

ALLEGED SWINDLER GETS AWAY AGAIN

PORTLAND, May 18.—(AP).—Telegraph service and air mail facilities lacked sufficient speed to guarantee detention of Harry Dean, arrested last week in Prince Edward Island, Canada, and wanted here on a swindle charge. And once more, Dean has been placed on the missing list.

Portland officials were advised today that Dean had regained his liberty in Charlottetown by posting \$500 bond. He was vice president of the Guaranty Securities company here, accused of having misappropriated \$10,000 belonging to clients.

Copies of indictments against Dean were forwarded to Charlottetown by air mail but arrived after Dean had been released. The police there, it was said, were disinclined to hold the prisoner in the absence of copies of the indictments.

SENATE YET ARGUES OVER TAX MEASURE

WASHINGTON, May 18.—(AP)—Minor changes were made in the tax reduction bills today during an all-day attack by proponents of the 20 or more amendments aimed at the measure and the dragging debate carried the senate into its third week of consideration of the bill, with only a prospect of final action tomorrow.

An amendment by Senator Frazier, republican of North Dakota, increasing the exemptions allowed clubs from 10 per cent club taxes, from \$10 to \$25 was approved.

After a strenuous fight Senator Vandenberg, republican, of Michigan won his amendment to exempt salaries of officers and employees of state and municipal corporations from income tax. This will affect thousands of employees of state and municipal water works and street railway companies who are now taxed. State and city salaries are not subject to federal taxation under the constitution but the internal revenue bureau has been charging taxes against state and municipal corporations.

This amendment was carried by a vote of 40 to 30, but another attempt by Senator Vandenberg to allow refunds to the public utility employees of taxes collected since 1926 under the present law was rejected 49 to 23.

Senator Reed, republican of Pennsylvania, renewed his attempt to have insurance companies included in their gross income which is subject to taxation the profits received from sale, or disposition of property. He was defeated 45 to 21 after a sharp discussion.

MAN GRIEF STRICKEN

PORTLANDER COMMITTED TO STATE HOSPITAL HERE

PORTLAND, May 18.—(AP)—Grief and shock, caused by the death of his wife and two children as result of a collection of his automobile with a railway train last month and effects of his own injuries in the same accident were given today as the cause for George M. Rice, 33, ex-serviceman being committed to the state hospital in Salem. Examination by alienists into the mental condition of Rice was held today following his attempt to commit suicide.

The Rice automobile collided with a railway train near Park-place Sunday, April 29. Mrs. Rice and one child were killed. Another child died when he was carried by the train engine upon the railway bridge, where the body fell into the Clackamas river.

tered all over the field, it was necessary to cancel the proposed plane race. Police officers were kept busy all of the afternoon holding the spectators back from the narrow runway.

The parachute jumps were also cancelled because it was impossible to secure one of the large humberhoots here. At any rate the entire affair went off big and was a real success. Much credit is due C. J. Gray, manager of the Shell Oil company branch of this city, who worked out the program.

Each plane was made a present of a tank full of airplane gasoline before leaving for their respective homes. The free fuel was furnished by the local Shell Oil company. The following planes and companies were represented: Waco 10, Pacific Airplane service; one P-T I U. S. army, Pearson field; one D-H U. CHARGE AGAINST TWO BISHOPS NOT PRESSED

(Continued from page 1.) 71 years, and his desire not to return to the tropics. Five bishops have retired at the conference because of the age limit. Conferences leaders cling to the belief that not more than three new bishops would be chosen next week to fill the seven vacancies. "IT'S THE SCREEN THRILLER OF THE YEAR!"

He thought he was bigger than the war until fate lifted him out of the padded square and put him face to face with death! Then he knew how small he was! But bigger than the battle of guns was his fight against himself—to beat the coward that was in him—to return to the girl who always knew he was a hero. It's more than a motion picture! It's more than you ever expected from the screen! You can imagine how mighty it is until you see it!
