 derworld leaders in the Chinatown of New York. Bills plays the role of one of the leaders while other stars lend splendid assistance to the story.
 The Monday matinee at the Elsinore will feature the picture "Sally from Hollywood." This gives an intimate insight into backstage life and its people. The picture stars Bessie Love and gives her an excellent opportunity to use her marked talents as a dancer. She is surrounded by a notable cast.
 In addition to the picture Monday afternoon there will be the usual Fanchon and Marco Idea with something unusual. Sally Rand will appear in person in the idea "Sally from Hollywood." She will

be assisted by Harvey Karel and twelve male dancers. At every show the patrons are bound to see one of the best performances of the season.
 The admission to this unusual matinee calls for the presentation at the box office of the proper coupon, a sales slip for one dollar and fifteen cents.
 The Family show will be held at the Oregon Monday evening as usual with the Singer Stock company presenting "Musical Bits." The picture will feature Johnny Hines in "Chinatown Charlie." To make Chinatown scenes realistic in his latest First National Picture, "Chinatown Charlie," which comes to the Oregon theater Sunday, Monday, Tuesday, Johnny Hines secured the services of Anna May Wong, George Kuwa and Sojin, famous oriental

film stars. Pretty Louise Lorraine plays the leading feminine role.
 The admission to the family show Monday evening at the Oregon requires the presentation at the box office of a sales slip for one dollar from some advertiser in this Green section, the proper coupon and fifty cents. When this has been complied with the entire family will be admitted.

**GREEN SECTION IS
SERVICE TO SALEM**

 reasonable cost. The continued patronage of merchants using this section will confirm this statement. People living in this district are favorable to the Green section because they have the market ads and ads from Salem merchants laid before them each week at one time and they can plan their buying and shopping from this section.
 Although the margin of profit from this section is small The Statesman is well pleased with the section and will continue it with slight changes and improvements. The volume of advertising carried is gratifying and the paper feels that it is giving a real service to the people of this district as well as to the merchants of Salem.

Banana War Rages Anew

After several weeks of quiet market, the banana war among

Salem food merchants broke out again this week with renewed force and it looks, judging from prices displayed in down town windows, as though the merchant were paying the consumer to carry the fruit away.
 The lowest quotation noted late yesterday was seven pounds of fruit for 25 cents. This is the lowest figure on bananas this year. As a rule, it is an extra "special" when four pounds of bananas may be bought for 25 cents.
