

There Was More Building Started in Salem Last Month Than in Miami, Florida, and More Than in Many Big Eastern Cities  
The New Outlet for Marketing Our Fruits in One Pound Cartons in Cold Pack Form Calls for Carton Factories Here in Salem

Weather forecast: Unsettled and cool with local showers; humidity above normal; moderate westerly winds on the coast. Maximum temperature 64, minimum 55, river -5, rainfall none, atmosphere cloudy, wind south.

# The Oregon Statesman

New York's health commissioner says the handshake is a carrier of influenza. If this were true, wouldn't all of the candidates be in bed with flu?

SEVENTY-EIGHTH YEAR SALEM, OREGON, THURSDAY MORNING, JUNE 21, 1928 PRICE FIVE CENTS

## BERRY CARTON INDUSTRY HERE EXPECTED SOON

### Outlet Suggests One of Many Indirect Benefits of New Development

## MANY USED THIS SEASON

### Improved Method of Keeping Strawberries Fresh Uses Vast Quantity of Paper Cartons; Factory Certain

Every development of an industry on the land in the Salem district points the way to many indirect benefits that add to the business and prosperity of the district.

Take the new development this year of the cold pack outlet for berries; our strawberries in the first instance, and now extending to loganberries and black raspberries, and destined to embrace other bush and tree fruits. The 15 and 30 and 50 pound tins suggested the one pound cartons, and the carton manufacturers and the canners and packers have "hopped to it," until already, this year, there is a big business in the carton packages—being put up on or "from eastern jobbers, who change to supply the fresh berries in homes all over the land, any where in the United States, at any season. And no doubt soon extending to other lands.

This will make it possible for a family in New York or Cleveland or Detroit or New Orleans, or in Honolulu or Manila, to feast on June or July Oregon strawberries, or black raspberries or loganberries, at Christmas time, or in the March days, or at any other other time. On fruit as fresh and full of the flavors of the berry season as if the consumers were here in that season to gather the delicious berries from the vines of the bushes.

What It All Means

This development has put to work the manufacturing plants of the carton makers and the printing and lithographing presses in their plants or near them. There are already a number of kinds of cartons. The variety will be increased.

This development has already suggested to some of the forward looking canners and packers of Salem the possibility of getting carton packages here, near the supply of the paper stock. Our paper mills can make the stock.

(Continued on page 2.)

## SANTIAM MINING PROSPECT GOOD

### WARRANTS FINANCIAL SUPPORT, SAYS ELMENDORF

### Indications Improve as Shaft Goes Deeper; Will Drift at 100 Feet

That the Santiam mining area now being developed by the Northwest Copper company shows more than sufficient promise to warrant large financial support from Salem, was the declaration of W. J. Elmendorf, Seattle mining engineer who has been employed as consulting engineer by this company, in his talk at the Salem Rotary club luncheon Wednesday.

As the present shaft is being sunk to the 100 foot level, ore of constantly increasing value is being encountered, Mr. Elmendorf said. The company plans to run a drift at 100 feet.

An especially favorable factor is that the ore is largely calcite, most valuable and most easily extracted native form of copper.

Mr. Elmendorf will make a trip to the Santiam mines today, his first in several months.

In his address at the Rotary club, Mr. Elmendorf discussed the mining industry in general, pointing out that if mining were developed, a society would revert to its old age. In addition to supplying the precious metals upon which the great financial systems of the world are based, mining furnishes materials essential in every industry. While there have been mining speculations, money placed in a proven mining project is as safely invested as it would be if used to purchase railroad stocks, he declared.

People who have the interests of mining at heart, want mining investments kept above the level of speculation, he added.

The copper outlook is good at present, Mr. Elmendorf said, with a rising market because the copper companies have refused to overwork it.

## OTHER BERRIES GO IN CARTONS

### BLACK RASPBERRIES SECOND CROP HANDLED THIS

### All Fruits May Be Frozen Except Few So Far Unengaged Loganberries

Fruit harvest here goes ahead in full swing. The Liberty, Salem, Brooks, Gervais, Woodburn and Hubbard stations of Libby, McNeill & Libby, on the loganberry and black raspberry "deals" got into full swing yesterday. Earl Percy has charge of the "deals" at Liberty, Salem and Brooks.

Loganberries and black raspberries came to the canneries in larger supply yesterday, to say nothing of the strawberries, which are still coming in big tonnage.

In all these, including cherries the big Hunt cannery is taking in around 100 tons of fruit a day.

The New Cartons

Several of the packers are using black raspberries in the one-pound cartons. This is an entirely new development. Never thought of before this year. Not thought of in connection with raspberries at the beginning of the packing season, a few weeks ago.

It is said the packers are paying eight and a half cents a pound for the black raspberries. The Libby, McNeill & Libby people are paying 5 cents a pound for loganberries. They are making no new contracts right now.

There are some loganberry growers who have not yet sold or contracted their crops. This seems to be the single exception, as regards any of our fruits. All the rest are finding outlets.

The regular packers may find room for the unengaged loganberries, a little later. Or they may have to be dried. In some way or other, there should be found market outlets for them. Then we may boast at the close of the season that nothing in the way of fruit went to waste in the Salem district. That would be a proud and creditable boast.

Some of the big canners and packers have stood up to the racket and taken on loads that they did not contemplate before the opening of the packing season. They have thus served the community in a creditable manner. This city and district would be in a bad way without these far visioned men.

## CONCRETE BUILDING FOR B. E. EDWARDS TO RISE ON EAST STATE STREET

### Building Activity Took a Sudden Spurt in Salem Tuesday and Wednesday, with Permits Issued for a Total of \$42,700, Closely Approaching the Record for the Entire First Half of June, which was \$47,500.

The biggest permit issued Wednesday was for a concrete building, 1915-1937 State street. It will include five store rooms. Business to be accommodated include a grocery store, bakery, butcher shop, barber shop and confectionery. The grocery store will be a new business in this busy part of the city, the others being already established there and moving to the new quarters from old structures, some of which are to be torn down. S. A. Hughes will be in charge of construction of the new building.

Zone Not Changed

The other major project on which a permit was taken in the two day period was the Delta Phi sorority house, costing \$12,000, to be erected on the south side of Court street near 16th. In this connection The Statesman was in error yesterday in stating that the zone was to be changed. Through the signing of petitions by 75 per cent of the property owners within a radius of 300 feet of the proposed building, it may be erected without changing the zone.

Four Large Dwellings

Three dwellings of considerable size are included in the permits (Continued on page 7.)

## ANDERSON WARRANT OUT

### Present Whereabouts of California Attorney Not Known

A warrant of arrest was issued here Wednesday for J. A. Anderson, California attorney, who is charged with obtaining money by false pretenses.

It was alleged by officials that Anderson and E. J. Frazier of Eugene induced stockholders of the defunct Cosmopolitan Stores to advance them funds under the pretense that they would secure the return of money which they had invested in the bankrupt corporation.

Frazier, who has been in Salem for several days, Tuesday agreed to return all money he has received from the stockholders. He was said to have returned to the stockholders approximately \$500 and placed additional funds in the hands of the state corporation commissioner.

Affidavits secured by the officials indicated that Anderson and Frazier collected approximately \$1500, which was 10 per cent of the stock subscriptions of the stockholders whom they solicited. Frazier probably will escape prosecution, it was said.

Anderson's present whereabouts are not known to the officers.

## D. E. PETITION UP SOON

### Application For Extension to Sweet Home to be Heard

Hearing of the application of the Oregon Electric railway for permission to extend its line from Albany east to Sweet Home, will be held in Portland July 10, according to word received by the public service commission.

The complaint of the public service commission demanding construction of an east and west railroad through the state will be heard in Portland July 12.

Both hearings will be conducted by the interstate commerce commission.

## PLAN TO LEASE OFFICES

### State Board of Control Will Inspect Portland Locations

Members of the state board of control will go to Portland later in the week where they will inspect a number of office buildings preparatory to leasing floor space for state departments and commissions located in that city.

A large number of proposals were considered by the board of control here Wednesday, but none of them was adopted. It was said that the rentals of the buildings under consideration range from 8 to 15 cents per square foot.

The board hopes to concentrate the state activities now centered in Portland in one building.

## HAIL STORM HITS ELGIN

### Damage Done Wheat Crops Near Eastern Oregon Town

ELGIN, Ore., June 20.—(AP)—A hail storm struck this district today, causing damage to standing wheat, fruit and gardens, estimated at from \$25,000 to \$30,000. In some sections the hail fell to a depth of six inches, with stones as large as walnuts.

## BUILDING TAKES SUDDEN SPURT; 2 DAYS, \$42,700

### Concrete Building for B. E. Edwards to Rise on East State Street

## JUNE RECORD IN SIGHT

### Salem Compares Well With Prominent Cities Throughout Nation in Last Month; Beats Miami, Florida

Building activity took a sudden spurt in Salem Tuesday and Wednesday, with permits issued for a total of \$42,700, closely approaching the record for the entire first half of June, which was \$47,500.

The biggest permit issued Wednesday was for a concrete building, 1915-1937 State street. It will include five store rooms. Business to be accommodated include a grocery store, bakery, butcher shop, barber shop and confectionery. The grocery store will be a new business in this busy part of the city, the others being already established there and moving to the new quarters from old structures, some of which are to be torn down. ## NOBILE REACHED BY USE OF RADIO

### ITALIANS ISSUE COMMUNIQUE AFTER INCIDENT

### Exact Method Described; Flyer Sees Five Persons When Called Back by Wireless

ROME, June 20.—(AP)—The manner in which General Nobile and his five stranded companions were provisioned by Major Maddalena today was described in an official communique from the Citta di Milano published tonight.

"At 6 o'clock this morning (Greenwich time)," the communique reads, "the wireless apparatus carried in the sealer Hobby was installed in Major Maddalena's airplane and experiments made in Kings Bay, guiding her by means of the instructions transmitted to the pilot by wireless in prearranged code.

"The results were completely satisfactory and Major Maddalena left immediately to search for General Nobile's party. The arrangements functioned perfectly and Maddalena declared that without them it would have been impossible for him to discover the camp which he passed over without seeing once. As a result of the signals, however, he returned to the spot and saw five (it was suggested the sixth with a broken leg was under cover) persons clearly. These waved to him and he dropped his cargo of food and supplies to them.

"We (the Citta di Milano) are now awaiting General Nobile's report of the dropping of the food to the stranded men.

"After we were informed of the success of the Maddalena expedition, Captain Risler-Larsen with his usual tenacity expressed a wish to go out and seek the explorers again. He did so, but was unable to find the spot. This illustrates the importance of the arrangements adopted by Maddalena."

## OCEAN FLIGHT ENJOINED

### German Actress Prevented From Starting Atlantic Trip

NEW YORK, June 20.—(AP)—The off-deferred transatlantic flight of Miss Thea Rasche, plans for which were revived two days ago through the financial aid of Mrs. James A. Stillman, hit a new obstacle today in the form of a supreme court injunction.

The injunction, obtained by Miss Rasche's previous backers, restrains her and A. R. Martine, banker and aviation enthusiast, from using a Bellanca monoplane which Mrs. Stillman purchased from Martine, for the woman pilot for a flight from Old Orchard, Me., to Berlin. The court order was served on Miss Rasche late today as she and Mrs. Stillman were at Curtis field making arrangements for a take-off tomorrow to Old Orchard on the first leg of the long jump.

"I'm not worried a bit over this," Mrs. Stillman said immediately after Miss Rasche identified herself for a process server.

"The plane now is in my name."

## AMUNDSEN YET LOST IN ARCTIC WORST FEARED

### Meanwhile Italian Flyer Reaches Nobile With Quantity of Supplies

## DROP FOOD FROM PLANE

### Norwegian Explorer Falls to Come Back From Expedition Seeking Commander of Ill Fated Dirigible

### (Copyright 1928 by the A. P.) KINGS BAY, Spitzbergen, June 20.—(AP)—Barren arctic vastness tonight had divulged the retreat of five men who had dared it but its white ice clad reaches had swallowed two more, one of them a seer in its lore, and had hidden them from view.

General Umberto Nobile, chief of the dirigible Italia, and five of his crew, were found on their ice cake home today and given food and supplies, but the veteran Roald Amundsen and Rene Gullbaud, who left Tromsø, Norway Monday for Spitzbergen, had been lost for two days with little or nothing to indicate where they might be.

Two Other Parties Lost

Ten others, too, are lost, the three men who started atop to ward land after the Italia crashed, and the seven who remained with the dirigible were away to the east when the gas bag, lightened by the loss of nine of its crew, rose again.

Though trips through the air in search of Nobile have been under way for several days by the Norwegians, Captain Risler-Larsen and Lieut. Luetzow Holm, it remained for a fellow Italian, Major Maddalena, in the seaplane Savoia, 55, finally to find General Nobile.

Rescuers Seen Three Times

Three times the stranded men had seen the planes of their would-be rescuers flying in the sky above them, and three times they had seen them pass them by (Continued on page 7.)

## Republican Committee Will Organize June 30

### B. W. Macy, Salem Attorney, Temporary Chairman; 74 Precinct Committeemen Notified to Attend; Hal Patton Will Report on Convention at Kansas City

Organization of the republican central committee for Marion county will take place Saturday, June 30.

The announcements to this effect were sent out yesterday to 74 precinct committeemen by B. W. Macy, Salem attorney, who has been appointed temporary chairman by Phil Metchan of Portland, chairman of the republican state central committee. The law provides that in case organization is not effected within 20 days after election appointment shall be made of a temporary chairman to call the precinct committee-

## AMELIA TURNS THOUGHTS HOME

### CONTINENTAL TOUR PLANNED DURING WEEK END

### Voyage Back to America to be Taken by Ship in Near Future, Announcement

LONDON, June 20.—(AP)—The airplane Friendship having carried through to success the mission implied by its name, Miss Earhart, Pilot Stultz, and Mechanician Gordon, today turned thoughts toward home. Their transatlantic flight had stirred their thoughts to new efforts. The trio plan to fly to the continent for the week-end, visiting Amsterdam and Paris. They will come back to England probably Tuesday and take passage by steamer for America on Wednesday or Thursday.

The Dutch Air Line has put a plane at the Americans' service, and the three fliers wish to accept the offer if it is possible to arrange their crowded schedule. The big orange colored plane Friendship remains at Southampton where it will be crated and shipped back to the United States.

The three aviators continued to be buried under an avalanche of letters, invitations and are besieged by callers. The strain of unaccustomed fame seemed to be showing a little on Miss Earhart tonight. She appeared somewhat nervous and wanted to get away from the London crowds, to fly to Moth plane at Croydon. She also expressed the wish to ride horseback in famous "Rotten Row" of Hyde park but for the moment engagements prevented her from doing either.

Miss Earhart cannot leave her hotel without being nearly rushed off her feet by admiring crowds, mostly women and girls, although there are usually numerous men in the throng.

The crowd blocked the sidewalk this morning when the American girl, in a borrowed dress, instead of flying kit, emerged to make calls and go shopping. A postman brought a big bundle of mail for her every hour today. (Continued on page 7.)

## 2 MEET DEATH AS SHOTS FLY IN PARLIAMENT

### Radical Jugo Slav Deputy Fires Across Chamber at His Opponent

## NEW MINISTRY PROBABLE

### Resignations Follow Gun Play on Floor of National Assembly at Belgrade; Excitement Intense

BELGRADE, Jugo Slavia, June 20.—(AP)—The democratic members of the Jugo-Slavia cabinet resigned this evening. It was indicated that their colleagues would follow suit a new ministry would be formed with Raditch as a member, should he recover from the wounds he suffered today when a radical deputy emptied a revolver in the assembly at a group of opposition members.

BELGRADE, Jugo Slavia, June 20.—(AP)—Infuriated by frequent interruption and the refusal of the opposition to withdraw insulting words, Punicia Raditch, radical deputy, drew a revolver during a session of the national assembly today and fired all six rounds into the group of opposition members. Paul Raditch, nephew of Stefan Raditch, the peasant leader, was killed; Stefan Raditch himself was seriously wounded. The Croat deputy Dr. Basaritchek was so gravely wounded that he is reported to have died on his way to the hospital. Dr. Pernar, and two other deputies, Grandja and Jelastich also received bullet wounds of a dangerous nature.

Fightings Also Seen

This was the culmination of fierce controversies and hand to hand fights which recently have taken place in the Yugoslav parliament. The crime is considered the most terrible since the memorable assassination of King Alexander and Queen Draga 25 years ago this month. It has thrown the whole of Yugoslavia in a ferment of excitement.

## WIDOW CHARGED WITH MURDER

### FORMAL COMPLAINTS SWORN OUT IN L. A. CASE

LOS ANGELES, June 20.—(AP)—Formal complaints charging murder were issued today against Mrs. Hazel Garland Glab, 39 year old thrice married widow, and her 17 year old niece, Ethel O. Kaser. The two women had been held since late Monday night in connection with the murder that evening of John I. Glab, wealthy retired Chicago druggist and bootlegger who married Mrs. Glab five months ago.

Both Mrs. Glab and her niece will be arraigned on the murder charges at 10 o'clock tomorrow morning.

At first it was planned to arraign the women at once and they were taken into court for that purpose with their attorneys. But at the last moment the plans were changed and the arraignment delayed.

At an inquest earlier today, at which Mrs. Glab testified, the coroner's jury brought in a verdict that Glab came to his death by a bullet wound at the hand of person or persons unknown.

While being questioned at the inquest Mrs. Glab denied that Glab had talked of divorcing her. The police theory has been that a fear that Glab's plan to go to Nevada might be in connection with divorce proceedings might have provided the motive in the slaying.

For five minutes, Mrs. Glab, accompanied by deputy sheriffs, today stood at the side of her husband's body. She gazed at his face without show of emotion, according to the officers. Then, the officers said, she turned to them and asked: "Have they found what size of bullet killed him yet?"

In addition to the young widow of the slain man and her niece held on murder charges the officers are holding as a material witness (Continued on page 6.)

## BLAST SHAKES BIG CITY

### Powder Plant Blows Up Near Allentown, Pennsylvania

ALLENTOWN, Pa., June 21.—(AP)—A few minutes after midnight the whole city was rocked by a terrific explosion at the Trojan Powder plant north of this city.

Early reports were that four dryer buildings, each 20 by 30 feet, were demolished and burst into flames.

It was said at the plant that no one had been hurt. Only four watchmen are employed at night.

## CHICAGO COURTS BARE BIG STEAL

### SUM OF MILLION AND HALF ORDERED PAID BACK

### Mayor Thompson and Six Colleagues Found to Have Muddled City Treasury

CHICAGO, June 20.—(AP)—More than \$1,500,000 in "experts' fees" much of which was found to have been diverted into the campaign coffers of Mayor William Hale Thompson, was ordered repaid to the city treasury today by a decision of Judge Hugo Friend in circuit court.

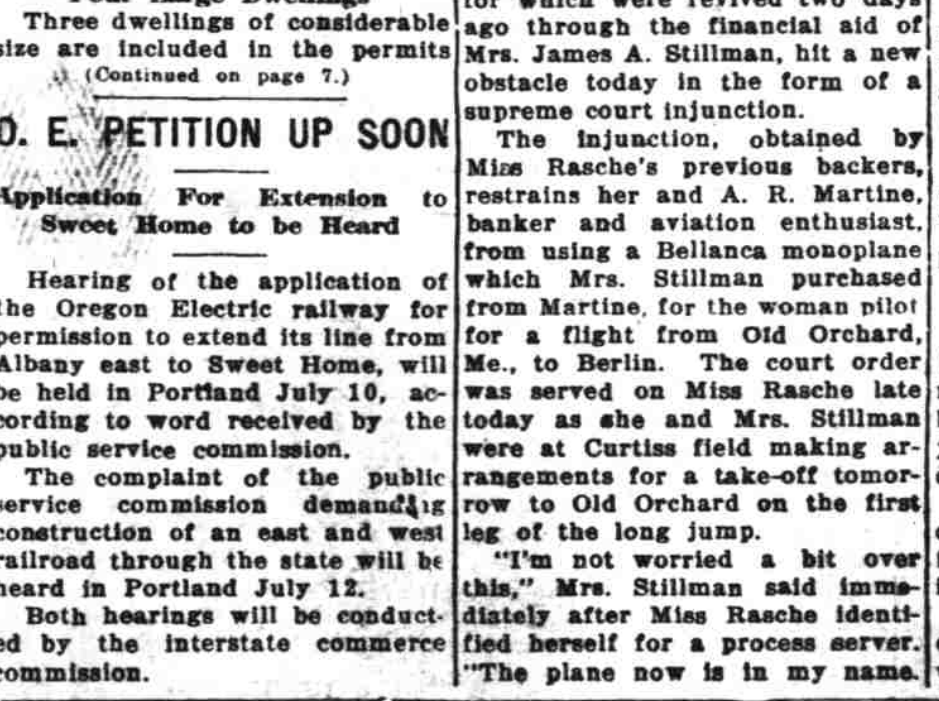

Holding Thompson and six political associates and real estate men accountable for the illegal payments, made during the Thompson regime in 1920 and 1921, Judge Friend rebuked the defendants for entering the conspiracy which he found was formed for the distinct purpose of "financing the political activities of the Thompson organization and for the private benefit of the members of the conspiracy."

The court directed Mayor Thompson; Michael J. Faherty president of the board of local improvements; George F. Harding, then city controller, and now county treasurer; Percival B. Coffin, public administrator, and three real estate men to make restitution of \$1,732,278, less \$133,812 already remitted by two other defendants who were discharged.

The Chicago Tribune instituted the suit in 1921, seeking as a taxpayer to recover money which it charged was diverted into Thompson funds at a time when an important campaign required financing. It was alleged that real estate men were hired on the municipal (Continued on page 2.)

### Mayor Thompson and Six Colleagues Found to Have Muddled City Treasury

CHICAGO, June 20.—(AP)—More than \$1,500,000 in "experts' fees" much of which was found to have been diverted into the campaign coffers of Mayor William Hale Thompson, was ordered repaid to the city treasury today by a decision of Judge Hugo Friend in circuit court.

Holding Thompson and six political associates and real estate men accountable for the illegal payments, made during the Thompson regime in 1920 and 1921, Judge Friend rebuked the defendants for entering the conspiracy which he found was formed for the distinct purpose of "financing the political activities of the Thompson organization and for the private benefit
