**SEN. ROBINSON TALKED**

Al Smith Faction Reported to Favor Arkansas Senator

By W. B. RAGSDALE

Associated Press Staff Writer

HOUSTON, Texas, June 25.—(AP).—Shifting winds of convention speculation today swept new names into the vic presidential race and gave added impetus to the boom of Senator Robinson of Arkansas.

Incoming delegations pumped wind into the sails of new candidates whose names they attached to the already lengthy list of entries, but in the confusion there were accidents and some of the names were scratched.

Out of the almost sanctimonious quiet of the Smith headquarters there came the intimation that Senator Robinson's name was favorably regarded by some of the leaders of that group and that farm belt delegates had looked coolly upon the boom that had moved the name of Evans Woolen of Indiana into a place among those at the head of the list.

**Another Teacher Resigns**

Miss Ruth Griffith, teacher in English at the senior high school last year and a daughter of Dr. and Mrs. L. F. Griffith of this city, has resigned her post on the local faculty and plans to teach at a private school in Honolulu the coming year.

**SECOND AIR CIRCUS DRAWS GOOD CROWD**

Novelty Stunts and Races Add to Success of Silverton Legions Event

SILVERTON, June 25.—(Special).—The second annual air circus, staged Sunday afternoon by the Silverton post of the American Legion was a huge success, with some 10,000 people coming to watch about 20 airplanes maneuver. The event was opened Saturday afternoon, with the Portland-Silverton, via Salem, air derby in which nearly a dozen aircraft took part.

The Waco 10, of the fleet of the Pacific Airplane service of that city, won for Salem the loving cup for the nearest appearing plane to participate in the events. Lee Eyerly, piloted the winning Waco, and is manager of the Pacific service.

Flyers and stunt men were here in large numbers, adding much to the enjoyment of the event. Included in these were Johnny Walker, of Portland, whose wing walking brought rounds of applause and who sat on the machine's wing while it was piloted into some good loops; parachute jumps by Fred Stump of Beaverton and John Lockwood of Portland. West also won the favor of the crowd when he waved the stars and stripes from the top wing of a plane as it sped down the runway.

Spins, rolls, loops and an Immelman turn were all parts of the stunt contest in which Tex Rankin of Portland and Walter E. Case each scored 109 points, with a maximum of 120 to be made. Louis Goldsmith, flying an American Eagle, and Charles Langmack of Eugene, piloting a Waco, were third and fourth, respectively in the stunting pointage.

Nine ships entered the loop contest, in which Floyd Keadle, with an Eagle Rock, piloted off first honors. Walter E. Case was second with the loops; Basil Russell, also in an Eagle Rock, was third, and Tex Rankin and his Monocoupe placed fourth.
