DR. MILLIGAN HERE

FORMER LOCAL PASTOR BRINGS BAPTIST MESSAGE

Dr. W. T. Milligan, formerly pastor of the First Baptist church of this city, now of Portland, occupied the pulpit of the Baptist Mission at the Grand opera house on Sunday, having recently returned from the Baptist convention in British Columbia.

Dr. Milligan took his text "Love" from I Corinthians 13. "Love in the hearts of men has its source in God," he said. "What a wonderful thing the spirit of love is. It changes the dross of human souls into gold. . . . Hate is the red light of warning. We cannot afford to let it into our hearts. . . . Love is the mark of difference between the Christian and the world."

In support of his subject, Dr. Milligan quoted generously from scripture, and rehearsed a wide range of experiences which have come under his observation of life. He also outlined some of the contents of Dr. Henry Drummond's book, "The Greatest Thing in the World," also Stanley Jones' book, "Crisis of the Round Table"—whose plea is that Christianity is not creed, nor a form of church order or worship, which are but mediums of expression. "Christianity," he said, "is the living, vital touch with the living God."

Dr. Milligan urged forbearance, love and charity in all things—"except the liquor traffic," he added. The generous endowment recently given to Berkeley seminary, a Baptist institution of that place, was given warm praise. Many old friends greeted Dr. Milligan at the close of the service, among them a member of his former Minneapolis church.

Several Rosedale People Attend Friend's Meeting

ROSEDALE, June 19.—(Special)—Several from here attended Oregon yearly meeting, at Newberg last week. Miss Helen Cammack began her practice teaching in Salem Monday.

Miss Laura Cammack is attending Willamette university summer school.

Mrs. Edward Mott and relatives visited her daughter, Mrs. A. J. Haldy, last Sunday.

There will be Sunday school and preaching service as usual next Sunday. Everyone invited. A Sunday school picnic is being planned for the near future.

Mrs. Ola Frost and daughter from California visited at the Albert Bates home last week.

Drill Team Will Give Exhibit Here Tonight

The W. O. W. drill team of Portland will be in Salem tonight and give an exhibition and entertainment at the Fraternal temple. It was announced last yesterday. The affair will begin at 9 o'clock and admission will be free of charge.

The team is making the trip to the national convention at Oakland, California, by automobile. The caravan will consist of about 35 persons, most of whom are members of the team but some of whom are entertainers of various kinds.

The convention is to begin June 24.

Miss Earhart in one of them with newspapermen and Stultz and Gordon in another just behind with other newspapermen. For all three the trip represented the first real moments of leisure they had had since they left Trepassey bay. The two men rode to London without a stop, but the girl—already known here as "Lady Lindbergh"—stopped a few minutes at Winchester to view the famous Norman cathedral there.

"Isn't it peaceful?" she asked thinking perhaps of the din of those 22 hours behind three roaring airplane motors. It was a tumultuous welcome Southampton accorded the fliers upon their arrival there, and all three of them—particularly the girl—seemed abashed that so much fuss should be raised about them.

Young Girl Modest—Miss Earhart arrived from Burry Port as fresh as a school girl. Modestly and graciously she accepted the greetings of her patroness, Mrs. Frederick Guest, the American consul and Southampton's woman mayor, Mrs. L. M. Welch. Later the ceremonial welcome was followed by a less ceremonious welcome when she reached the streets where thousands of townspeople cheered her as she was taken to a hotel.

She made a pretty figure, with her mingled vivaciousness and seriousness of expression, the latter

perhaps seeming the more characteristic. The crowds laughed at the only clothes she has in Europe, long black leaved boots, dark brown flying breeches, a light brown sweater coat, light khaki shirt waist, and red-knotted loosely around her throat. But such as they were, they only served to set off touselled blond hair which fell over a high forehead and sparkling blue eyes, set deeply in a frank intelligent face.

To newspapermen who met her at Southampton she and the two men recounted the story of their flight across the Atlantic, the days of anxious waiting at Trepassey bay and then the hours of hurtling over Atlantic vastness. They said even the ocean was hidden from their view and every faculty was strained as they concentrated on the navigation instruments, upon the correct use of which depended their lives and their fortunes.

During the 19 hours of their flight the three saw no land or sea—just interminable mist, followed with rain and one snow storm. Monday morning there was a brief glimpse of the liner America, followed at noon by the sight of land, and the landing at Burry Port.

INTEREST GROWING IN RABBIT SHOWS

R. D. Gibson Wins Grand Award at Table Display of Local Association

Much interest was displayed in the third semi-annual table show of the Salem Rabbit and Small Stock association, held at the chamber of commerce rooms Tuesday evening. H. E. Osborn of Portland, who was the judge, stated that the show was handled in a greatly improved manner over the previous events of its kind here, and complimented the officers of the association on the improvement. Only one entry was disqualified.

The best rabbit in the show, Mr. Osborn decided, was a senior Chinchilla doe owned by R. D. Gibson of route 3. It had placed third at the last state fair as a junior doe.

Other prize winners were: Giant Chinchilla senior buck, E. T. Hamer second (this award given because only one entry); Giant Chinchilla junior buck, Mrs. Robert Shaffer first.

Senior Chinchilla buck, Paul Ellis first, Mrs. W. H. Grabenhorst second, John Dezell third.

Senior Chinchilla doe, R. D. Gibson first, Mrs. Robert Shaffer second.

Intermediate Chinchilla buck, Paul Ellis second.

Intermediate Chinchilla doe, J. L. Ellis first, second and third.

Junior Chinchilla buck, Mrs. Robert Shaffer first.

Junior Chinchilla doe, R. D. Gibson first.

New Zealand White senior buck, Mrs. W. H. Grabenhorst first.

New Zealand White junior doe, Mrs. W. H. Grabenhorst first.

Flemish Giant junior buck, Mrs. S. C. Campbell first.

Flemish Giant junior doe, Lester Colgan first.

The next meeting of the association will be an outdoor gathering at the home of R. D. Gibson vice president, near Liberty road. It will be held July 17.

Mrs. Osborn gave a number of bits of advice on selection of stock, and urged members entering their rabbits in shows to avoid overfeeding, a tendency that prevents show rabbits from taking prizes as several successive shows.

Really good bucks are a rarity he declared, and anyone who has really good animals will have no trouble in selling them. Mr. Osborn declared.

FAKE TUBERCULOSIS CURES HIT AT MEET

Annual Convention of National Association Held in Portland

PORTLAND, June 19.—(AP)—The various "quack" cures for tuberculosis met rough handling at the hands of speakers at today's session here of the National Tuberculosis association's 24th annual meeting. The idea that every pathologic state can be cured by something out of a bottle, was cited by one speaker as accounting for much of the faith put in patent medicines sold for treatment of the disease.

Dr. Arthur J. Cramp, director of the bureau of investigation of the American Medical association, led the discussion of tuberculosis "cures."

"It is a crime," he said, "that testimonials signed by people since dead should be allowed to

entice others to buy. It is a peculiar thing that the victim die—but the testimonial is immortal." The various factors that to aspire to make the tuberculosis sufferer an easy mark for it "quack," Dr. Cramp said are: "The general belief that for ailment there is a specific remedy; if one only looks for it; the idea that every pathologic state can be cured by something out of a bottle; the fact that the medical profession frankly admits it knows no drug that will cure tuberculosis; the temporary improvement in the consumptive that follow any change of treatment, and the remissions so common in this disease, that creates optimism."

Dr. Cramp paid compliment to the ethical standards of the better newspapers of the country, in that they bar advertisements of cure for tuberculosis.
