## WORKING WOMEN SELDOM LOSE A DAY'S PAY NOW

Strengthened by Lydia E. Pinkham's Vegetable Compound

MRS. R. C. HAZLETT  
Station G, R. No. 3 Columbus, Ohio

me to take it. I got one bottle and that helped me so much that I took one after another until I had taken nine in all. But now I just get a bottle when I begin to feel badly, for I must say the medicine sure helped me and I am able to work every day. I will answer any questions anyone asks me, for I think your medicines are fine."—Mrs. R. C. HAZLETT, Station G, R. No. 3, Columbus, Ohio.

**Recommends the Compound**  
Los Angeles, Cal.—"I took Lydia E. Pinkham's Vegetable Compound because I was working in a factory and I was always on my feet, being the supervisor there. This caused my health to fail and I really was run-down very badly as I had no appetite at all and could not eat enough. I am taking the Vegetable Compound and also the Pills for Constipation. I have recommended them for several years and am safe in saying that probably 25 women have been helped through taking my advice. I am glad for you to use these facts as a testimonial."—Mrs. E. A. FRASCHKY, 1251 Cypress Avenue, Los Angeles, California.

## Is YOUR Order in for AGRITOL

the NEW Land-Clearing Explosive made by the du Pont Company which cartridge Pyrotol

**DON'T** hold up land-clearing work because you expect to get more Pyrotol. The Federal Government has announced that the supply of salvaged war explosives from which Pyrotol was made is exhausted. But the du Pont Company that cartridge Pyrotol for the Government has brought out AGRITOL— powder that can be used the same as Pyrotol—stick for stick.

**Advantages of AGRITOL**  
**Economical** because it has more sticks to the pound; about 173 sticks to the 50 lb. case instead of 150 sticks and about 86 sticks to the 25 lb. case.  
**Additional Strength:** Enough to blast the stumps out and make only a shallow crater.  
**Easy and safe to handle:** Much less inflammable; resists moisture; and doesn't waste when cut in half or slit for loading.  
**Equally effective for such agricultural work** as stumping, breaking boulders, preparing ground for tree-planting and subsoiling.

AGRITOL has been carefully and practically tested in this district and found satisfactory. We have demonstrated our confidence in AGRITOL by purchasing in an ample stock of it. We recommend AGRITOL as a worthy successor to Pyrotol.  
When you order AGRITOL don't forget your blasting accessories. Our stock of caps, fuse, and other equipment for blasting is complete and dependable. Don't take chances on your blasting work—use reliable du Pont detonators and avoid failures. Remember—the right cap is as important as the right powder.  
Prompt delivery of AGRITOL and blasting accessories on receipt of your phone call.
