ROTH'S LET YOUR FOOD-SENSE SAVE YOUR FOOD DOLLARS

Over three thousand items of food are carried in the regular stock of this food-market, each item must stand its share of the cost of doing business and as all customers do not use the same goods it is unfair to sell some merchandise at or below cost and make it up on other items. Our system of pricing is therefore most equitable and does not penalize one customer at the expense of another. Twenty-eight years of successful food merchandising have proven to us that the customer prefers this method in food buying.
