AID SOUGHT HERE FOR CHINA FAMINE

Claud A. Kells, general secretary of the Y. M. C. A. and local Protestant ministers received a message from the Rev. Dr. Sidney L. Gulick, secretary of the commission on international justice and good will of the Federal Council of churches in America, notifying them that Salem, Oregon, will be asked to aid in feeding the starving millions in China.

The situation in China, according to Dr. Gulick, is growing increasingly critical. At least 10,000,000 are destitute among the Shantungese. Of this total, which is nearly a fourth of the provincial population, 3,000,000 are roving in search of food; 2,000,000 are starving in their homes, and a majority of the remaining millions are reduced to eating grass roots, bran, chaff and whatever they may lay their hands upon to stay the pangs of hunger.

It is feared that between 2,000,000 and 3,000,000 will die before grain is garnered, unless relief is given at once.

The famine in China is the direst calamity since the world war, according to an official statement issued by the Rev. William R. Johnson, executive secretary of the National Campaign committee for China Famine Relief, 419 Fourth avenue, New York.

"The Japanese earthquake, or Thursday Club Will Be Entertained This Afternoon

Mrs. E. C. Cross, Mrs. Russell Catlin, Mrs. H. B. Thielsen, and Mrs. C. P. Bishop will entertain the Thursday club this afternoon in the Cross home at 1185 Chemeketa street.

even the Mississippi flood, as terrible as these were, sink into insignificance as compared with the appalling suffering which millions are enduring at this time in Shantung and neighboring territory," said Rev. Mr. Johnson.

"To say that these multitudes should be left to suffer unaided because of the civil warfare that still continues in China is to say that suffering caused by human frailty should be left unrelieved. The people who are starving are as innocent of the present strife as were the Belgians in the great war, or the orphans left by the Turkish atrocities in Armenia.

"A nation whose history records a Sherman's march to the sea' with its burning of towns, destruction of crops, and other resources as a means to an end in civil war, can hardly complain that such methods continue to be used in other lands in civil warfare.

The appeal to succor innocent victims of such calamity from death by starvation remains a legitimate appeal to human sympathy, the cynics to the contrary notwithstanding.

"Every day reports from Shantung indicate that conditions are worse than previously reported. A dispatch which has just reached the office of the National Campaign committee, China Famine Relief, from official investigators doubles the previous estimate of the China International Famine Relief commission in charge of relief measures in Shantung, and indicates that relief measures required should be on a scale approaching those adopted in Europe following the war.

"The strenuous fighting of contending armies now proceeding in a part of the famine area will increase the appalling need. In asking for ten million dollars for an immediate program the Na-

Lydia E. Pinkham's Vegetable Compound Helped Her So Much

Kingston, Mo.—"I have not taken anything but Lydia E. Pinkham's Vegetable Compound for 18 months and I cannot praise it enough. I weighed about 100 pounds and was not able to do any kind of work. My housework was done by my mother and my out-of-doors work was not done. I have taken four bottles of the Vegetable Compound and now I am well and strong and feel fine. I got my sister-in-law to take it after her last baby came and she is stronger now. I cannot praise it enough."—Mrs. HATTIE V. EASTIN, R. 1, Kingston, Missouri.
