INVESTIGATE RATES OF TWO UTILITIES—Portland Electric Power Company and Northwestern Electric Named

Investigation of the rates, charges and service of the Portland Electric Power company and the Northwestern Electric company was ordered by the public service commission here Tuesday.

The investigation follows the recent defeat of the proposed merger of the properties of the two companies, and the automatic death of a previous order of the commission reducing electric rates in event the merger was approved by the voters.

The first step in the investigation was taken last night when the two companies were requested to send to the commission a complete and detailed inventory of their properties. This inventory will be used in establishing the valuations of the two concerns for rate making purposes.

The last valuation of the Portland Electric Power company's properties was made in 1916 and totalled \$46,862,971.92. No valuation of the Northwestern Electric company has been filed with the commission. The valuations of both companies will be brought down to date, members of the commission said.

Taxes paid by the Portland Electric Power company in 1913 aggregated \$185,477.11, as against \$767,696.81 in 1927.

Hearings will be held under the direction of the public service commission and the rates of the Portland companies will be compared with utility corporations operating in other cities on the Pacific coast.

The investigation was said to be in line with the probe of other public utilities now being conducted in Oregon.

PORTLAND, April 17.—(AP)—The city council in a conference with the mayor today determined to file a petition with the state public service commission at once with the intention of bringing about a cut in electric rates in Portland. The council said it would "go the limit" in pressing the case before the commission.

The resolution which the council is expected to adopt tomorrow called on the chamber of commerce and other civic organizations to enlist in the fight for lower power rates. It pointed out that statements were made by power company officials prior to the recent unfavorable vote on the merger proposed by the Portland Electric Power company and the Northwestern Electric company, in which it was said that much waste takes place in the operation of the two companies and that the public pays for that waste. The power companies said in urging the people to vote for the merger, that the waste resulted from duplication of efforts in the same field.

Mother of A. A. Lee Dies At Illinois Home, Word—A. A. Lee yesterday received a telegram stating that his mother, Mrs. A. D. Lee, died Monday, April 16, in Paxton, Illinois, at the age of 89 years.

Mr. Lee and his son, Paul Lee, spent two months with Mrs. Lee in the east last summer.

Mrs. A. D. Lee is survived by three daughters and four sons: Mrs. Amanda Salvage of Chicago, Illinois; Mrs. M. C. Brison, and Mrs. Harry White of Paxton, Illinois; A. A. Lee, Salem, Oregon; Fred Lee, Chase, Michigan; Albert Lee, Chase, Michigan; and Will Lee, Bensenville, Indiana.

DEMOCRATS REFUSE SHIPSTEAD SUPPORT—Ranking Bourbon On Finance Committee Opposed To Tariff Rider

WASHINGTON, Apr. 17.—(AP)—Prospects of democratic support for the Shipstead tariff rider to the tax reduction bill were dashed tonight in a statement by Senator Simmons of North Carolina, ranking democrat on the finance committee, declaring that he and others of the party, "would not look with favor" upon the combination.

Senator Shipstead, farmer-labor, Minnesota, offered a measure yesterday as a rider to the tax bill proposing an increase of tariff duties on farm products, and Senator Simmons who was looked to by the Minnesota for support, declared the linking of taxes and tariff might jeopardize tax reduction at this session.

The North Carolinian's statement, which said it represented the views of other democrats on the finance committee, was regarded as definitely precluding enactment of the Shipstead proposal. Administration republicans were not expected by Shipstead to favor his proposal but he had hoped that democrats and some republicans might stand with him.

Two radical changes in the administrative provisions of the revenue law approved by the house were altered today by the senate finance committee.

The new house provision for penalization of corporations formed to accumulate surpluses for eva-
