LEVIATHAN ROBBERS GET HALF MILLION

Investigation Points to Commission of Crime in United States

SOUTHAMPTON, England, June 25.—(AP).—A loss from the masts of negotiable paper and money amounting perhaps to \$1,000,000 was revealed here when the United States navy arrested a leviathan arctic whaler.

Cedar Island lodge Saturday. The chief executive had intimated that he would dispose of them over the week end. Since no engagements have been made for Mr. Coolidge at his offices and since it has been found perfectly feasible to have him attend to business at his residence on the Brule, it was considered likely that Mr. Coolidge would not come into Superior regularly this summer, but would stay mostly at the lodge.

WHEATLAND FERRY USED BY TOURISTS

License Plates Show Many States Employ Old River Boat for Passage

WHEATLAND, June 25.—(Special).—The old Wheatland ferry at this place on the Willamette river is not only dear to the heart of old timers because of its historic associations—but it is in constant demand day and night to take people across the river into Yamhill county, according to G. H. Fowler the ferryman.

"Yes," said Mr. Fowler, "dozens of automobiles go over here both day and night. I run this ferry for Clyde La Follette. It takes me five minutes to go across. We have 650 feet of cable connected with the ferry." Further inquiry elicited the fact that this was at one time the greatest wheat shipping point in western Oregon.

Judging from the numerous cars from different states that made use of the ferry during the afternoon the principal crop being transported over the beautiful Willamette seemed to be the tourist crop.

Beneath the great balm trees dozens of picnic parties could be seen, while boatmen on the river and bathers in the river added a festive touch to the scene.

All of which caused an onlooker to remark:

"When Oregon's beauty spots are advertised like those of the neighboring states not only will the sum total of human happiness be increased, but the tide of gold will flow into Oregon from these tourists."

CALIFORNIANS PICNIC MEDFORD, June 25.—(AP).—Eighty members of the California Press association, headed by former Governor friend W. Richardson, left here this afternoon by automobile for Crater Lake after a luncheon given by the Medford chamber of commerce. They came here by automobile from Ashland, where they left their special cars.

SHANGHAI, June 25.—(AP).—The nationalist news agency reports that the national government has decided to demand that Chang Hsueh-liang, new overlord of Manchuria, accept nationalist suzerainty, otherwise the nationalist plan a military attack on Manchuria.

LOS ANGELES COPS SEEK MYSTERY MAN

Name Withheld of Person Searched for in Connection With Murder

LOS ANGELES, June 25.—(AP).—Four alleged hangers of a man suspected of shooting John I. Glab, retired druggist, were placed under police guard Saturday in the latest move to solve the mystery killing at Van Nuys last Monday night. The man's name was withheld.

Two of the hangers, police said, were homes of a reputed illicit liquor trafficker in Beverly Hills, film residential district while the other two were hotels.

Meanwhile another arrest was announced, Earl Parker, said to have been a sweetheart some years ago of Mrs. Marian Harris, arrested as a material witness in the case, was taken into custody and ordered held as another ma-

terial witness. Mrs. Harris' arrest occurred Friday night. She was an intimate friend of Mrs. Hazel Glab, who, with her niece, Miss Ethyl Kaser, of Oklahoma City, Okla., are charged with Glab's murder.

In Parker's home police reported they found a .32-20 calibre revolver, the size of the weapon from which experts said the fatal shot was fired.

W. R. McIntyre, former policeman, who had been held for several days was released Saturday. He too, was arrested because of his former friendship with Mrs. Glab, led officers to believe he would be needed as a material witness in the case.

Investigation of lavish expenditures in recent months for new homes and fine automobiles by six persons whose names came to light in investigation of the murder formed one of today's principal items of the mystery probe. Officers declined to name the sextet.

The investigating committee should hark back to boyhood days and recall that no hand-wagon is impressive without it is trimmed in gold.—Atlanta Constitution.
