It's exactly the color that shows in the jar
 YOU KNOW before you start, exactly the color effect you're going to get. For B-H Brush Lacquer now comes in glass jars! You choose from the actual colors themselves.
 And B-H Brush Lacquer works so easily under the brush—just like the regular kinds of paint you've used. It dries faster, of course, but there's ample time to "brush out" and "smooth up" surfaces and corners.
 Choose from 18 attractive colors—wonderful and endless other shades by mixing. What fun and fascination there is in using it! For furniture, ornaments and floors. And—the empty jars make attractive vases.
