of
criminal proceedings.

Edgar Bonnell, assistant United
States district attorney, drew
these deductions here today after
the acquittal of Karl Offer and
Frank Dalezel on a charge of con-
spiracy to violate the United States
prohibition laws by marketing a
dehydrated grape product for
wine making.

Bonnell, one of the United
States attorneys who unsuccessfully
prosecuted the case for the govern-
ment, admitted today that the
acquittal was a blow to the United
States district attorney's office.
The case was prosecuted at the
request of the Washington office.

"Where wine or fruit juice con-
diments are concerned," Bonnell said,
"agents must prove that the prod-
uct is intoxicating in fact to ob-
tain a conviction. This would
have to be established every time
a case is tried. Beer, not a fruit
juice product, is illegal and proof
that intent to evade the prohibi-

Footwear Modes for Spring

All That's New, Clever and Chic
Shoes That Combine Style With Quality

Shoes Often Spoil Your Popularity

Long ago a very hot tempered
king threw one of the ladies
of his court out of a window,
because she complained incessantly
about her shoes. Society has
grown a bit kinder, outwardly,
toward the person who limps into
every party, but no one likes it any
better, and the man or woman who
wishes to be popular must see to it
that their feet do not "simply
kill them."

Comfortable feet are largely
a matter of well made shoes
plus a little common sense in
selection. If you will bring us
your foot troubles we honestly
believe we can help you select
shoes that are suited to both
your needs and your feet.

J.C. Penney Co.

Style Is Here Quality, Too

She doesn't know any-
thing about making shoes,
but she can tell this Patent
One Strap is right at first
glance. Quality can't be
hidden.
