Bright, cheery breakfast room

EXPERTS in home decoration have proved that the color schemes in our home affect our lives more than we suspect.

A bright, cheery breakfast room certainly does help start the day right. With Satin Eggshell Finish you can easily get an attractive color scheme for the breakfast nook, and the kitchen, too. It comes in several pleasing colors, produces a beautiful satin finish and can be washed repeatedly without injury to the surface. It is both a beautifier and a saver of work.

Send 10c for the B-H-Color Harmony Chart. This Chart helps you in the selection of colors for walls and woodwork, and also shows artistic color combinations for rugs and draperies. Use the coupon for convenience. Then call on us for color card and suggestions for applying Satin Eggshell Finish.
