

### SCOTT'S MILLS FOLK HAVE TEXAS GUESTS

#### District Has Graduates in County Exercises; One From U. of O.

SCOTT'S MILLS, June 13.—(Special)—Mr. and Mrs. Charles Haynes of Portland, E. R. Stewart and Mrs. Bennett Dunagan of Halsey visited Mr. and Mrs. George Haynes Sunday.

Mr. and Mrs. Claud Ragland of Texas are visiting Mrs. Ragland's sister, Mrs. George Myers and family. Mrs. Marie Phillips also visited at the home of her parents, Mr. and Mrs. Myers, the first of the week.

Mr. and Mrs. W. T. Hogg attended the eighth grade county graduation in Salem Saturday. Their daughter, Doris, was one of the graduates.

Mrs. Carl Barth has been quite sick the past week. Her mother from near Yoder is caring for her.

Mr. and Mrs. J. O. Dixon and family, H. S. Dixon and Miss La Verne Rich attended a family reunion Sunday at the Dixon home in Battle Ground, Wn.

Mr. and Mrs. A. L. Brougher and son Ira attended the graduation at the U. of O. Monday. Their son John, graduated from the medical school.

Quite a number from here attended the Woodmen picnic held at Woodburn Sunday.

Mrs. Tony Miller and two children visited her sister and brother-in-law, Mr. and Mrs. Reuben De Jardin last week.

Mr. and Mrs. Harry C. Cobb of Oakland, California, who have been visiting his sister, Mrs. Charles Hartman and family, the past week, left for their home Sunday morning. They were called here by the sudden illness and death of his mother, Mrs. Emma Cobb.

Mr. and Mrs. Hugh Magee attended the eighth grade graduation in Salem Saturday afternoon. Their daughters Emily and Merle graduated.

Mrs. Dorothy Morton has returned to her home in Portland after visiting her mother, Mrs. Meyer, for two weeks.

Miss Dorothy White, daughter of Mr. and Mrs. Ben White of Eugene, is visiting her grandmother Mrs. Anna White.

The Ladies' Aid of the Christian church met for a social evening Saturday evening at the home of Mrs. Albert Rich.

### 6 SALEMITES GET U. OF O. DIPLOMA

#### Dr. Kellems, Evangelist, Delivers Commencement Address to 550 Graduates

UNIVERSITY OF OREGON, Eugene, June 13.—(Special)—"The greatest mountains are yet to be conquered; you can conquer them. The greatest sermons are yet to be preached; you can preach them. We are staggered when we think of the discoveries which adventurous science has made during the lifetime of one young man. Yet the greatest discoveries are still to be made; you can make them." This was the theme of the graduation address given by Dr. Jesse R. Kellems, noted evangelist, before 550 students who received degrees at the University of Oregon, Monday, June 11.

Six Salem students received degrees at the commencement exercises. They were Frank Wilcox, bachelor of science in biology; Harold J. Socolofsky, bachelor of arts in business administration; Herbert G. Socolofsky, bachelor of arts in business administration; Helen S. Gibbs, bachelor of science in education; Dorothy Dellzell, bachelor of arts in English; Thunelda Koehler, bachelor of science in geology.

Saturday was given over to alumni meetings and re-unions. The State Association of University Women met at the Osburn hotel at 9 o'clock for breakfast, and had as honor guest, Mrs. Ellen McCormack, '78, who was the first president of the association. Mrs. C. A. E. Whitton, '96, Eugene, president this year, presided.

The president's reception was held in the Woman's building from 3 to 5 o'clock. The annual flower and fern procession, one of the most picturesque features of the commencement, was held at 7 o'clock Saturday. Mildred LeCompte Moore, '24, had charge of the arrangements for this.

The Felling and Beekman oratorical contest, for which prizes of \$150 and \$100 are offered, was held Saturday evening. Contestants for this were Beatrice Mason and Walter Durgan, Eugene; Frances Cherry, Enterprise, and Don Boelar, Warrenton.

The Rev. Herbert S. Johnson, '87, son of the first president of the university, delivered the baccalaureate sermon Sunday morning at the Methodist church. Rev. Johnson also delivered the baccalaureate sermon just 20 years ago.

In addition to receiving their bachelor degrees, seven students were awarded honors for outstanding scholarship during their

college careers. They are Julia Braunsinger, Eugene, English; Alice Southwick, Milwaukie, English; Maxine Koon, Portland, English; Marjorie Horton, Eugene, physical education; Ruth Newton, Journalism, Klamath Falls; Margaret Jackman, Eugene, romance languages; and Lyle M. Veazie, romance languages, Portland.

### LIBRARIAN CHOSEN

#### CITY BOARD NAMES MISS MACGREGOR'S SUCCESSOR

Miss Beatrice Olin, who has taught in the English department at Gooding college, Idaho, this year, has been selected by the city library board as school librarian for the coming year. Superintendent George W. Hug was notified yesterday.

Miss Olin is a licensed teacher-librarian in Wisconsin and has done assistant work at Eau Claire Wisconsin Teachers' college. She holds a degree from Lawrence college, Wisconsin, and plans to attend the library school in that state this summer.

The library board feels Miss Olin's experience as a teacher will be valuable in her library work and permit her to be of greater assistance to the teachers.

Miss Olin, who takes the place of Miss Ellen MacGregor, will receive \$1500. The letter to Mr. Hug expressed regret at the frequent changes in the school librarian, a matter which is traceable largely to the low salary offered.

Formal approval of the appointment will be made by the school board at its next meeting.

### FAME SNUFFS LIFE FROM FRENCH CAFE

PARIS (AP).—Many famous old cafes have disappeared and the reason seems often to have been because they were famous.

They gained fame usually by becoming the "hang-outs" of noted persons, artists, writers, actors and public men. Unfortunately, says Georges de Wissant, who has written a book about the old places, the notables talked so much they did not have time to drink and they gathered there to be admired.

The ordinary customers, it appears, enjoyed the show occasionally, but as the great men exacted such attention from waiters and the proprietors the patrons who paid their bills, and said nothing, soon moved elsewhere. There always was a little crowd of curious people to watch and listen to the main performers, but they bought only enough to be entitled to their seats.

So as rents went up the "famous" places shut up shop or sold their leases. Publicly they were mourned and regretted, but other places profited by the experience. And stars who want to shine in cafes nowadays must pay their way like other people. Even the old, old chess club, at home for generations at the Cafe de la Reine, was asked to go elsewhere because the players spent hours there so interested in the game they forgot to buy more than their initial coffee or beer.

### Pai Chung Hsi Occupies Castle in City of Peking

PEKING, June 13.—(AP).—(Delayed via Naval Radio)—General Pai Chung Hsi the Kwangsi commander from Hankow, who has terrorized communists at Shanghai and Hankow, where he executed nearly 2,000 persons, took possession today of the Yang Yu Ting palace at Peking. Two thousand Hunan troops marched into the city with him as his body guards.

### NEW INCORPORATIONS

Campbell-Holmes Motor company, Inc., with capital stock of \$7250 and headquarters at Astoria, filed articles in the state corporation department Thursday. The incorporators are E. R. Campbell, James W. Holmes and Grace K. Campbell.

The B. and B. Mining company, Inc., has been incorporated by W. H. Bates, John A. Hogg and W. Y. Masters. The capital stock is \$50,000, and headquarters are in Portland.

### Acid Stomach

"Phillips Milk of Magnesia" Better than Soda

Hereafter, instead of soda take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly. For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. It neutralizes acid fermentations in the bowels and gently urges the souring waste from the system without purging. Besides, it is more pleasant to take than soda. Inset upon "Phillips." Twenty-five cent and fifty cent bottles, any drugstore. "Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Co. and its predecessor Charles H. Phillips since 1875.—Adv.

### THE NATION'S HUGE WHEAT HARVEST IS NOW READY TO START; WITH BEGINNINGS IN OKLAHOMA AND TEXAS

Combination reapers and threshers, of the type shown above, greatly advancing the speed of grain harvests, soon will mingle with the rumble of machinery in the wheat regions. The stationary threshing machine (below), into which is fed the grain cut by headers and binders, will play its customary chief role in the 1928 harvest.

KANSAS CITY, June 9.—(AP)—The song of the sickle will begin in Texas and Oklahoma wheat fields the second week in June, reach a crescendo in Kansas and Nebraska a month later, and end in an echo beyond the Canadian border with approach of the autumnal equinox.

The hum of headers, binders and combine harvesters will be like the rattle of drums to the great army of men marching along the swaths and around the broad rectangles of yellow straw, laden with golden grain.

Despite the more extensive use of labor-saving machinery and the reduction of yield prospects because of drought, insect ravages and damage by freezing, farmers of Texas, Oklahoma and Kansas will look to other states for at least 20,000 men to harvest about 225,000,000 bushels of wheat.

The combines, which cut and thresh the grain at the same time, have reduced very materially the demand for labor on the large farms. One of these machines, with a crew of only four men, covers 50 acres a day, equalling the performance of two headers with

soft vacation and that the money they may earn will not go far toward keeping them in school."

Laborers who enter Texas, Oklahoma and Kansas are encouraged to move northward as the advance of the season ripens the grain. The railroads co-operate by reducing fares.

The men from the south are reinforced by farm hands who were employed in the wheat states before harvest, and this army of southerners and middle-westerners, with a sprinkling of easterners, answers the call for help in the Dakotas, Minnesota and Montana. Farther north, wheat growers rely more on the binder and the header because they believe the shorter growing season does not permit the grain to ripen evenly enough to be binned immediately after cutting, as is necessary if a combine is used.

Tucker says North Dakota alone will need at least 24,000 men if climatic conditions do not affect the crop adversely. He anticipates a call for 10,000 hands in South Dakota; 6,000 in Nebraska; 5,000 in Montana; 3,000 in Colorado, and several thousand in Idaho, Oregon and Washington.

### CUBA SETS GOAL FOR IMPROVEMENT

HAVANA, Cuba.—(AP).—The department of public works of Cuba has set for itself the goal of making every national holiday the inauguration date of an important improvement on the island.

When the anniversary of the founding of Cuba is commemorated on May 20, there will likewise be the inauguration of the Havana to Guanajay section of the Cuban Central highway, which, when completed, will provide a through motor road to all principal points of Cuba.

Secretary Cespedes says that

the new capitol building, in the course of construction the past most imposing edifices of the year and which will be one of the American continent, will be completed in 12 months. This, also, will be inaugurated on an outstanding day in Cuba's history.

A Portland contractor has been given a contract to bore a tunnel from Detroit to Windsor, Ont. Shucks! Aren't there underground methods enough as it is for bringing the stuff from Canada to Detroit?—Eugene Register.

### SUPERVISORS WORK

#### CHECK SHOWS TRANSFERS OF TEACHERS ADVISABLE

Measuring and collecting of geography pictures; study and selection of the best arithmetic devices used in the grade schools; indexing, cleaning, repairing and shelving of elementary readers; an inspirational meeting of the first grade teachers; a meeting of sixth grade instructors for discussion of arithmetic work—these are some of the things done by Miss Lillian Schroeder while carrying on the elementary supervision of the nine grade schools in Salem since February when Miss Carlotta Crowley left to study in the south and east, according to report of the work submitted at the end of the year.

Several visits were made to each of the schools to observe the type of teaching and conference with the weaker teachers held.

Primary teachers also meet to learn about the picture study reader, a method of teaching which the supervisor would like to see tried in one of the schools.

A careful rating of teachers in the grades showed that the system would be materially strengthened by a number of transfers next year.

### San Francisco Stocks Show Favorable Move

SAN FRANCISCO, June 13.—(AP).—Responding to the lead of the New York market and the placing of large supporting orders, stock prices on the San Francisco stock and curb exchanges made a brisk recovery today from the uncertain quotations of yesterday.

The general trend of the list was decidedly upward, although here and there a few soft spots were evident.

Bank of Italy opened at 210, where it closed yesterday and climbed to 220 dropping three points later. Bancitaly corporation strengthened to 143 1/2 later receding to 142. American company opening at 165 1-8 climbed to 175 before dropping back to 165.

### Oregon Gets on K. C. Map Hal Patton Responsible

Hal Patton, fiery Oregon delegate to the national republican convention, found it just as easy to break onto the front page of newspapers there as he does through his activities on the Salem city council, according to the following dispatch to the Oregon Journal under the signature of Ralph Watson, political writer for that paper:

KANSAS CITY, June 13.—Hal Patton of Salem, delegate from the first district, put Oregon on the map and himself on the front page back here when he went into battle as a member of the credentials committee after recess of the convention Tuesday afternoon. Once he was in session with the committee he didn't get out until nearly 4 o'clock Wednesday morning, and is through with credentials committees, he says.

But what crashed his way into the headlines here was his motion, after the first contest was part way through to just dump the whole bundle into one lump, sustain the national committee and go get some dinner.

"I come from Oregon," Patton told the committee. "Out there we elect delegates and don't have to get the national committee to unscramble the eggs we ship back to even before I spoke."

"I am Senator Lenroot of Wisconsin, and I trust the gentleman from Oregon will take a good look at me," the next speaker stated as he rose to speak.

"He was a very pleasant gentleman, indeed," Patton insists. "He shook hands and told me he knew that Oregon was out West, even before I spoke."
