Wedding of Miss Starr and LaVoy Thompson Solemnized Saturday Evening

The marriage of Miss Vesta Larne Starr, daughter of Mr. and Mrs. George W. Starr of Salem, and LaVoy H. Thompson, son of Mr. and Mrs. Clinton P. Thompson of Salem was solemnized Saturday evening, June 16, at the home of Dr. and Mrs. D. J. Howe, Dr. Howe, pastor of the First Christian church, officiating.

The bride, who was given in marriage by her father, wore a beautiful gown of peach-beige georgette combined with lace. She carried a shower bouquet of brides roses and lilies of the valley.

The bride's only attendant, Mrs. Frank H. Huber (Leora Spires) wore rose georgette and carried an arm bouquet of sweet peas. Virgil E. Starr, cousin of the bride, acted as best man. The wedding music was played by Miss Florence Howe.

Following the ceremony, a reception was held at the bride's home which was decorated with roses and canterbury bells. Mrs. W. F. Starr cut the loaves, assisted by Mrs. Frank H. Huber.

Mr. and Mrs. Thompson left immediately following the reception on a wedding trip to the Canadian Rockies. They will return to make their home in Salem.

MORE STRAWBERRY PLANTING ADVISED

While there is some doubt as to the advisability of further plantings of other types of berries, it is certain that more strawberries will have to be set out in the Salem district to take the place of the plants which are soon to go out of bearing, Robert C. Paulus, local packer, told his audience at the Salem chamber of commerce luncheon Monday.

In fact there ought to be an increase in the strawberry acreage, in view of the new outlets that are being developed through utilization of the new 30 pound tin and the pound carton, Mr. Paulus said.

The California peach pack makes the canning industry hazardous, for canned peaches can be sold at a lower price than any other canned fruit except prunes. Packs of gooseberries, loganberries and blackberries are affected, especially the pie grades. The only way of overcoming this situation is to secure a higher percentage of the better grades.

The gooseberry crop this year will be light, but there will not be a good price because of the carry-over. The same problem occurs in the barreled strawberry field, but this year's pack will sell better than the carryover. The smaller packages of strawberries will help this market, but may cut into the canned fruit demand. At any rate, no strawberries will be left unpicked.

There was a shortage of loganberries last year and this year's crop should be cleaned up, but it will come slowly as England, the principal loganberry market, will buy from hand to mouth due to its disastrous experience overbuying two years ago.

OVER 375 APPEAR FOR GRADE SCHOOL

Slightly more than 200 pupils registered at Grant school and 175 at Park for the six weeks' summer session of the grammar grades. Miss Margaret J. Cosper, director of the vacation school, reported yesterday evening. Miss Cosper considers this an excellent enrollment for the opening day. Regular class work will begin at 8:30 o'clock this morning, with study each day until noon. School days are the same as during the regular terms.

The largest registration yesterday was in the first and second grades, with 21 children who had never before entered school attending at Grant. The number of beginning students at Park was two higher, or 23.

The director expects enrollment to reach approximately 500 before the session is over, with many of the additional students coming in this week.

Students who have for any reason been forced to drop behind their classmates, those who need additional review to strengthen their class work, or those who seek advanced work are all included in the membership of the first eight grades at the two schools.

Miss Minnie V. Duncan, principal of the Washington school has been named principal at Park and in addition will be critic of the work done in the first and second grades. At each school a group of experienced teachers is guiding the work in the respective classes, with actual classwork conducted by advanced students of the month normal school, which is sponsoring the summer school in Salem.

Miss Helen Cammack is teaching at the Salem summer school.

QUAKE ROCKS VERA CRUZ

Buildings Shake, Causing Inhabitants to Offer Prayer

VERA CRUZ, Mexico, June 18.—(AP)—A violent earthquake was felt here at 9:22 tonight. Buildings rocked during the tremor which continued for more than two minutes and the inhabitants of this city rushed into streets, many of them falling on their knees and imploring divine aid to prevent their destruction.

A few minutes after the cessation of the first tremor a second shock was felt. Electric light service was discontinued and residents were in a state of panic. An early check failed to show extensive damages or loss of life. The quakes are believed to have covered a wide area in this section of Mexico.

GUNBOAT BLOWS UP

BOGOITA, Colombia, June 18.—(AP)—A boiler explosion Saturday destroyed the Colombian army gunboat Hercules. Ten of the crew were killed and several others were injured.

FIRST BOTTLE HELPED HER

Keeps On Taking Lydia E. Pinkham's Vegetable Compound

Philadelphia, Pa.—"I always use Lydia E. Pinkham's Vegetable Compound before and after childbirth. I am a mother of three children—two little girls and a baby boy. I would get run-down, nervous, dizzy and weak sometimes so I had to lie in bed. I would take the Vegetable Compound as a tonic and I always saw an improvement after taking the first bottle. I found it to be a good tonic. I always recommend your medicines to my friends and I cannot speak too highly of them."—Mrs. ANNA LOUVERAUX, 1607 S. Front Street, Phila., Pa.

New Maytag Owners every day

THE Maytag's only rival is another Maytag. The New Maytag has broken Maytag's world record for washer production.

Every day 1400 new Maytag owners in every section of the country are introduced to Wash-day Happiness—happiness because of washings done in less time, about one hour; happiness because of clothes washed beautifully clean without hand-rubbing.

And it is happiness that has come to stay because the Maytag is built for a lifetime of service. It is the only washer with a non-breakable, cast-aluminum tub—the tub that keeps water hot for an entire washing, then empties and cleans itself.

Because of the silent, smooth-running, steel-cut gears, and the fine engineering in every part, there is a remarkable absence of vibration, and vibration is a washer's greatest enemy.

Would you know washday happiness, try a Maytag. See the new soft Roller Water Remover with safety feed board and automatic tension adjustment—test and compare its many outstanding features.

Phone—Without cost or obligation, do your next washing with a Maytag. If it doesn't sell itself, don't keep it.
