The Patent Leather Kid

He thought he was bigger than the war until fate lifted him out of the padded square and put him face to face with death! Then he knew how small he was! But bigger than the battle of guns was his fight against himself—to beat the coward that was in him—to return to the girl who always knew he was a hero. It's more than a motion picture! It's more than you ever expected from the screen! You can't imagine how mighty it is until you see it!

Starting Tuesday
ELSINORE
 "IT'S THE SCREEN THRILLER OF THE YEAR!"
